

**Course Content**

This course will serve as an introduction to the silkscreen process.

Students will learn the medium through demonstrations, specific technique application and assignments.

**Course Objectives**

- attain the ability to mix and apply water based inks for a positive result
- understand the sequencing and trapping of colored layers to build an image
- create computer based and hand drawn designs, print film and apply photographic emulsion with skill
- create conceptually driven, consistent original print series using silk screen techniques with competence and skill

**Project Parameters**

You are expected to work in class as well as perform outside of class work.

You are expected to come to class prepared to work, this includes but is not limited to having the project supplies needed. Disciplined work habits are expected; erratic work patterns and bursts of frantic activity before a deadline can yield poor results. This is not the class to wait until the day before a deadline to get serious about your project.

You will sign up for print time, get on a schedule. It is highly recommended to work with a partner.

All exercises and projects are given with weekly steps to be accomplished by the beginning of the next class meeting. Meeting these mini-deadlines is part of the overall assignment and plays a major role in project grades.

All work is due on the assigned date. Projects are due at the beginning of class. Late work is accepted at the instructor's discretion, so plan for a disaster and allow your self as much time as possible to complete your assignment.

You may not work on other course projects. If a student is caught using email or social media of any kind during lecture or lab time, the entire class gets a fair warning—once, no second chance will be issued. On the second occurrence, the ENTIRE class receives an F as their daily grade.

**Grading**

Grades will be assigned according to the following scale:

**A — 90-100**

Work well above the general class level, evidence of participation in related activities

Outside of the classroom, thoughtful participation in classroom discussion and critique

*Superlative work: careful attention to craft and presentation.*

*Originality of idea and execution work together. Goes beyond merely solving the problem – one who performs at this level is visibly outstanding, work is outstanding in every respect.*

**B — 80-89**

Work above the general class level, participation in classroom discussion and critique

*Fine work. A few minor changes could have been considered*

*and executed to bring piece together. Goes beyond merely solving the problem. Above average: solution to the problem and idea well planned. Execution is well done.*

**C — 70-79**

Average work, minimal requirements met

*Average or a bit above: slipping in levels of originality, craft and presentation. The piece does not work well as a unified whole or statement yet effort was made. You have solved the problem but in a relatively routine way.*

**D — 60-69**

Work below class average, lack of participation and/or poor attendance

*You have solved the problem but there is much room for improving your skills and developing your concepts further.*

*You have neglected the basic craftsmanship skills and breadth and depth of idea development. You were unable to meet mini deadlines. Represents careless and/or incomplete effort.*

*Work is substandard.*

**F — 0-59**

Inferior or unacceptable work and effort, work not turned in, or failure to attend class.

In addition to exercises and projects, your final grade will also be based on critique participation and application, work ethic, and attitude. These specifications are applied with the following

percentages: 80% projects

20% class participation-including pressroom cleanup

**Supplies**

Students are required to purchase the VisCom supply kit for

class that contains: 10 mixing containers 12 in squeegee  
3 rolls of white tape 3 rolls of blue tape  
Spatula Scoop coater

Payment will only be accepted using a Lion card.

Please remember there is a 24 hour deposit time. I  
will have a price next week.

The course paper purchase will happen at the midpoint of  
the semester.

Aprons are available, but you are encouraged to dress for the  
mess caused by great printing.

You will assigned a flat file drawer for the semester, label it.

You will have a black basket that can be stored under the tables.

Items left about the pressroom will be considered available for  
general access.

**Pressroom**

The pressroom is a shared area. Any misuse or unsafe use of  
the studio space will result in a student being dropped from the  
course. It is important to keep the pressroom clean of stray ink,  
paper or prints. Please keep all studio tools put away when you  
are finished working including the washout area.

**Never leave the studio without cleaning up your area.**

End of the semester studio clean up is a required part of the  
course for all students. This will take place during our scheduled  
final exam time. You are required to arrive on time and stay for  
the duration of the cleaning. An automatic 10 percent of your  
total grade will be deducted for missing this clean up.

**Attendance**

Arriving unprepared to utilize class time effectively, such as not  
having needed supplies, forgotten thumb drives or prepared  
pencils for example will effect your mini-deadline grade.

Attendance is required and roll will be taken by a sign-in sheet.

It is your responsibility to sign the attendance sheet.

I will leave lecture handouts for absent students in the press-  
room, but will not re-lecture or conduct press demonstrations on  
missed material.

**You may be absent from class twice.**

On your first absence you will receive an e-mail warning from me.

On your second absence you will receive a second e-mail from me.

On your third absence you will receive an F in the class.  
If you wish to drop the class you will receive a drop/fail.

Two tardies of 30 minutes or more equals an absence.

If a student is OVER 10 MINUTES late for the final, a full letter  
grade will be deducted from his or her final grade. If a student  
does not show up for the final they automatically fail the class.

You are responsible for the work covered in the missed class at  
the next class meeting, as well as any work expected on the day  
you return. If you have an emergency, please feel free to e-mail  
me: Lee.Hackett@tamuc.edu You may leave a voice mail at 214-  
954-3636 with the understanding that I only check my voice mail  
when in the office.

**Instructor response time**

Virtual Office hours: please make an appointment using the  
See Lee facebook page. Please contact Christi:  
Christi.Spruill@tamuc.edu with any questions.

Appointments will be handled via Zoom mainly on Monday  
and Wednesday.

Communication from students will be responded to within a  
reasonable time during the work week.

Weekend communication will be handled the next business day,  
unless noted. Due to the high volume of email that is received,  
an important message may be missed. If an important email has  
not been responded to within 2 days, please send again.

Please use your university email as your primary source of con-  
tact. If your email is more than a short paragraph, please con-  
sider making a Zoom appointment.

If you have an emergency, please feel free to email me:

Lee.Hackett@tamuc.edu

**Technology**

When critiques or class meetings are held viaZoom, please use headphones during class.

You are required to have a camera and a microphone. You must have your camera on at all times and your mic on according to the situation. Not having your camera on can result in an absence or tardy at the instructors discretion.

The University is providing you with the Creative Cloud.

A reliable internet connection is suggested for successful classroom participation.
