COURSE DESCRIPTION

Catalogue Description of the Course

517. *Assessment in Counseling*. Three semester hours.

Includes group and individual appraisal techniques to be used to support career, educational, and personal planning and development. Standardized and non-standardized data information gathering methods, validity, reliability, psychometric statistics, factors influencing appraisals, and use and interpretation of appraisal results with a variety of populations are explored.

General Course Information

As a core requirement in all master's-level programs in the department, this course provides students who work in a variety of settings with information regarding the proper selection and use of standardized and non-standardized assessment instruments and the integration of the assessment and counseling process. In addition, related professional issues such as the history of assessment, legal and ethical concerns related to assessment, and trends in the field will be included.

The syllabus/schedule are subject to change

Competency 010 (Professionalism)

- The school counselor understands and complies with ethical, legal, and professional standards relevant to the profession.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Admission to Graduate Studies at Texas A&M University-Commerce. In addition, students are expected to be able to: 1) Use effectively D2L Brightspace, the University learning management system; 2) Navigate the World Wide Web using a web browser (i.e., Safari, Edge, Chrome, Firefox) and a search engine (e.g., Google, Yahoo); 3) Communicate electronically via email; 4) Send attachments via email; and, 4) Use a word processing computer program, preferably MS Word.

Instructional Methods

Readings, lecture transcripts, threaded discussion, small group activities, and supervised applications.

Student Responsibilities or Tips for Success in the Course

As a student in this course, you are responsible for the active learning process. Expectations of this course include the following:

1. You are expected to display professionalism at all times. Be respectful of your professor and peers. Be open to feedback, as you will receive this throughout the program.
2. Prepare for classes. Complete any and all readings prior to class time.
3. Complete all assignments by the deadline.
4. Adhere to the university student code of conduct.
5. Participate. During face-to-face classes, you are expected to actively participate in all activities and discussion. In the online format, you are expected to participate in all online discussions/activities. This is crucial to your learning.
6. All writing assignments must be done according to APA 6th edition standards.
7. Regularly check your University email. My suggestion is to check this at least once a day as your instructors and others from the department and University may contact you.
8. Begin your readings ASAP. Sometimes it may take more than one attempt to digest the material.
9. Deadlines are the last possible moment something is due—not the first moment to start. Work ahead. I realize this may not always be possible; however, when you can, do so.
10. Be open to the process. This degree takes time, work, effort, and growth.

The syllabus/schedule are subject to change

Assignments/Assessments

1. Discussions (5 discussions; 50 points total)

You will have a total of 5 Discussion and Response Posts during the semester. You are expected to give a thorough and thoughtful response to each prompt utilizing scholarly resources (i.e., textbook, journal publications, credible websites, etc.). In addition to the initial discussion, you will also respond to two of your classmate’s discussion posts. Your responses to classmate must advance the initial discussion, that is, the response adds to and strengthens the original post, contracts the original post and provides an explanation as to why, provides further clarification to the original post, and so forth. Response posts that state “nice post,” “good job,” “I agree/disagree,” or something similar without advancing the conversation will not be grade and result in zero (0) points for the response portion of that particular discussion and response post. Thus, it is possible to receive partial credit for completing the discussion but not the response post and vice versa.

When you are responding to your peers, Follow ABC

A: Acknowledge the contributions or validate their knowledge and experience

B: Build on the ideas of the original poster by adding your own thoughts or examples

C: Contribute to the discussion by asking a probing question that deepens understanding of the material and/or provide a supplemental resource

The goal of the discussion post is to stimulate conversation surrounding research and program evaluation concepts, challenge any preconceived notions relevant to research and the counseling profession, and expand your thoughts on counselors’ role in research and program evaluation. The rubrics for both discussion and response posts are below. For the weeks with discussion posts, they are released the day of class and are due in the following order: **(a) initial discussion post is due by Thursday at 11:59pm of that particular week and (b) the response posts are due by Sunday at 11:59pm.** Please note that no late postings will be accepted for equity reasons.

