

ENVS 1301 01B/02B

Introduction to Environmental Science

Courses Syllabus: Spring, 2022

Instructor: Dr. Lin Guo

Email: Lin.Guo@tamuc.edu

Phone: 903-886-5371

Classroom location: BA244

Office location: Science building 234

Office hours: 8-9, 11-12 am MW

Fax: 903-886-5997

Class: MWF 9-9:50 am or 10-10:50 am

Text Book: Recommend. Electronic Book: Kaufmann and Cleveland, 2015, Environmental Science.

Course Description: Survey course designed to cover major areas relating to contemporary ecological/environmental problems and to introduce the student to the multiple of roles of the environmental professional in addressing these problems.

Instructional Method: It is a **blended** course. Part of the classes will be in the classroom; part will be online. The main teaching methods include lecture, discussion, videos and project.

Learning Objectives: Upon completion of this course you should be able to:

1. Describe current environmental conditions;
2. Understand terminology commonly used in environmental science, such as environment; sustainable development;
3. Read and critically evaluate presented information and media reports;
4. Successfully work with a small team of students to design and conduct an environmental project.

Competency Student Learning Outcomes:

1. Critical Thinking: Students will be able to differentiate between fact and opinion; be able to discern between relevant and irrelevant information, recognize bias in source material, and critically examine a diversity of source material.
2. Communication: In written, oral, and/or visual communication, students will communicate in a manner appropriate to audience

and occasion, with an evident message and organizational structure.

3. Teamwork: Students will be able to work together toward a shared purpose relevant to the course or discipline with a sense of shared responsibility for meeting that purpose.
4. Empirical and Quantitative Skills: Students will be able understand and utilize mathematical functions and empirical principles and processes.

Paper writings, projects and exams will be given to support and assess the learning objectives and competency student learning outcomes.

Monthly Paper Writings:

In order to culture and assess your critical thinking and written communication ability, you need to read articles and submit brief reviews. The review should be typed (12 pt font, 1.5 line spacing) and include two full paragraphs. First, conclude the opinions of the article (about one half to one page). In the second paragraph (about one half to one page), please critique of the article with substantive or evidence-driven arguments for or against the opinions of the article. The articles will be assigned to you and topics will be related to sustainable development, global water shortage and global climate change. The reviews must be sent to the submission folder in D2L **before 5 pm on Jan 31, Feb 28 and Mar 31. Late homework will receive a zero!** Source of information must be referenced. **Any paper that is not properly referenced will receive a zero!**

Project:

In order to culture and assess your team work ability, students will form teams of 3-6 members, conceptualize, design, and perform a project targeting environmental sustainability and community environmental service (remember: think globally; act locally). Actual conduct of the project must exceed **8 hours**. The whole team will submit one well written and photo documented paper describing the project, the project goals, the duties of each member, the time spent (including a documented work schedule), the achievements, and the lessons learned. The team members will be required to evaluate each other's contribution to the team effort (blind evaluation) to determine 33% of each member's assignment grade. The photo documentation should include images showing that you participated in the project. The paper should be a minimum of 5 written pages excluding the title page and excluding the photo documentation page(s). Use 12 pt font, 1.5 line spacing. Number your pages. **The paper must be sent to submission folder in D2L on or before 5 pm on Apr 30. Plagiarized papers will receive a zero score! Late homework will receive a zero! You must find team members by yourself. If your team contains less than 3 or more than 6 members, you can not receive the teamwork grade (33%).**

Exam:

There will be a total of 3 exams for the course. Exams will be designed to evaluate the student's understanding of the subjects covered in class and empirical and quantitative skills. Specific topic on Human Population will be included in the final exam as an assessment of Empirical and Quantitative Skills. Study guide will be given to help you prepare for exams.

Grades:	3 tests	300 points	A \geq 90%
	Articles writing	100 points	B \geq 80%
	Projects	100 points	C \geq 70%
	Total	500 points	D \geq 60%

Opportunities (e.g. answer/discuss critical thinking problems) will be offered to earn extra grades.

