Course Description

This internship and capstone project is designed as a significant demonstration of the student's ability to combine theory and practice in a project that has to be approved by and under the supervision of the certificate program Director. To register for the internship, the student must complete both HIST 564 and a project proposal. Prerequisites: HIST 564 and submission of project proposal.

Student Learning Outcomes

Students will leave the course with an understanding of how their current internships fit within the “bigger picture” of Public History and take with them a concrete set of resources for professional and scholarly development.

This is a working document. The syllabus and schedule are subject to change.

COURSE REQUIREMENTS & GRADING

Assessments:

As this course is an *applied internship*, the final grades are calculated using the following percentages:

- Internship/Supervisor Evaluation: 70%
- Bi-Weekly Journal Entries 15%
- Final Internship Reflection Paper 15%

This course is based on the 100-point system. All assignments are worth 100 points.

Final grades are determined on the following scale:

100 –90 = A, 89 –80 = B, 79 –70 = C, 69 –60 = D, 59 and below = F

Journal entries are due every two weeks at the end of the week. The entries should be at least two pages in length, 12pt. Times New Roman, and comprise of the activities you participated in during the previous two weeks of your internship. This is a space to keep me apprised of what work you are doing, skills you are acquiring, and the overall impression of your experience for those weeks.

The final reflection paper is a culmination of your internship experience. This paper is not a rehash of your journals, though may contain similar content. This is where you will examine the institution where you interned, its mission, its role in public history, and how you fit into their programming. This is where you will discuss your overall role during your internship, projects you worked on, and how this internship prepared you for a future in a public history career. This paper should be 5-7 pages.

The bulk of your grade comes from evaluation from your supervisor at the internship. These letters will be solicited by me and sent directly to me.