2. Assessment Report (50 points total; 25 points each). You will administer two assessments: one to a friend, family member, or colleague and the other to yourself, interpret it, and write up a professional report. You will need to explain to this individual that this is for a class assignment and NOT an actual counseling intervention. This report must be written in APA format. The self-administered assessment will be the State-Trait Anxiety Inventory (Spielberger, 1983). The assessment administered to another individual will be the O*NET Interest Profiler. I will provide directions on how to receive these assessments and examples in D2L. You must include the following items in your report:

- a) Background Information including pseudonym (not real name), age, sex, ethnicity, relationship status, etc.
- b) History (psychosocial history, medical/counseling background, substance use and abuse, educational and vocational history, and any other pertinent information)
- c) Behavioral Observations (including a mental status examination)
- d) Instrument information including purpose, reliability, validity, scoring, and interpretation
- e) Assessment Results (assessment and diagnostic impressions/interpretation)
- f) Recommendation
- g) Summary and conclusion
- h) References

3. Final Assessment Project (100 points total). For the final project, you are to develop an assessment for a special population of your choosing. You must also choose a specific purpose for this assessment. You are to identify the population and purpose and use the information from the course to develop the assessment. Identify all steps and procedures that you will use and include all relevant aspects that relate to the assessment process. The second portion of this project includes a complete example of the actual assessment developed. Lastly, you will provide an **online presentation (30-45 minutes)**. This presentation can be an actual video presentation

or an audio embedded (e.g., voiceover) PowerPoint presentation. Your classmates and myself must be able to hear you give this presentation. **For this final project, you may either work alone or in groups of no more than 4 individuals.** Please send me your groups and topics by the end of week two (you have a few work weeks during the semester. Use them).

The final project will include both a write-up and presentation (see above). You will receive a 0 if your team does not include both. Elements to include are:

- a) Description of the population and specific purpose behind the assessment including literature
- b) Historical perspective including literature
- c) Basic concepts of your assessment
- d) Explanation of statistical concepts of your assessment
- e) Use of your assessment
- f) Evaluation of the assessment
- g) Ethical and culturally relevant strategies for selecting, administering, and interpreting assessment and test results
- h) Adaptation for students: How might you adapt your assessment to use in school settings? When would this be appropriate/inappropriate? How would you work with a school counselor to use this assessment?
- i) References

TECHNOLOGY REQUIREMENTS

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
- The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.

Desktop Support

Browser	Supported Browser Version(s)	Maintenance Browser Version(s)
Microsoft® Edge	Latest	N/A
Mozilla® Firefox®	Latest, ESR	N/A
Google® Chrome™	Latest	N/A
Apple® Safari®	Latest	N/A

Tablet and Mobile Support

Device	Operating System	Browser	Supported Browser Version(s)
Android™	Android 4.4+	Chrome	Latest
Apple	iOS®	Safari, Chrome	The current major version of iOS (the latest minor or point release of that major version) and the previous major version of iOS (the latest minor or point release of that major version). For example, as of June 7, 2017, D2L supports iOS 10.3.2 and iOS 9.3.5, but not iOS 10.2.1, 9.0.2, or any other version. Chrome: Latest version for the iOS browser.
Windows	Windows 10	Edge, Chrome, Firefox	Latest of all browsers, and Firefox ESR.

- You will need regular access to a computer with a broadband Internet connection. The minimum computer requirements are:
 - 512 MB of RAM, 1 GB or more preferred
 - Broadband connection required courses are heavily video intensive
 - Video display capable of high-color 16-bit display 1024 x 768 or higher resolution
- For YouSeeU Sync Meeting sessions 8 Mbps is required.** Additional system requirements found here: <https://support.youseeu.com/hc/en-us/articles/115007031107-Basic-System-Requirements>
- You must have a:
 - Sound card, which is usually integrated into your desktop or laptop computer
 - Speakers or headphones.
 - *For courses utilizing video-conferencing tools and/or an online proctoring solution, a webcam and microphone are required.
- Both versions of Java (32 bit and 64 bit) must be installed and up to date on your machine. At a minimum Java 7, update 51, is required to support the learning management system. The

- At a minimum, you must have Microsoft Office 2013, 2010, 2007 or Open Office. Microsoft Office is the standard office productivity software utilized by faculty, students, and staff. Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents for assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.

ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or helpdesk@tamuc.edu.

Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

Campus Concealed Carry Statement

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in Texas A&M University-Commerce buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and A&M-Commerce Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations.

For a list of locations, please refer to the [Carrying Concealed Handguns On Campus](#) document and/or consult your event organizer.
