Mandatory Meeting for Accounting Majors!!!

When: Thursday, March 31st

Time: TBD

Location: TBD

*All accounting majors enrolled in face-to-face classes are required to attend this meeting face-to-face.

Course Description:

An introduction to financial accounting concepts and financial reporting, with the focus being on how decision makers analyze, interpret, and use accounting information. Emphasis is given to how accounting measures, records, and reports economic activities for corporations and on the relationship between accrual and cash flow measures in interpreting accounting information.

Course Materials:

Required Text

Horngren's Financial & Managerial Accounting Plus MyAccountingLab with Pearson eText -- Access Card Package, 6/E

****D2L Inclusive Access****

Authors: Miller-Nobles, Mattison, Matsumura

ISBN Loose-leaf (Value Edition): 9780134491554 (make sure it is the 6th ed.)

(You can order print copies through MyAccountingLab (MAL) registration)

What does Inclusive Access mean? MyLeo/ D2L opens the first day of classes. You should receive an email about Inclusive Access for this course. When you register to take this class you are automatically charged for access and the e-text (unless you opt out- not recommended). You do not have to then purchase the e-textbook or access because they are included in your tuition and fees. You will login to MyAccountingLab (MAL) from the Content area of D2L. Upon login/registration to MAL, you will be given the option of ordering a "print copy" of the textbook. A used textbook is fine. The print version is highly recommended for this course. All coursework will be completed in MAL.

Recommended tools:

Calculator- Any type is acceptable.

College of Business Student Learning Outcomes:

1. Students will demonstrate proficiency in spoken communications by delivering clear and well-structured business presentations.
2. Students will demonstrate proficiency in written communications by creating clear and well-structured business documents.
3. Students will identify and evaluate ethical business issues.
4. Students will identify and evaluate global business challenges.
5. Students will be analytical problem solvers in business environments.

Course Embedded Assessment Objectives:

Your achievement level for each objective will be measured by your success in completing the homework, project, quizzes and examinations. The successful student, upon completion of this course, will be expected to have achieved the following as a result of this course

1. CO 3 and 4: Apply the fundamental concepts and assumptions that underlie financial accounting principles.
2. CO 3, 4, and 5: Demonstrate an understanding of the steps of the accounting cycle and of the basic elements of the four financial statements.
3. CO 3, 4, and 5: Identify, record, and report transactions in accordance with Generally Accepted Accounting Principles.

Student Responsibilities:

1. **Read** assigned material on schedule (prior to covering the chapter in class).
2. Complete all assignments on time in MyAccountingLab. Illegible handwritten work or emails containing photo images of your completed homework will not be graded. In fairness to persons submitting assignments in a timely manner, assignments submitted late will not receive full credit.
3. Prepare for homework, examinations, and quizzes. There will be a quiz for every chapter.
4. Complete the Semester Project. You can make a 100% on it!
5. Cell phones must be on silent during the class and can only be used to access course materials. No cell phones can be seen or heard during exams.
6. No ear buds can be worn during class.
7. Be considerate of other students during the class time. Students disrupting the class will be asked to leave.
8. Watch LO videos in MAL and utilize other resources in the MultiMedia Library (MAL) to learn the material.
9. You are more than welcome to work together on homework, but your answers must be your own. Answers that appear to be plagiarized will not be considered.
10. Include the course section in all email correspondence, preferably in the subject. Poorly written emails (no salutation, incomplete sentences, etc...) will not receive a response.

Teaching Procedures:

This class will be conducted face to face and will incorporate several teaching styles: traditional instruction, interactive activities, 360, and case discussions. Be prepared to discuss and ask questions about the material assigned for each class period. Quizzes and exams will be given during class time. This class will also use MyAccountingLab. Reading the material is required because of the complexity of the material in this course. Repetition is how this material is learned. The assignments will force repetition and therefore, assist in absorbing the material. Although many of the learning points included in the readings will be covered in the class lectures, all the areas covered in the readings will not be part of class presentations. You are encouraged to participate in class and communicate with the other students in the course. Participation is based on volunteering for class activities and exhibiting a positive attitude, demonstrated by attentive, courteous, and respectful behavior at all times. The nature of this course allows for interaction among students, and everyone has something valuable to contribute. You are more than welcome to work together on assignments, but your answers must be your own. Answers that appear to be plagiarized will not be considered. Disruptive or rude behavior will not be tolerated.

This class has a semester project, completed in MAL, due **5/2/2022**. Even though the project is not due until the end of the semester, it is vital that you complete the project as each topic is covered in the course. The project is an excellent review for the exams. If you wait until the end of the semester to begin the project, it is likely your grade will suffer. Please budget your time appropriately. It is possible to make a 100% on your project, if you allow sufficient time to complete it, which will help your semester

average tremendously. To discourage procrastination, I will not answer questions asking for help with the semester project after 4/29/2022. Prior to that, feel free to ask questions. I am here to help.

There will be no extra credit offered on an individual basis to bring up your grade at any point during the semester. Offering extra credit for a student would not be fair to the entire class. The last date to submit homework for the semester is **4/30/2022 for any credit**. No homework will be accepted after this time. Make sure to stay on top of the homework and quiz due dates. Even though coursework is not due every week, please budget your time to complete a chapter each week. Stay on top of the coursework. Getting behind will result in a substantial amount of time required to catch back up and could impact your grade significantly.

Missed quizzes and exams cannot be made up! All exams must be taken on the scheduled days. Please plan accordingly to ensure you can take the exams on the scheduled days. Special arrangements can be made ahead of time for extenuating circumstances. I do drop the lowest homework and quiz grades at the end of the semester.

Course Evaluation:

Your final grade will be based upon the following items:

Possible Points:

Exams (3)	40% (10%,10%,20%)
Homework	20%
Project	25%
Quizzes	15%

Grade Determination:

89.5%– or above A
79.5% – 89.4% = B
69.5% – 79.4% = C
59.5% – 69.4% = D
59.4% or below = F

System Maintenance

D2L runs monthly updates during the last week of the month, usually on Wednesday. The system should remain up during this time unless otherwise specified in an announcement. You may experience minimal impacts to performance and/or look and feel of the environment.

Interaction with Instructor Statement:

Email is the best way to contact the instructor. Please allow 24 hours for a response. If you do not receive a response within 24 hours (Monday-Friday), feel free to send another email. Make sure email is sent from your myLeo account with the class section in the subject. The instructor will not respond to emails received from a personal email account or emails that are poorly written.

Course and University Procedures/Policies:

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

University Specific Procedures:
