**BSCJ WITH EMPHASIS IN LAW ENFORCEMENT LEADERSHIP DESCRIPTION**

The Bachelor of Science in Criminal Justice with an emphasis in Law Enforcement Leadership (BSCJ-CJCB) at Texas A&M University-Commerce is a 100% online, competency-based program designed specifically for first responders: law enforcement, peace officers and military personnel with existing work experience, police academy training, or other certifications. Courses are offered in an accelerated format, so students can move swiftly through material they already have mastery over, and focus more attention on topics that are new and challenging to their existing knowledge base. The courses are self-paced, so students can work according to their own schedule. Student in

the BSCJ-CJCB program develop practical workplace competencies that meet current and future challenges facing first responders today.

## **COURSE DESCRIPTION**

This course teaches you how to write reports and documents for different audiences within the field of criminal justice. Common reports will be identified, including identifying what information needs to be included and how best to present this information. You will also gain experience writing a case brief.

## **STUDENT LEARNING OUTCOMES**

Completion of this course provides the student with the knowledge to:

1. Define statistics
2. Identify examples of qualitative and quantitative data analysis
3. Compare and contrast two of the leading data sources for crime analysis
4. Using evidence-based policing, create a plan to design, fund, establish, and staff a new crime analysis unit

## **REGULAR AND SUBSTANTIVE COURSE INTERACTION**

As a general guide, students enrolled in a three-semester hour course should spend one hour engaged in instructional activities and two to three hours on out-of-class work per week in a traditional semester. Students are expected to double this effort of engagement given that this course is being delivered in a seven-week term. Educational activities in this course are designed to ensure regular and substantive interaction between students and faculty to ensure that students are able to demonstrate competency.

## COURSE REQUIREMENTS

**Minimal Technical Skills Needed:** Students will need reliable computer and internet access for this course. Students must be able to effectively use myLeo email, myLeo Online D2L, and Microsoft Office.

**Instructional Methods:** This course is an online course. To be successful in this course, all content and course modules should be read and reviewed. All assignments and quizzes (both graded and not graded) must be completed. Please contact the instructor by email for any assistance.

Email your instructor as soon as you complete your pre-test so the instructor can access and grade your work.

**Student Responsibilities or Tips for Success in the Course:** To be successful in this course, all content and course modules should be read and reviewed. All assignments and quizzes (both graded and not graded) should be completed. Please contact the instructor by email for any assistance.

## ASSESSMENT

Students must achieve 80% or higher for the both the posttest and culminating project to demonstrate competency and pass the course.

### Course Pre-test

The purpose of the pre-test is to provide a baseline understanding of your knowledge in this competency. The pre-test is required before you begin studying course materials. If you do not make at least 80% on the pre-test, students will be expected to complete assignments, quizzes, and other course content to prepare for the post-test and culminating project.

Content	Description	Value	Notes
Pre-test	This is the initial assessment in the course to provide a baseline understanding of a student's knowledge of the course content and competencies. Pretests are taken once and should be completed upon the first couple of days of a CBE academic term or entry into a course if a student is an accelerator.	100 points	Required before completing any other work in the course. The grade on the pre-test does <b>not</b> count in the final grade for this course.

### Learning Objective Quizzes

A brief assessment at the end of each module that is intended to emphasize key concepts, theories, processes, etc., introduced in the Learning Objective Module.

### Course Post-test

The end-of-course comprehensive exam that assesses student knowledge and understanding of major concepts, theories, processes, etc., in the course. A **score of 80% or higher is required** to demonstrate competency.