Topics and schedule: The following topics will be included in class. The schedule is approximate and subject to change.

Jan 12-21 Environmental Overview;	Feb 28 -Mar 11 Air;
Jan 24-28 Ecology;	Mar 21-25 Water; Exam 2
Jan 31-4 Biomes;	Mar 28- Apr 8 Solid Waste;
Feb 7-11 Biodiversity; Exam 1	Apr 11-22 Food Agriculture;
Feb 14-18 Biological communities;	Apr 25-May 2 Pest Control;
Feb 21-25 Population;	May 9-May 13 Exam 3;

Absence

Students are required to attend all sections and sign the rosters every class. **Be late for class and/or leaving early will be treated as absences. Official documents** (e.g. doctor's letter) must be presented if you ask for a leave from class or it will be treated as an absence.

Cell phone:

Cell phone must be turned off or in silent mode.

University Procedures:**Students with Disabilities:**

The Americans with Disabilities Act (ADA) prohibits discrimination against people with disabilities in employment, transportation, public accommodation, communications, and governmental activities.

If you have a disability requiring an accommodation, please contact:

Office of Student Disability Resources and Services, Texas A&M University-Commerce

Gee Library- Room 132

Phone (903) 886-5150 or (903) 886-5835 Fax (903) 468-8148 Email: Rebecca.Tuerk@tamuc.edu

TAMUC Attendance:

For more information about the attendance policy please visit the Attendance webpage and Procedure

13.99.99.R0.01. <http://www.tamuc.edu/admissions/registrar/generalInformation/attendance.aspx>

<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/academic/13.99.99.R0.01.pdf>

Academic Integrity:

Students at Texas A&M University-Commerce are expected to maintain high standards of integrity and honesty in all of their scholastic work. For more details and the definition of academic dishonesty see the following procedures:

Undergraduate Academic Dishonesty 13.99.99.R0.03

<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/undergraduates/13.99.99.R0.03UndergraduateAcademicDishonesty.pdf>

Graduate Student Academic Dishonesty 13.99.99.R0.10

<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/graduate/13.99.99.R0.10GraduateStudentAcademicDishonesty.pdf>

Nondiscrimination Notice:

Texas A&M University-Commerce will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

Student Conduct:

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the Student Guidebook.

<http://www.tamuc.edu/admissions/registrar/documents/studentGuidebook.pdf>

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: Netiquette <http://www.albion.com/netiquette/corerules.html>

Early Intervention for First Year Students:

Early intervention for freshmen is designed to communicate the University's interest in their success and a willingness to participate fully to help students accomplish their academic objectives. The university through faculty advisors and mentors will assist students who may be experiencing difficulty to focus on improvement and course completion. This process will allow students to be knowledgeable about their academic progress early in the semester and will provide faculty and staff with useful data for assisting students and enhancing retention. Grade reports will be mailed by the end of the sixth week of the semester.

Campus carry rules:

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in Texas A&M University-Commerce buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and A&M-Commerce Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations. For a list of locations, please refer to (<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/34SafetyOfEmployeesAndStudents/34.06.02.R1.pdf>) and/or consult your event organizer). Pursuant to PC 46.035, the open carrying of handguns is prohibited on all A&M-Commerce campuses. Report violations to the University Police Department at 903-886-5868 or 9-1-1.

Technology Requirement**D2L Access and Log in Information**

This course will be facilitated using D2L, the learning management system used by Texas A&M University-Commerce. To get started with the course, go to myLeo, then select Apps, and then select myleo online (D2L Brightspace).

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or helpdesk@tamuc.edu.

If you are having technical difficulty with any part of D2L Brightspace, please contact Brightspace Technical Support at 1-877-325-7778.

Interaction with Instructor Statement

If you have questions pertaining to the content of this course, please contact me via email or come to my office. I am glad to talk to you any time, but it is better to stop by during my office hours or send me an email in advance. Generally, emails will be answered within 24 hrs. If I can not answer emails on time, I will let you know in advance.
