Discipline Policy

“All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment.” (See Student’s Guide Handbook, Policies and Procedures, Conduct).

Comfortable Learning Environment

The university, this department, and your instructor are all committed to maintaining an inoffensive, non-threatening learning environment for every student. Class members (including the instructor) are to treat each other politely both in word and deed. Offensive humor and aggressive personal advances are specifically forbidden. If you feel uncomfortable with a personal interaction, contact your instructor for help in solving the problem.

Civility in the Academic Environment

Civility in the classroom or online course and respect for the opinions of others is very important in an academic environment. It is likely you may not agree with everything that is said or discussed in the classroom/online course. Courteous behavior and responses are expected. To create and preserve a learning environment that optimizes teaching and learning, all participants share a responsibility in creating a civil and non-disruptive forum. Students are expected to conduct themselves at all times in a manner that does not disrupt teaching or learning. Faculty have the authority to request students who exhibit inappropriate behavior to leave the class/online course and may refer serious offenses to the University Police Department and/or the Dean of Students for disciplinary action.

Incomplete in Course

Students who, because of circumstances beyond their control, are unable to attend classes during or after review week will, upon approval of the teacher, receive a mark of “X” in all courses in which they were maintaining passing grades. A grade of “X” (incomplete) will not be counted in the calculation of the grade point average for one semester. If the “X” has not been removed at the end of one semester, it will automatically be changed to a grade of “F.” If a student feels that a grade is not correct, the matter should be discussed with the instructor. If the instructor finds the grade incorrect, the instructor must petition for a grade change by receiving approval from the department head and dean, with final approval from the Registrar’s Office
