Student Learning Outcomes

The Learner Will:

1. Demonstrate their understanding of instructional planning and delivery by providing standards-based, data-driven, differentiated instruction that engages students, makes appropriate use of technology, and makes learning relevant for today's learners.
2. Work to ensure high levels of learning, social-emotional development, and achievement outcomes for all students, taking into consideration each student's educational and developmental backgrounds and focusing on each student's needs.
3. Exhibit a comprehensive understanding of their content, discipline, and related pedagogy as demonstrated through the quality of the design and execution of lessons and their ability to match objectives and activities to relevant state standards.
4. Interact with students in a respectful way at all times, maintaining a physically and emotionally safe, supportive learning environment that is characterized by efficient and effective routines, clear expectations for student behavior, and organization that maximizes student learning.
5. Use formal and informal methods to assess student growth aligned to instructional goals and course objectives and regularly review and analyze multiple sources of data to measure student progress and adjust instructional strategies and content delivery as needed.
6. Consistently hold oneself to a high standard for individual development, pursue leadership opportunities, collaborate with other educational professionals, communicate regularly with stakeholders, maintain professional relationships, comply with all campus, and school district policies, and conduct oneself ethically and with integrity.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Students will need to use: Tk20 online system for Certification, using Microsoft Word, Google Classroom, PowerPoint, or other presentation software, programs used by the public-school partners, GoReact and virtual meeting platforms such as Zoom.

The syllabus/schedule are subject to change.

Instructional Methods

This course consists of a series of activities with seminar, experiences/observations/instructions in the field, and assessments to assist you in achieving the outcomes/objectives for the course and instructional units. The student will consistently work on various combinations of assignments, activities, field experiences/observations, discussions, readings, research, etc. Clinical teachers will participate in using the co-teaching models with their mentor teacher.

The clinical teacher's responsibilities include:

1. demonstrate a rich knowledge base of pedagogy, technology, and effective instructional and management strategies.
2. demonstrate a rich knowledge of teaching and learning to provide relevant and meaningful learning experiences for students.
3. demonstrate an understanding, sensitivity, and the ability to respond appropriately to diverse groups of learners.
4. demonstrate a rich knowledge of curriculum, content, objectives, and essential elements.
5. demonstrate the ability to plan instruction for individuals, small groups, and large groups.
6. demonstrate the ability to teach and manage individuals, small groups, and large groups using relevant and meaningful learning experiences for students.
7. demonstrate the ability to reflect and assess planning, teaching, and learning using technological and other resources.
8. demonstrate knowledge and use of effective assessment and evaluation strategies to promote student learning.
9. demonstrate knowledge in the use of the technology to enhance instruction and classroom management.
10. demonstrate the ability to observe, reflect, assimilate, and incorporate effective teaching, learning and management strategies.
11. demonstrate sensitivity and effective interpersonal communication skills orally and in writing with other professionals and students.
12. display the highest standards of professionalism, professional growth, and a commitment to improve the learning environment and the teaching profession.
13. exhibit a commitment to teaching, learning, and excellence in the profession.
14. assume other responsibilities based upon ILT recommendations.
15. enhance instructional environment for public school students.

Student Responsibilities or Tips for Success in the Course

1. Attendance—**on time**-- at **all** scheduled seminars, campus assigned days, and school/university meetings. Clinical teachers must be on time to seminar and on their assigned campus. ALL absences are expected to be made up.
2. Professionalism at the highest level to be demonstrated at all school and seminar activities. An educator demonstrates his/her professionalism in ways such as being on time, participating in and contributing to class activities, showing respect to all in seminar, accepting responsibility, and showing pride in one's work; demonstrate Net Etiquette.
3. Prepared for all campus assignments, university assignments and university seminars.
4. Written assignments will be typed and corrected for grammar, spelling and punctuation
5. All assignments will be in a format that is easy to read, attractive, and turned into your field supervisor on time.
6. Assignments will be completed on your time not in the field.
7. Register for the required TEXES Exams in a timely manner.

The syllabus/schedule are subject to change.

8. Certification – all students should meet with their advisor to be sure all requirements are met.
9. Check Degree Works for accuracy

In terms of EC-6 certification, the purpose of the second (clinical teaching) semester of the field-based program is twofold:

- (1) to demonstrate knowledge about content, pedagogy, technology, classroom management, assessment and evaluation, and the teaching and learning process; and
- (2) to demonstrate the ability to work with and manage students, plan lessons, and teach students using relevant and meaningful learning experiences in a professional manner.

