Criminal Justice Administration Discussion= 50 points:

Contact 1 criminal justice practitioner and/or academic and obtain their opinions about the following issues:

- Do we have a true "system" of justice?
- What is the extent to which a professional rapport exists between practitioners in the local justice system?
- How well do cases seem to flow through the system?
- To what extent do they believe that human and financial resources are distributed equitably among agencies?

The syllabus/schedule are subject to change.

Please notify your discussant that he/she can remain anonymous, and you would simply identify him/her as an administrator in a criminal justice agency, etc. This discussion is for a class assignment and will NOT be published or shared.

Discussion(s) = 500 course points total: four Discussion Posts (125 points each)

The Discussions are related to the assigned readings. Upon completion of the assigned readings, you are expected to address a discussion question or prompt. Your contributions to the discussion forums will be graded for quality and a detailed analysis linking the material to a critical appraisal of theory, policy, and practice. The introduction of outside materials is highly recommended. In all cases, students MUST cite in-text and provide a full bibliography/works cited at the end of their post all citations mentioned for in the post. Posts should be the equivalent of a **MINIMUM** of two pages in length or a minimum of 500 words.

Written discussion questions will be randomly assigned as there are 2 questions provided, you will be assigned 1 question and you must complete the question as assigned.

Failure to provide citations and bibliography in the discussion will result in a 25-point deduction.

Please be advised: Two of the four discussions will be submitted as a video (Week 1 and Week 4). You will need to work with a partner to complete the discussion. The video should be a minimum of 8-10 minutes and each student should be prepared to respond to the prompt, while using evidence to support his/her response. Additionally, each student should be prepared to ask/answer a follow-up question.

Feel free to use any platform you so choose to upload the video, including your phone. Only one student needs to upload the video. Both students will need to identify (name) at the start of the video. In the video, each of you will need to present research (sources to answer each discussion as well as evidence to support your response to the follow-up question.

Discussions are due by 11:59PM CST of Weeks #1, 2, 3, and 4 of the course. Specific due days can be found below.

Assessment Method: Written Discussion Rubric (125 points)

Video Discussion Expectations:

REMEMBER: I am looking for a **high level of research in your discussions**. Each student should provide a 2–3-minute initial response to the prompt, then your partner will need to ask his/her partner a follow-up question and the follow-up question should NOT be given in advance. The follow-up response should be at least 1-2 minutes. The student will be assessed on his/her initial answer as well as his/her response to the follow-up question.

Here's an example of how I would consider the quality of a discussion:

Initial Question posed by instructor = Explain the “superpredator” myth and discuss the implications of this theoretical framework.

Student 1 Answer: The superpredator myth led to an increase in the range of punishment for juvenile offenders. More importantly, it led to the “Get Tough” movement.....

Student 2 Follow-Up question.

Specifically, how did the “Get Tough” movement impact the juvenile justice system?

Student 1: Your response should provide specific information from the text or outside resources. A high-quality answer is one that provides EVIDENCE. A low-quality answer is one that shows a student is not well versed because there is a lack of supporting information.

A low-quality answer/response is:

- Vague
- Does not directly respond to the lecture topics in detail.
- Only repeats the question.
- Does not back up the statements with any VALID research and examples.

Failure to provide evidence in the discussion will result in a 25-point deduction.

Essay= 500 course points total: two essays (250 points each)

Students are required to complete two (2) essays for this course. These papers will represent students' observations of their readings, a critical evaluation of a topic, and thoughts on how best to address problems/issues inherent in their topic. In addition to material contained in the text, students MUST utilize a minimum of two (2) outside sources to prepare their paper.

Although some of the question/prompts appear to ask for your opinion, please be advised you are to ALWAYS provide evidence to support your position. Never respond to an essay question in first person. A proper response (e.g., based on a study conducted by Smith and Childress (2019), social media can have a positive impact on.....). Students in master's level courses should contribute to course material through independent research using suitable sources that may include peer-reviewed journal articles, recognized text, professional publications, and limited news sources. In all instances, the student should provide a clearly defined and listed source, using the APA style.

For this course, the use of Wikipedia or other common forums (e.g., online sources that are not government agency or peer reviewed) are not acceptable as acceptable sources. The minimally edited nature of these sources makes them prime candidates for misrepresentations or outright false material. As such, a student who uses such a source will fail the assignment. This is not an English course; however, the use of proper format, spelling, punctuation, and appropriate levels of academic presentation are expected.

Essay questions will be randomly assigned as there are 2 or more questions provided, you will be assigned 1 question and you must complete the question as assigned.

The essay assignment is due by 11:59PM CST on the days designated below in the course schedule of Weeks #3 and 5.

Written Assignment Expectations:

Assignments must be submitted in D2L. APA format is required for all written assignments (this includes an APA title page, in text citations, and an APA compliant reference page).

Please review <https://owl.purdue.edu/owl> for clear examples of proper APA formatting.

Please take the time to review the Rubric to understand the grading criteria that will be utilized.

All assignments should be submitted in accordance with the following criteria:

- All papers should be double-spaced and utilize 12 pt. New Times Roman.

The syllabus/schedule are subject to change.

- Every written assignment will require PROOF/EVIDENCE (CITATIONS).
- All papers should be written in third person, please avoid using “I” statements (i.e., I feel, I think, I would, I think)- where is your proof, what evidence do you have that supports your position?
- APA format is the standard! All assignments must be submitted in APA format.

Margins must be no less than 1 inch on all sides and no larger than 1.5 inches on each side. A sans serif font such as Times New Roman is REQUIRED. Page numbers are Required. Bibliography, citations, and headings are REQUIRED and do not count toward total page number.

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Course Specific Procedures/Policies

Late Work

(LATE WORK WILL NOT BE ACCEPTED) (THERE WILL BE NO EXTRA CREDIT)

This may be an ideal time to remind the student that since this course is internet based (online), and since the student will have limited contact with the professor, I encourage each of you to take your time, class work and the deadlines or due dates very seriously. If an assignment is missed or late the professor reserves the right not to accept the assignment. No excuses will be acceptable. Students are encouraged to frequently review the syllabus and remain aware of the deadlines for all assignments.

I want to reiterate that personal computer/access problems will not be an acceptable excuse for failing to turn in assignments on time or meeting the deadlines. Again, make use of the tutorial program. You want to be familiar with any limitations you or your computer may have. If your internet access is frequently interrupted, then you will want to have a backup or alternative plan so that you can make all deadlines.
