## **Course Description**

This course is designed to provide foundation students with knowledge and theoretical understanding of the bio-physical, psychological and behavioral aspects of human development within a variety of social systems. In this course we will study human development with attention to the interaction between individuals, families and the changing social environment as it pertains to the phases of adulthood. Traditional approaches to life stages will be considered, as well as less traditional issues such as the impact on human development of different cultures, poverty, physical/mental disabilities, gender roles, sexism, ageism and sexual orientation. With the foundation knowledge of human development and the understanding of biophysical, psychological and social interactions, this course will incorporate a theoretical perspective of Community Organization with the context of a Generalist Social Work perspective.

## **RELATIONSHIP TO OTHER COURSES:**

This course builds on theories and concepts provided in Human Behavior and Development in the Social Environment I and is a continuation of the study of development through the life cycle. The course addresses the empirical evidence on which theories are based and relates this content to the importance of evidence in SWK 531. The course discusses mid and later life development and relates this content to behavior in families and groups discussed in SWK 503.

## **PROGRAM GOALS:**

1. Prepare MSW graduates for professional advanced generalist practice that reflects application and integration of critical thinking, theoretical frameworks, and differential interventions.
2. Enable MSW graduates to apply ethical reasoning to advance equality, justice, and social change.
3. Promote leadership and service that is relevant to individual contexts of practice and enhances well-being and quality of life.

## **CORE COMPETENCIES**

Council on Social Work Education (CSWE) requires a competency-based approach to identify and assess what students demonstrate in practice. In social work, this approach involves assessing students' ability to demonstrate the competencies identified in the educational policy. Students achieve programmatic goals listed above through demonstration of the following competencies for Advanced Generalist Practice (AGP). *Students achieve programmatic goals listed above through demonstration of the following **bolded competencies** for Advanced Generalist Practice (AGP).*

Competency 2.1.1 Identify as a professional social worker and conduct oneself accordingly

F = 59% or Below

### **Assessments**

#### **SWK 513 Assignments**

#### **1. ANALYTIC PAPERS (4 papers @ 10 points = 40 points)**

A two-page double-spaced paper will summarize the reading assigned for the week (see course calendar). The paper should identify and critique at least four key points from the reading. This paper is to be the student's personal

reflection and critique of each reading assignment. The paper is not intended to be a summary of the reading.

Points will be deducted for a simple listing or summary of assigned reading.

## **2. QUIZZES (8 @ 10 points = 80 points)**

Quizzes will be given which reflect content from all weekly assigned material, including lectures, videos, hand-outs and class readings. Each quiz will be timed and cannot be made-up if missed. The format may include multiple choice, true/false, short answer and essay questions.

## **3. COMPREHENSIVE EXAM (100 points)**

A comprehensive exam will be given which reflects content from the entire course, including all assigned material. The format may include multiple choice, true/false, short answer and essay questions. Questions may also come from any weekly reading quizzes.

## **4. RESEARCH PAPER ON SOCIAL PROBLEM (100 points)**

Each student will choose a topic of interest that relates to middle or late adulthood developmental stage. This paper (10 - 12 pages, 10 academic resources, APA format) will address a specific social problem that impacts human development and/or social functioning in middle to late adulthood and includes a major macro component. Possible topics include but are not limited to the following: (professor must approve topic):

Unemployment	HIV/AIDS	Homelessness
Ageism	Abuse and Neglect	Domestic Violence
Familial Caregiving	Poverty	

## **5. CHAPTER REPORT AND CASE STUDY (40 points)**

Each group of students will be given a case study. The group will develop an appropriate assessment and intervention. This is a small group assignment, but you can divide the duties any way the group decides. You need to read the assigned chapter, prepare a Power Point presentation and present to the class on the assigned day. Each group member needs to participate in the class presentation and have approximately the same amount of time. You should not

simply read the introduction to each section, but summarize and present the materials using a case study to demonstrate chapter concepts. There must be a paper copy of the presentation outline given to the instructor prior to the presentation designating which group member is assigned to each section. The Power Point must be uploaded onto D2L for grading. Each group participant must upload a copy for grading. If the group divided the Power Point and each member completed a different section, only the section completed by that student needs to be uploaded under that student's D2L. The Power Point presentations will be made available on D2L to others in the class.

