COURSE SYLLABUS: **Spring 2022**

## **INSTRUCTOR INFORMATION**

**Instructor:** Dr. Scott M. Sewell, Senior Lecturer

**Office Location:** BA 314E

**Office Hours:** By Appointment

**MKT Office Phone:** 903-886-5692

**Office Fax:** 903-86-5693

**University Email Address:** [Scott.Sewell@tamuc.edu](mailto:Scott.Sewell@tamuc.edu)

**Preferred Form of Communication and Communication Response Time:**

For personal concerns or questions, email is the best way to contact me. I generally check my email each day and you can expect a response within 24 hours (except for weekends). My replies will be sent to your MyLeo email address. **ALL EMAILS MUST BE**

**PREFACED WITH THE COURSE AND SECTION NUMBER FOLLOWED BY THE SUBJECT (EXAMPLE: MKT 306.01E: Exam 2).**

Always check your home page for Announcements when you login. **I expect that students will check their email daily and log in at least 3 times per week...daily is recommended.** If you don't respond to emails or login over a prolonged period (5 days) then I will assume you intend to drop the course.

**Welcome** to MKT **306.01 B (Marketing) Spring 2022**. First, I want to say I am excited to be getting ready to be back at school. I realize that the world is definitely a different place than it was a year ago, but we won't allow that to affect your learning experience.

This course is scheduled to meet in the McDowell Administration Building in Rm 346 from January 12, 2022 – May 13, 2022 on Tuesdays and Thursdays from 11:00 am – 12:15 pm. Since this course has the B section designation (MKT 306.01 B), this allows us additional flexibility in scheduling class material. There will be times throughout the semester when we will not meet on campus but will have out of class assignments

I will also be combining several online sections with this live section so in-class sections will be recorded. For those required to attend face-to-face (due to international, academic, athletic, etc. requirements), in class attendance will be expected and checked.

**“Students should not attend class when ill or after exposure to anyone with a communicable illness. Communicate such instances directly with your**

**instructor. Faculty will work to support the student getting access to missed content or completing missed assignments.”**

At this point, I expect a normal week will include some combination of live lecture, pre-recorded lectures, and/or an outside of class activity or assignment.

Thanks,  
Dr. Scott Sewell

## **COURSE INFORMATION**

### **Materials – Textbooks, Readings, Supplementary Readings**

All sections of MKT 306 are Inclusive Access. This means that the eBook and homework package are already incorporated into the course website and will be billed along with your course tuition. You will access the homework directly from the D2L course website. The price for the book and homework is around **\$93**, which is substantially less than the cost of the homework access code from other sources, and saves over \$100 than the previous cost of the package before IA.

You may opt out of the inclusive access but your cost will likely be higher than the savings provided by Inclusive Access. **ISBN 978-12605825805 (Connect + ebook text)** If you want a paper copy (loose leaf) of the textbook in addition to the eBook, you can obtain it for an additional fee (around \$25) through the campus bookstore.

### **Course Description**

This course is an introduction to the concepts, principles, problems and applications of marketing. We will emphasize all functional areas and institutions of marketing including target marketing and positioning of products and organizations, consumer and organizational markets, product management, pricing, channels of distribution, marketing ethics, promotions, services and international marketing.

## Student Learning Outcomes

This course aims to improve student understanding of concepts, principles, problems and applications of marketing. After completing this course, students should be able to:

1. SLO 1: Students will demonstrate an understanding of essential marketing terminology and concepts, including the marketing concept, market analysis and planning and the marketing mix.
2. SLO 2: Students will apply essential marketing terminology and concepts to a personal branding assignment.
3. SLO 3: Students will apply the market planning process to develop a strategic marketing plan.
4. SLO 4: Students will work cooperatively on a team project.
5. SLO 5: Describe the use of four key marketing analytics: Return on marketing investment (ROMI), revenue analysis, market share analysis, and profitability analysis.

## COURSE REQUIREMENTS

### Instructional Methods

The course is organized with weekly assignments. Exams and discussion will be grouped in three modules: CH 1-5; CH 6-10; and CH 11-16.

## GRADING

Final grades in this course will be based on the following scale:

A = 90%-100%

**B = 80%-89%**

**C = 70%-79%**

**D = 60%-69%**

**F = 59% or Below**

<b>Weights for Assessment</b>	
Core Concept Quiz	5%
3 Exams	30%
LearnSmart and Connect	20%
Personal Branding Assignment + Other Out of Class Assignments	20%
Team Marketing Plan	25%

**Assessments** This course is made up of a series of assignments and assessments to assist you in achieving the course and module learning objectives/outcomes. Each week you will work on various combinations of assignments, activities, readings, research, etc. which will be made available to you by each Monday and close on the date given in your course schedule.

