Exploring a career in social work is a bachelor's level elective that will allow students to explore different career opportunities for social workers. This course will include interviews with licensed social workers who are currently practicing in the field, relevant videos, and readings on various topics such as social work values and ethics and how to become a social worker in Texas. In addition, this course will highlight the importance of social workers and the profession's impact on society.

### PROGRAM GOALS:

Using D2L (Bright Space), using Microsoft Word, reviewing Video Lectures and PowerPoint, and using Weekly Class Discussions to learn and practice skills with peers.

### **Instructional Methods**

The learning process will be conducted by online instruction of Weekly D2L work -- the summer course is 10 weeks long and each Week (1-10) will have the following sections the student is asked to complete for each week: Learning Objective, Video Lecture, Class Discussion, Power Point, and Review. There is also assigned reading as outlined in the calendar section (per week) at the back of the syllabus.

### **Student Responsibilities or Tips for Success in the Course**

Students will need to read the assigned chapters before starting the weekly routine. I like to suggest you login to D2L each week as early as possible and spend the week completing each task then log back in at the end of the week to discuss with your peers what you have learned from each weeks completed material. Achievement of course learning objectives will be accomplished via reading chapters, reviewing Power Points (PPTs), online discussions, interview paper, and examinations. Students are encouraged to use social work life experiences in weekly discussions.

## **Department or Accrediting Agency Required Content**

### **Engagement Policy**

#### ***Final Evaluation and Grade Depends on both Classroom attendance and Participation***

Inadequate participation or lack of required time commitment in each class significantly affects students' grades. No matter the course venue, students must engage in a comparable amount of time. Expectations of both Face-to-Face classes and those with Online components include time spent reading and studying course material.

To earn a level of competency within a specific course, students must demonstrate both mastery of content and active engagement.

Mastery of content areas is evidenced by successful completion of course assignments such as written papers, group project deliverables, tests/quizzes and other tangible products designed by instructors to evaluate knowledge and skills.

Additionally, the Social Work Profession is built upon human interactions and building human relationships – which is defined as engagement. Engagement is defined as meaningful involvement in interactions with instructor, peers, outside stakeholders as appropriate (such as contacting a social worker to interview for a required assignment). Within the classroom setting, whether virtual or F2F, students must actively participate in 80% of engagement activities as outlined by individual instructors. These activities can include participation in a live, synchronous virtual classes, attending a Face to Face course when appropriate, interacting with peers in posted discussions and collaborating in group interactive projects.

Students must meet standards for content mastery on tangible assignments and meet the threshold of active engagement 80% of the time during a semester.

Instructors are experts in each course content area and set the standards for students to meet for successful completion of the course.

As we enter the semester, we are all working under stresses and strains related to the COVID-19 pandemic. It is imperative we communicate consistently and frequently. If, for any reason, you are not able to complete assignments or actively engage in the course, you **MUST** reach out to your instructor and let him or her know.

### **Student Conduct**

Students preparing to become professional social workers must adhere to the *University Code of Conduct*, *Department Code of Conduct* and *National Association of Social Workers' (NASW) Code of Ethics*.

**University Code of Conduct** located in the *Student Guide Book* at

<http://www.tamuc.edu/campuslife/documents/studentGuidebook.pdf> (pp 34- 66). On the University Website under Campus Life Documents

To become aware of University policies related to student academic and behavioral expectations for students refer to the Guidebook.

### **Department Code of Conduct**

*"Faculty have the authority to request students who exhibit inappropriate behavior to leave the class/lab/internship practicum or to block access to online courses and may refer offenses to the [Academic and Professional Issues Committee (API)] or to the Department Head. More serious offences by be referred to the University Police Department and/or the Judicial Affairs Office for disciplinary action" (Student Guidebook p 35)*

Social Work students conduct themselves in an ethical and professional manner.

Closely linked with professional recognition is the social worker's compliance with the profession's ethical standards. It is imperative for professional social workers to be competent and ethical in practice if the profession is to maintain the public trust. It is

essential that each social work student gain a thorough understanding of the ethical principles that guide practice and actively demonstrate in behavior, both in and out of the classroom. Student conduct is to reflect the tenets of *NASW Code of Ethics* (located at <https://www.socialworkers.org/pubs/code/code.asp> ) on the NASW website:  
<https://www.socialworkers.org>