The presentation must include:

1. Major Points including theories and concepts
2. Practical Applications (use a Case Study)
3. Use the Opening Questions, Key Ideas, and Implications for Social Work Practice as a guide.
4. Turn in outline to instructor by due date and prepare a 45- 60 minute presentation for the class on the Chapter.

DUE: See Course Outline, Topics, and Readings for Due Dates

## **6. EXPERIENCE CULTURE OTHER THAN YOUR OWN (30 points)**

You need to have a cultural experience with a culture other than your own. This could be a celebration, religious service, theater production or other event that meets the criteria. One suggested event is the Texas Indian Market Festival in Arlington Texas January 22-24 2016. Write a paper 2-3 pages detailing your experience. You need to have evidence (a ticket stub or program) to demonstrate that you attended. first-person.

1. Describe the event – what you saw / experienced.
2. Describe your impressions – what you liked and did not like – whether anything surprised you or made you feel uncomfortable.
3. The paper should conclude with what you learned from the experience. DUE: See Course Outline, Topics, and Readings for Due Dates

## **Department or Accrediting Agency Required Content**

### **Engagement Policy**

#### ***Final Evaluation and Grade Depends on both Classroom attendance and Participation***

Inadequate participation or lack of required time commitment in each class significantly affects students' grades. No matter the course venue, students must engage in a comparable amount of time. Expectations of both Face-to-Face classes and those with Online components include time spent reading and studying course material.

To earn a level of competency within a specific course, students must demonstrate both mastery of content and active engagement.

Mastery of content areas is evidenced by successful completion of course assignments such as written papers, group project deliverables, tests/quizzes and other tangible products designed by instructors to evaluate knowledge and skills.

Additionally, the Social Work Profession is built upon human interactions and building human relationships – which is defined as engagement. Engagement is defined as meaningful involvement in interactions with instructor, peers, outside stakeholders as appropriate (such as contacting a social worker to interview for a required assignment). Within the classroom setting, whether virtual or F2F, students must actively participate in 80% of engagement activities as outlined by individual instructors. These activities can include participation in a live, synchronous virtual classes, attending a Face to Face course when appropriate, interacting with peers in posted discussions and collaborating in group interactive projects.

Students must meet standards for content mastery on tangible assignments and meet the threshold of active engagement 80% of the time during a semester.

Instructors are experts in each course content area and set the standards for students to meet for successful completion of the course.

As we enter the Fall semester, we are all working under stresses and strains related to the COVID-19 pandemic. It is imperative we communicate consistently and frequently. If, for any reason, you are not able to complete assignments or actively engage in the course, you **MUST** reach out to your instructor and let him or her know.

### **Student Conduct**

Students preparing to become professional social workers must adhere to the *University Code of Conduct*, *Department Code of Conduct* and *National Association of Social Workers' (NASW) Code of Ethics*.

**University Code of Conduct** located in the *Student Guide Book* at

<http://www.tamuc.edu/campuslife/documents/studentGuidebook.pdf> (pp 34- 66). On the University Website under Campus Life Documents

To become aware of University policies related to student academic and behavioral expectations for students refer to the Guidebook.

### **Department Code of Conduct**

*"Faculty have the authority to request students who exhibit inappropriate behavior to leave the class/lab/internship practicum or to block access to online courses and may refer offenses to the [Academic and Professional Issues Committee (API)] or to the Department Head. More serious offences by be referred to the University Police Department and/or the Judicial Affairs Office for disciplinary action" (Student Guidebook p 35)*

Social Work students conduct themselves in an ethical and professional manner.

Closely linked with professional recognition is the social worker's compliance with the profession's ethical standards. It is imperative for professional social workers to be competent and ethical in practice if the profession is to maintain the public trust. It is

essential that each social work student gain a thorough understanding of the ethical principles that guide practice and actively demonstrate in behavior, both in and out of the classroom. Student conduct is to reflect the tenets of *NASW Code of Ethics* (located at <https://www.socialworkers.org/pubs/code/code.asp> ) on the NASW website: <https://www.socialworkers.org>
