COURSE DESCRIPTION

Catalogue Description of the Course

517. *Assessment in Counseling*. Three semester hours.

Includes group and individual appraisal techniques to be used to support career, educational, and personal planning and development. Standardized and non-standardized data information gathering methods, validity, reliability, psychometric statistics, factors influencing appraisals, and use and interpretation of appraisal results with a variety of populations are explored.

General Course Information

As a core requirement in all master's-level programs in the department, this course provides students who work in a variety of settings with information regarding the proper selection and use of standardized and non-standardized assessment instruments and the integration of the assessment and counseling process. In addition, related professional issues such as the history of assessment, legal and ethical concerns related to assessment, and trends in the field will be included.

The syllabus/schedule are subject to change

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Admission to Graduate Studies at Texas A&M University-Commerce. In addition, students are expected to be able to: 1) Use effectively D2L Brightspace, the University learning management system; 2) Navigate the World Wide Web using a web browser (i.e., Safari, Edge, Chrome, Firefox) and a search engine (e.g., Google, Yahoo); 3) Communicate electronically via email; 4) Send attachments via email; and, 4) Use a word processing computer program, preferably MS Word.

Instructional Methods

Readings, lecture transcripts, threaded discussion, small group activities, and supervised applications.

Student Responsibilities or Tips for Success in the Course

As a student in this course, you are responsible for the active learning process. Expectations of this course include the following:

The syllabus/schedule are subject to change

1. You are expected to display professionalism at all times. Be respectful of your professor and peers. Be open to feedback, as you will receive this throughout the program.
2. Prepare for classes. Complete any and all readings prior to class time.
3. Complete all assignments by the deadline.
4. Adhere to the university student code of conduct.
5. Participate. During face-to-face classes, you are expected to actively participate in all activities and discussion. In the online format, you are expected to participate in all online discussions/activities. This is crucial to your learning.
6. All writing assignments must be done according to APA 6th edition standards.
7. Regularly check your University email. My suggestion is to check this at least once a day as your instructors and others from the department and University may contact you.
8. Begin your readings ASAP. Sometimes it may take more than one attempt to digest the material.
9. Deadlines are the last possible moment something is due—not the first moment to start. Work ahead. I realize this may not always be possible; however, when you can, do so.
10. Be open to the process. This degree takes time, work, effort, and growth.

Assignments/Assessments

1. Discussions (5 discussions; 100 points total)

You will have five Discussions and Response Posts during the semester. You are expected to give a thorough and thoughtful response to each prompt utilizing scholarly resources (i.e., textbook, journal publications, credible websites, etc.). In addition to the initial discussion, you will also respond to your classmate's discussion posts. Your responses to classmate must advance the initial discussion, that is, the response adds to and strengthens the original post, contracts the original post and provides an explanation as to why, provides further clarification to the original post, and so forth. Response posts that state "nice post," "good job," "I agree/disagree," or something similar without advancing the conversation will not be grade and result in zero (0) points for the response portion of that particular discussion and response post. Thus, it is possible to receive partial credit for completing the discussion but not the response post and vice versa.

When you are responding to your peers, Follow ABC

A: Acknowledge the contributions or validate their knowledge and experience

B: Build on the ideas of the original poster by adding your own thoughts or examples

C: Contribute to the discussion by asking a probing question that deepens understanding of the material and/or provide a supplemental resource

The goal of the discussion posts are to stimulate conversation surrounding research and program evaluation concepts, challenge any preconceived notions relevant to research and the counseling profession, and expand your thoughts on counselors' role in research and program evaluation. The rubrics for both discussion and response posts are below. Please note that no late postings will be accepted for equity reasons.

Discussion Post Rubric

	Discussion Board Rubric 1 – Does Not Meet Expectation (0-14 points)	2 – Meets Expectation (15-17 points)	3 – Exceeds Expectations (18- 20 points)
Discussion (20 points)	Post is not complete, not written in a clear manner OR post is missing critical components of the question. Responses to classmates are not complete, missing critical components OR feedback is not thoughtful. Has not followed the instruction on initial post deadline.	Post presents most elements of the question OR all elements discussed in a brief manner. Responses to classmates present most elements in a brief manner. Followed bare minimum of ABC instruction.	Post presents all elements of the question(s) discussed thoroughly and clearly. Responses present all elements required thoroughly and clearly. Provided thoughtful detailed feedback to peers. Followed the ABC while responding to peers. Initial post is submitted as instructed.

2. **Assessment Report (50 points total; 25 points each).** You will administer two assessments: one to a friend, family member, or colleague and the other to yourself, interpret it, and write up a professional report.

- **Assessment Report one:** The self-administered assessment will be the State-Trait Anxiety Inventory (Spielberger, 1983).
- **Assessment Report two:** The assessment administered to another individual will be the O*NET Interest Profiler.

