Course Description

Children learn their native language without formal lessons or teachers. This amazing power of acquisition is still available to you, the young adult learner. In fact, how you learn words and stories creates an interior life, the life of the mind that informs and directs the way you live your life. Socrates said, "The unexamined life is not worth living." Aristotle countered, "The unintentional life is not worth examining."

Course Goal: The work of first year college students is to master certain ways of learning and knowing, academic stuff. Becoming self-aware of their own learning processes could help them succeed in cultivating their own life of the mind.

Signature Courses must meet the following Core Curriculum Student Learning Outcomes:

- 1. In written, oral, and/or visual communication, students will communicate in a manner appropriate to audience and occasion, with an evident message and organizational structure.
- 2. Students will be able to analyze, evaluate, or solve problems when given a set of circumstances, data, texts, or art.
- 3. Students will demonstrate an understanding of societal and/or civic issues.

The successful learner will be an active and engaged participant in discussion forums by analyzing, constructing/creating, and evaluating information presented within the texts, external readings/resources, student research, and class activities.

COURSE REQUIREMENTS

Professional Behaviors: Attendance at weekly f2f meetings and online in D2L is expected; regular, consistent participation is important. Participating in weekly class meetings is required (Wednesdays 5pm-7.30pm). We do important things every week of class – don't miss it. Excessive absences (Missing 3 classes, or 15 days without logging into D2L) may prompt an administrative withdrawal.

- Read reading assignments, view videos in D2L, lecture notes, and PowerPoint presentations.
- Check Leo eMail frequently, at least twice a week.
- Discussions: Participate in frequent online class discussions, whole class or small groups. Most are asynchronous not live.
- Quizzes: Read all assigned readings. Participate in frequent quizzes as posted in D2L modules.

You will self-evaluate your professional behaviors TWICE, once at the beginning, and again at the end of the course.

Technical Skills Needed:

Check LeoMail frequently, at least twice a week.

Use AdobeReader to access required digital files.

Create papers and presentations in MS Office, or Open Office, or Pages.

Communicate regularly and robustly with colleagues and peers through Discussion.

Instructional Methods

Class meets weekly. Assigned readings must be completed before class. Lectures include powerpoint, videos of children and adults talking, hands-on materials, and handouts. Active participation in class discussion is expected from everyone. Class leadership is welcomed and encouraged; bring a song, a book or story, a game to play, or insights from the readings or field work with your case study participant. Upload work in D2L, such as pictures of inspiring spaces, materials you are making for Gallery Walk, and questions about language acquisitions with young children. Regular quizzes over the assigned required readings help deepen your knowledge of the course content. Timely completion of online discussions is required.

Student Responsibilities or Tips for Success in the Course

Successful students come to class prepared, on-time, and ready to engage and participate in active learning. Online work frequently requires extensive reading beyond the textbook. Plan to work in D2L about two to three hours per week, with regular textbook reading assignments about two-hours every week. Time making materials will vary, but expect to spend around 10 hours total over the course of this semester.

GRADING

A holistic grading approach is sought. Rather than a scorecard with points, students must account for their mastery of the course objectives, and thus their grade in the course. This is done through the use of the Professional Behavior Survey. You will **self-evaluate your professional behaviors** TWICE, once at the beginning, and again at the end of the course.