GRADING

Final grades in this course will be based on the following scale:

- A = 90%-100%
- B = 80%-89%
- C = 70%-79%

The syllabus/schedule are subject to change.

D = 60%-69%

F = 59% or Below

Final Grading

Grades will reflect a combination of seminar and field work determined by the Instructional Leadership Team (ILT) and seminar instructors

The following holistic scoring will be utilized:

A= Commendable. Well above average in initiative, thought, organization, reflection, and implementing professional choices. Evidence extensive control of own decision-making and learning progresses. Monitors, adjusts, and manages independently. Excellent attitude, attendance, participation, and completion of assignments completed by due date

B = Developing. Functional--but in need of instruction--in initiative, thought, organization, reflection, and implementing professional choices. Evidences some control of own decision-making and learning processes. Monitors, adjusts, and manages--but requires intervention. Good attitude, attendance, participation, and completion of assignments completed by due date

C/D = Needs Improvement. Significant lack of initiative, thought, organization, reflection, and responsibility. Evidences little to no control of own decision-making and learning processes. Does not adequately monitor, adjust, and manage even with significant intervention. Poor attitude, attendance, participation and completion of assignments completed by due date.

Final assessed grade will then be translated into courses for clinical teaching:

ELED 447 – Teacher Inquiry Projects and Assessment in Field-Based Settings

ELED 452 – Student Teaching in Field-Based Teacher Education Program

SPED 480 – Issues for Inclusion

Grading (Determined by criteria shared below)

1. Professional growth as demonstrated by:
 - a. Professional on-going growth – per discussions with ILT
 - b. Anecdotal records kept by the cooperating teacher teachers, university field supervisors and seminar instructors
 - c. Lesson Evaluations by cooperating teacher teachers (2 each) and university field supervisor (3- total)
 - d. Professionalism (major component) (self-reflection) (use of rubric)
2. Written assignments
3. Attendance at school and university seminars (Mandatory every scheduled day)
4. Midterm and final conferences (assessments with each)
5. All paperwork submitted in Tk20 in a timely manner
6. Timely registration for certification exams

This includes completing all course requirements with a grade of a "C" or better in SPED 480 and ELED 447. The resident must also successfully complete the requirements with a "C" or better for ELED 452 Student Teaching, have satisfactory ILT summative evaluations, and be

recommended for certification by the Instructional Leadership Team to be awarded credit for the above course requirements.

*The above will be translated into the assigned coursework: ELED 447, ELED 452 and SPED 480

*A GPA of 2.75 must be maintained in the clinical teaching component for successful completion.

Professional Practices and Responsibilities

Professional Criteria	Highly Professional (6)	Professional (4)	Needs Improvement (2)	Unprofessional (0)
Attendance	Always arrives on time and stays for the entire seminar meeting; always on time and stays per required hours in the field setting.	Late, left early or absent to seminar/field assignment once or twice; contacted field supervisor, cooperating teacher, ISD; provided written excuse; made up absence promptly.	Late, left early, or absent to seminar/field assignment more than twice; did not contact field supervisor, cooperating teacher, ISD; did not provide any written excuse; absence made up in an unacceptable time frame. TEA TEACHER PREPARATION STANDARDS

The syllabus/schedule are subject to change.

Standard 1--Instructional Planning and Delivery. Teachers demonstrate their understanding of instructional planning and delivery by providing standards-based, data-driven, differentiated instruction that engages students, makes appropriate use of technology, and makes learning relevant for today's learners.

A-Teachers design clear, well organized, sequential lessons that build on students' prior knowledge.

i-Teachers develop lessons that build coherently toward objectives based on course content, curriculum scope and sequence, and expected student outcomes.

ii-Teachers effectively communicate goals, expectations, and objectives to help all students reach high levels of achievement.

iii-Teachers connect students' prior understanding and real-world experiences to new content and contexts, maximizing learning opportunities.

B-Teachers design developmentally appropriate, standards-driven lessons that reflect evidence-based best practices.

i-Teachers plan instruction that is developmentally appropriate, is standards driven, and motivates students to learn.

ii-Teachers use a range of instructional strategies, appropriate to the content area, to make subject matter accessible to all students.

iii-Teachers use and adapt resources, technologies, and standards-aligned instructional materials to promote student success in meeting learning goals.