**Exams & Quiz: (35% of total course grade) (SLO 1)**

**Closed book exams** will cover the required textbook reading and the content of the online lectures. Complete the exams online by accessing the D2L quiz tool. The exams will be timed and grades made available to students following the submission of the exam. If you lose Internet connectivity during the exam, log back in immediately and continue with the exam. **Save your answers often (every 5-10 minutes)**. If you experience any issues while taking the exam, you must contact the Helpdesk immediately so that your issue is documented with a helpdesk ticket number. Considerations regarding exam issues will be made by the instructor on an individual basis based on the documentation.

3 Chapter Exams (30% of total course grade) (SLO 1) consist of **50** questions, mainly multiple-choice with some fill in the blanks, with **60** minutes allowed to complete each exam. You will only see one question at a time and you must answer it before proceeding to the next question. There is no going backward so once an answer is selected it cannot be changed. This does require good knowledge of the material and time management. Exams are closed book and individual. That means using your book or notes, or working with another student is considered cheating and is grounds for an F in the course. Grading is objective, based on terms, concepts and examples in the textbook.

Core Concept Quiz: (5% of total class grade) (SLO 5) consists of multiple-choice questions over key terms that will be covered in the textbook. I will give you a list of specific terms to study about 2 weeks before the quiz.

This course employs Proctorio, a proctoring service to ensure exam security. Proctorio relies upon an algorithm to flag suspicious behavior. Your instructor can review recorded testing sessions to determine if cheating has taken place. An exam should be a measure of a student's learning. Academic dishonesty diminishes a student's learning, and also devalues the learning of other students. It is unacceptable in an academic community. Proctorio software may be used during one or more exams. If you do not have a camera on your computer, the instructor will send you a link to purchase an external camera for approximately \$10, which must be ordered in advance of the exams.

### **Connect Homework Assignments (10% of total course grade)**

I'll assign interactive exercises for each chapter in the textbook. You will log into assignments through D2L under the section for Interactive. You will be allowed 2 attempts at the assignment, which must be completed before a deadline. Grades for the 16 assignments are worth 10% of your grade. I strongly recommend that you read the chapter first, and then review the PowerPoint presentation before you attempt the assignment. Time management and meeting deadlines are important in the business world. Homework deadlines are not negotiable, so plan to set up reminders to avoid a zero.

### **SmartBook Adaptive Learning System (10% of total course grade)**

For every chapter in the textbook, you are required to spend a minimum of 30 minutes using SmartBook, formerly known as LearnSmart. These practice questions will give you immediate feedback on what you have learned from reading and lectures, and will also strengthen memory recall, improve course retention and boost grades. If you spend less than 30 minutes answering questions for a chapter, or if you only answer a very few questions in the time allotted, your points will be reduced.

**Assessment Method:** Both Connect and SmartBook will be objective-formatted questions. Your points are weighted to equal 20% of your final grade.

### **Assignments (45% of total course grade)**

An important part of this course is applying what you have learned to real examples. You will apply marketing concepts to yourselves to create a marketing plan that describes your target market for future employment, likely competition, major selling points, and a marketing mix to market your personal brand (including a resume). The **Personal Branding assignment** is worth **10% of your grade with additional Out of Class Assignments worth 10% of your final grade. SLO 2**

The **team project, worth 25%**, will begin mid-semester after you have completed the individual branding assignment. I will assign teams of 4 or 5 students; your team will choose a brand from the assignment list and research the current competitive situation and marketing efforts of your brand. Based on what you have learned, the team will then expand the product or service to a new market segment, or create a new variation of the product or service to develop objectives and a new marketing mix. The plan must be written sequentially so that the marketing mix fits the objectives and situation. One member will submit the group paper (in its entirety) to the Dropbox with all names alphabetically. **5% of your team project grade will be a team member evaluation** of yourself and your other team members participation and quality of work on the project.

**Assessment Method:** Papers will be graded on the comprehensiveness of the assignment (i.e. covering every element in the assignment), quality of research (using appropriate sources, objective sources), thoroughness of research (quantity of sources), quality of writing, incorporation of marketing terms and concepts in the paper, and originality of your recommendation. See the rubric at the end of the syllabus for specific grading criteria. **SLO 3 and SLO 4**