You will need to explain to this individual that this is for a class assignment and NOT an actual counseling intervention. This report must be written in APA format. I will provide directions on how to receive these assessments and examples in D2L. You must include the following items in your report 2:

- a) Background Information including pseudonym (not real name), age, sex, ethnicity, relationship status, etc.
- b) History (psychosocial history, medical/counseling background, substance use and abuse, educational and vocational history, and any other pertinent information)
- c) Behavioral Observations (including a mental status examination)
- d) Instrument information including purpose, reliability, validity, scoring, and interpretation
- e) Assessment Results (assessment and diagnostic impressions/interpretation)
- f) Recommendation
- g) Summary and conclusion
- h) References

3. **Instrument Critique Presentation video recording (100 points)** Locating an appropriate instrument is an important part of the assessment process. Working in small groups (**not more than 3**), you will complete an oral presentation reviewing one test designed to measure one of the following constructs/topic areas: intelligence and general ability, achievement and aptitude, assessment in career discernment, personality, behavioral assessment, marriage and family related issues, and diagnosis. Groups will be formed based on student interest in topics. Topic selection and group forming process will be completed early in the semester.

As a group you will choose one or two instruments that is assessing your topic. **The instrument you chose must be approved by me.** The instrument reviewed should pertain to your specific training emphasis, clinical mental health counseling. Sources for information should include the Mental Measurement Yearbook, Tests in Print, or the official test manual from the assessment's publisher. Be sure follow APA 7 guidelines closely when citing sources, using direct quotes, and listing your references **(10 points)**.

The class presentation recording is expected to last between 30 and 45 minutes **(10 points)**. As part of your PowerPoint presentation, you are expected to follow the outline below:

1. Test information a. Test name b. Test author c. Publication i Publisher i Date of initial publication and most recent revision i Current total cost of examination i Individual costs of examination (booklets, answer sheets, manuals, etc.) **(15 points)**
2. Test description and use a. Purpose b. Target population and groups for which the test is not applicable c. Age groups d. Available forms **(10 points)**
3. Test/scale development a. Development history b. Version changes **(5 points)**

4. Administration details a. Time required b. Training required c. Standardization procedure and administration format (e.g., large group, small group, individual, quiet environment, lighting, spacing, etc.) d. Special materials needed e. Other administrative details **(15 points)**
5. Scoring procedures a. Normative data i Initial norming group i Subsequent norming groups b. Reliability i Test-retest i Alternate form i Internal consistency i Reviewer's comments on reliability c. Validity i Content, concurrent, predictive, and/or construct validity i Reviewer's comments on validity **(10 points)**
6. Peer interaction and application of the instrument (i.e., demonstrate application, scoring, interpretation of results, show sample items, have all peers take the instrument) you can use your personal score as an example to illustrate the assessment. **(10 points)**
7. General evaluation a. Ethical and multicultural considerations b. Special merits and strengths of the test c. Criticisms and limitations of the test d. Personal recommendation – do you think you would use this test in your future work? Why or why not? **(10 points)**
8. References **(5 points)**

LATE ASSIGNMENTS

Assignments are due on the day noted in the syllabus. Unless noted otherwise, all assignments are due at the beginning of the class period. Late assignments will have 10% deduction per day late from the final score. **I will not accept late discussion/response postings.**

GRADING

Final grades in this course will be based on the following scale:

90%-100%	A
80%-89%	B
70%-79%	C
60%-69%	D
< 59%	F

TECHNOLOGY REQUIREMENTS

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best

The syllabus/schedule are subject to change

course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
- The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.

Desktop Support

Browser	Supported Browser Version(s)	Maintenance Browser Version(s)
Microsoft® Edge	Latest	N/A
Mozilla® Firefox®	Latest, ESR	N/A
Google® Chrome™	Latest	N/A
Apple® Safari®	Latest	N/A

Tablet and Mobile Support

Device	Operating System	Browser	Supported Browser Version(s)
Android™	Android 4.4+	Chrome	Latest
Apple	iOS®	Safari, Chrome	The current major version of iOS (the latest minor or point release of that major version) and the previous major version of iOS (the latest minor or point release of that major version). For example, as of June 7, 2017, D2L supports iOS

Device	Operating System	Browser	Supported Browser Version(s)
			10.3.2 and iOS 9.3.5, but not iOS 10.2.1, 9.0.2, or any other version. Chrome: Latest version for the iOS browser.
Windows	Windows 10	Edge, Chrome, Firefox	Latest of all browsers, and Firefox ESR.

- You will need regular access to a computer with a broadband Internet connection. The minimum computer requirements are:
 - 512 MB of RAM, 1 GB or more preferred
 - Broadband connection required courses are heavily video intensive
 - Video display capable of high-color 16-bit display 1024 x 768 or higher resolution
- For YouSeeU Sync Meeting sessions 8 Mbps is required.** Additional system requirements found here: <https://support.youseeu.com/hc/en-us/articles/115007031107-Basic-System-Requirements>
- You must have a:
 - Sound card, which is usually integrated into your desktop or laptop computer
 - Speakers or headphones.
 - *For courses utilizing video-conferencing tools and/or an online proctoring solution, a webcam and microphone are required.
- Both versions of Java (32 bit and 64 bit) must be installed and up to date on your machine. At a minimum Java 7, update 51, is required to support the learning management system. The most current version of Java can be downloaded at: [JAVA web site](http://www.java.com/en/download/manual.jsp)
<http://www.java.com/en/download/manual.jsp>
- Current anti-virus software must be installed and kept up to date.

Running the browser check will ensure your internet browser is supported.

 - [Apple Quick Time](http://www.apple.com/quicktime/download/) <http://www.apple.com/quicktime/download/>
- At a minimum, you must have Microsoft Office 2013, 2010, 2007 or Open Office. Microsoft Office is the standard office productivity software utilized by faculty, students, and staff. Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents for assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.

ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or helpdesk@tamuc.edu.

Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.