C-Teachers design lessons to meet the needs of diverse learners, adapting methods when appropriate.

i-Teachers differentiate instruction, aligning methods and techniques to diverse student needs, including acceleration, remediation, and implementation of individual education plans.

ii-Teachers plan student groupings, including pairings and individualized and small-group instruction, to facilitate student learning.

iii-Teachers integrate the use of oral, written, graphic, kinesthetic, and/or tactile methods to teach key concepts.

D-Teachers communicate clearly and accurately and engage students in a manner that encourages students' persistence and best efforts.

i-Teachers ensure that the learning environment features a high degree of student engagement by facilitating discussion and student-centered activities as well as leading direct instruction.

ii-Teachers validate each student's comments and questions, utilizing them to advance learning for all students.

iii-Teachers encourage all students to overcome obstacles and remain persistent in the face of challenges, providing them with support in achieving their goals.

E-Teachers promote complex, higher-order thinking, leading class discussions and activities that provide opportunities for deeper learning.

i-Teachers set high expectations and create challenging learning experiences for students, encouraging them to apply disciplinary and cross-disciplinary knowledge to real-world problems.

The syllabus/schedule are subject to change.

- ii-Teachers provide opportunities for students to engage in individual and collaborative critical thinking and problem solving.
 - iii-Teachers incorporate technology that allows students to interact with the curriculum in more significant and effective ways, helping them reach proficiency.
- F-Teachers consistently check for understanding, give immediate feedback, and make lesson adjustments, as necessary.
- i-Teachers monitor and assess student progress to ensure that their lessons meet students' needs.
 - ii-Teachers provide immediate feedback to students in order to reinforce their learning and ensure that they understand key concepts.
 - iii-Teachers adjust content delivery in response to student progress through the use of developmentally appropriate strategies that maximize student engagement.

Standard 2--Knowledge of Students and Student Learning. Teachers work to ensure high levels of learning, social-emotional development, and achievement outcomes for all students, taking into consideration each student's educational and developmental backgrounds and focusing on each student's needs

A-Teachers demonstrate the belief that all students have the potential to achieve at high levels and support all students in their pursuit of social-emotional learning and academic success.

- i-Teachers purposefully utilize learners' individual strengths as a basis for academic and social-emotional growth.
- ii-Teachers create a community of learners in an inclusive environment that views differences in learning and background as educational assets.
- iii-Teachers accept responsibility for the growth of all of their students, persisting in their efforts to ensure high levels of growth on the part of each learner.

B-Teachers acquire, analyze, and use background information (familial, cultural, educational, linguistic, and developmental characteristics) to engage students in learning.

- i-Teachers connect learning, content, and expectations to students' prior knowledge, life experiences, and interests in meaningful contexts.
- ii-Teachers understand the unique qualities of students with exceptional needs, including disabilities and giftedness, and know how to effectively address these needs through instructional strategies and resources.
- iii-Teachers understand the role of language and culture in learning and know how to modify their practices to support language acquisition so that language is comprehensible, and instruction is fully accessible.

C-Teachers facilitate each student's learning by employing evidence-based practices and concepts related to learning and social-emotional development.

- i-Teachers understand how learning occurs and how learners develop, construct meaning, and acquire knowledge and skills.
- ii-Teachers identify readiness for learning and understand how development in one area may affect students' performance in other areas.
- iii-Teachers apply evidence-based strategies to address individual student learning needs and differences, adjust their instruction, and support the learning needs of each student.

The syllabus/schedule are subject to change.

Standard 3--Content Knowledge and Expertise. Teachers exhibit a comprehensive understanding of their content, discipline, and related pedagogy as demonstrated through the quality of the design and execution of lessons and their ability to match objectives and activities to relevant state standards.

A-Teachers understand the major concepts, key themes, multiple perspectives, assumptions, processes of inquiry, structure, and real-world applications of their grade-level and subject-area content.

i-Teachers have expertise in how their content vertically and horizontally aligns with the grade level/subject-area continuum, leading to an integrated curriculum across grade levels and content areas.

ii-Teachers identify gaps in students' knowledge of subject matter and communicate with their leaders and colleagues to ensure that these gaps are adequately addressed across grade levels and subject areas.

iii-Teachers keep current with developments, new content, new approaches, and changing methods of instructional delivery within their discipline.

B-Teachers design and execute quality lessons that are consistent with the concepts of their specific discipline, are aligned to state standards, and demonstrate their content expertise.
