COURSE REQUIREMENTS

Minimal Technical Skills Needed

In this class, you will utilize the Learning Management System (LMS) entitled D2L for portions of instructional and learning methods and submitting assignments. You will need to utilize other technologies such as Microsoft Word, PowerPoint, etc. If you have issues with this system, it is your responsibility to contact the help desk immediately.

Instructional Methods

METHOD OF INSTRUCTION/COURSE FORMAT

The class will consist of lectures, discussions of assigned readings, audio and video tapes of theoretical presentations and clinical applications.

Student Responsibilities or Tips for Success in the Course

As a student in this course, you are responsible for the active learning process. Expectations of this course include the following:

1. You are expected to display professionalism at all times. Be respectful of your professor and peers. Be open to feedback, as you will receive this throughout the program.

2. Prepare for classes. Complete any and all readings prior to class time.
3. Complete all assignments by the deadline.
4. Adhere to the university student code of conduct.
5. Participate. During face-to-face classes, you are expected to actively participate in all activities and discussion. In the online format, you are expected to participate in all online discussions/activities. This is crucial to your learning.
6. All writing assignments must be done according to APA 6th edition standards.
7. Regularly check your University email. My suggestion is to check this at least once a day as your instructors and others from the department and University may contact you.
8. Begin your readings ASAP. Sometimes it may take more than one attempt to digest the material.
9. Deadlines are the last possible moment something is due—not the first moment to start. Work ahead. I realize this may not always be possible; however, when you can, do so.
10. Be open to the process. This degree takes time, work, effort, and growth.

Attendance & Participation

Students are expected to attend all classes and to be prepared to discuss assigned readings. Attendance and participation will be considered as part of your final grade. You will be responsible for any material missed due to an absence. You will also be responsible for material assigned, but perhaps not discussed in class.

Assignments/Assessments

Note due dates on all assignments and assume a professional position on this. Specific requirements include:

Couple Interview

You will be required to interview one (1) couple, at a selected stage of marriage (committed relationship) from the following.

Stage 1:	0-3 years
Stage 2:	4-8 years
Stage 3:	9-15 years
Stage 4:	16-25 years
Stage 5:	25+ years

Bonus Stage:
50+ years

Indicate whether the couple is within their first marriage or remarried, with or without children.

This should be an informally structured interview designed to discover how the couple makes the marriage work. As such, no specific set of questions is required. This allows you, the interviewer, the privilege and freedom to explore the unique set of dynamics that exists in your couple. Also, videotaping or recording the interview will allow you to be fully involved in the process, while simultaneously providing you with the recording to reflect on later. Provide a permission to record document and execute with signatures (form will be distributed). Areas to tap into, using your own style of engagement, are: How long have you been married?; Initial

attractions; How did you know this person was the one for you?; Qualities you love and appreciate in your partner; How do you express that to each other?; Discoveries/surprises along the way; How do you handle conflicts?; What characteristic or quality would you say contributes the most to the success of your marriage?; What advice or suggestions for a successful marriage would you give to couples contemplating marriage? Any other areas that naturally flow out of the interview can be addressed as well. Summarize your interview by incorporating the above information as well as your observations of the couple in areas of style of communication, level of connectivity, ways of interacting, verbal/non-verbal patterns, seating arrangement, etc. Include any personal reaction you might have had to the couple.

Genogram of a minimum 3 generations is encouraged (the higher the better) to be included in your paper. Further details such as expectations will be discussed during classes. No sample paper will be provided.

Reflective Paper

You will keep a working written reflection of readings and their application to your personal and professional development, particularly pertaining to your own style of communication. At the end of the semester, you will write an integrated personal reflection on your progress throughout the course regarding your style of communication within relationships, working with couples, your fit, and your walked path into an increased level of self-awareness and hopefully congruence. This assignment is partly developmental in nature and it serves as the beginning foundation of your professional counseling journey. As you journey into being a professional counselor, your professional and clinical experience may alter/modify your current stance. As always, be humble and avail yourself to more clinical supervision and consultation than what is minimally required of you for your licensure.

Quizzes 1, 2, 3 and 4

Multiple choice short answer format based on assigned readings

GRADING

All components, save the exam, will be graded on a  system): ✓+ = 95; ✓ = 85; ✓- = 75

The following components with assigned percentages will be reflected in arriving at your final grade:

1. Attendance & participation 15% (More than 2 absences results in one letter grade reduction)
2. Interview 30%
3. Reflective Paper 15%
4. Quiz 1 10%
5. Quiz 2 10%
6. Quiz 3 10%
7. Quiz 4 10%

Thus, averaging the above with assigned percentages:

A	90 & up
B	80-89
C	70-79
