## **COURSE REQUIREMENTS**

### **Minimal Technical Skills Needed**

Students must have working knowledge of and know how to use the MyLeo Online: D2L Brightspace learning management system, and Microsoft Word/Excel/PowerPoint. Students must utilize their University assigned email (Leo mail) for all course communications. All email communication from the instructor will be sent to the student’s Leo mail.

### **Student Responsibilities or Tips for Success in the Course**

Students can expect to do well in this course when they log into the online course often, complete all assignments/quizzes/exams/discussions, and seek assistance when they do not understand course material. Students should also utilize all course resources provided through D2L, such as, course lecture notes, assignments, and course information. It is the students responsibly to have internet access, check this site frequently, and become familiar with how it works.

### **Grading**

Each assignment will be worth a pre-determined amount of points. Upon the completion of the course, grades will be calculated by adding up the total number of points each student has earned and dividing it by the total amount of points available in the course. This will produce a percentage of points earned (Ex. Student earned 850 points out a possible 1000 in the course:  $850/1000 = 85\%$  “B”). Grades will be assigned based upon the percentages below.

Discussions: 100 pts	Grading Scale:
Assignments: 75 pts	A = 90-100%
Quizzes: 150 pts	B = 80-89%
Total Points = 325	C = 70-79%
	D = 60-69%
	F = 0-59

Students are expected to earn points toward their final grade during the course of the semester with the assignments and exams that are scheduled. Extra Credit Assignments WILL NOT be given at the end of the semester. All students are graded based on the exact same criteria and no exceptions will be made for individual assignments, tests, or final point values.

Student assignments will be graded in a timely manner, typically within one week of the assignment due date. Any questions or concerns about assignments/grades should be brought to the instructor’s attention immediately (i.e. Do not wait until the end of the semester)

## **ASSESSMENTS**

### **Discussions/Class Participation**

Online discussions will take place during the term. You should post a minimum of 3 posts per discussion thread: one initial post answering the question and two response posts to your fellow classmates that further the discussion. All posts and comments must remain professional and courteous to your instructor and peers. Unless you are quoting someone else directly, language should

be “G-rated.” Be sure to cite your references in APA format. Each post should be a minimum of 100 words for initial posts and 50 for response posts.

### **Assignments**

Students will be responsible for various assignments throughout the term. All assignments will have a “submission folder.” All assignments MUST be submitted as a WORD document (or EXCEL document if it is a spreadsheet), and it must be titled appropriately. For example, if one of the assignments is called “leadership assignment” and your last name is Collins, the name of the document you drop must be “Collins leadership.doc”

Each assignment must include your name and the name of the assignment at the top of the first page of the assignment. If it is a spreadsheet, gridlines should be showing and a header should include your name and the name of the assignment. You should print-preview your document to verify it is lined up correctly and does not have columns, rows, etc. hanging out off the edge of a sheet. If you do not name and label the document correctly, you will lose 20% of the value of that assignment.

### **Quizzes**

DO NOT attempt to take the quizzes without reading the appropriate pages from the book first AND taking notes on the lectures and other reading assignments. The quizzes are timed, and you will not have time to be doing the assigned reading as you take the quiz. In addition, the lectures will not simply repeat what you have read in the book. DO NOT Wait until the last minute to take the quizzes.

## **COURSE SPECIFIC PROCEDURES/POLICIES**

### **Attendance**

This is an online course and you can work at your own pace. All assignments have deadlines which must be met; however, you can submit any assignment at any time before the deadline. It is the student’s responsibility to be aware of assignment due dates as the dates are posted on D2L. Technical and/or computer problems associated with D2L are not a valid excuse for turning in an assignment late. **NO LATE ASSIGNMENTS WILL BE GRADED.**
