Closed book exams cover the required textbook reading and the content of the online lectures. Complete the exams online by accessing the D2L quiz tool.

Using your book or notes, or working with another student is considered cheating and is grounds for an F in the course. Exam I (CH 1-5) is on Monday and Tuesday, February 7-8; Exam II (CH 16, 6-9) is on

The syllabus/schedule are subject to change.

Wednesday/Thursday, March 9-10. The final exam (CH 10-15) is on Tuesday and Wednesday, May 10-11. Grading is objective, based on terms, concepts and examples in the textbook. **Course Objective 1**

This course employs Proctorio, a proctoring service to ensure exam security. Proctorio relies upon an algorithm to flag suspicious behavior. Your instructor can review recorded testing sessions to determine if cheating has taken place. An exam should be a measure of a student's learning. Academic dishonesty diminishes a student's learning, and also devalues the learning of other students. It is unacceptable in an academic community. Proctorio software may be used during one or more exams. If you do not have a camera on your computer, the instructor will send you a link to purchase an external camera for approximately \$10, which must be ordered in advance of the exams.

Connect Homework Assignments (10% of total course grade)

I'll assign interactive exercises for each chapter in the textbook. You will log into assignments through D2L under the section for Interactive. Grades for the 16 assignments will be averaged (dropping the lowest score), and are worth 10% of your grade. I strongly recommend that you read the chapter first, and then review the PowerPoint presentation before you attempt the assignment. **Time management and meeting deadlines are important in the business world. Homework deadlines are not negotiable, so plan to set up reminders to avoid a zero. Course Objective 2.**

SmartBook Adaptive Learning System (10% of total course grade)

For every chapter in the textbook, you are required to answer at least half the questions per chapter using SmartBook, (formerly known as LearnSmart) to get the full points on the assignment. These practice questions will give you immediate feedback on what you have learned from reading and lectures, and will also strengthen memory recall, improve course retention and boost grades. If you answer fewer than half the questions, your score will be reduced.

Both Connect and SmartBook will be objective-formatted questions. Your points will be weighted to equal 10% of your total grade or 100 pts each.

Assignments (30% of total course grade)

An important part of this course is applying what you have learned to real examples. The **PR/Social Media Assignment** (due is worth 100 points or 10% of your grade). **Course Objective 5**

The **team advertising campaign is worth 20% of your grade and is due on Friday, April 29. Course Objectives 3 and 4.** Also addresses COB Student Learning Objective 1b: Students will demonstrate proficiency in **written communications** by creating clear and well-structured business documents.

Core Concept Quiz: (5% of total class grade)

The Core Concept Quiz consists of multiple-choice questions over key terms that will be covered in the textbook. I will give you a list of specific terms to study about 2 weeks before the quiz on Tuesday, April 12- Wednesday, April 13. **Course Objective 1**
