# **COURSE DESCRIPTION**

#### **Catalogue Description of the Course**

517. Assessment in Counseling. Three semester hours.

Includes group and individual appraisal techniques to be used to support career, educational, and personal planning and development. Standardized and non-standardized data information gathering methods, validity, reliability, psychometric statistics, factors influencing appraisals, and use and interpretation of appraisal results with a variety of populations are explored.

#### **General Course Information**

As a core requirement in all master's-level programs in the department, this course provides students who work in a variety of settings with information regarding the proper selection and use of standardized and nonstandardized assessment instruments and the integration of the assessment and counseling process. In addition, related professional issues such as the history of assessment, legal and ethical concerns related to assessment, and trends in the field will be included.

# **TExES Competencies for School Counselors that relate to this course** (TExES is the state examination required to gain School Counselor certification)

#### Competency 002 (Student Diversity)

• The school counselor understands human diversity and applies this knowledge to ensure that the developmental guidance and counseling program is responsive to all students.

### *Competency 003 (Factors affecting Students)*

o The school counselor understands factors that may affect students' development and school achievement and applies this knowledge to promote students' ability to achieve their potential.

#### *Competency 007 (Assessment)*

• The school counselor understands principles of assessment and is able to use assessment results to identify students' strengths and needs, monitor progress, and engage in planning to promote school success.

#### Competency 010 (Professionalism)

• The school counselor understands and complies with ethical, legal, and professional standards relevant to the profession.

# **COURSE REQUIREMENTS**

#### Minimal Technical Skills Needed

Admission to Graduate Studies at Texas A&M University-Commerce. In addition, students are expected to be able to: 1) Use effectively D2L Brightspace, the University learning management system; 2) Navigate the World Wide Web using a web browser (i.e., Safari, Edge, Chrome, Firefox) and a search engine (e.g., Google, Yahoo); 3) Communicate electronically via email; 4) Send attachments via email; and, 4) Use a word processing computer program, preferably MS Word.

## **Instructional Methods**

Readings, lecture transcripts, threaded discussion, small group activities, and supervised applications.

## Assignments/Assessments

#### 1. Tests (5 tests; 20 points each, 100 total points)

Five (5) tests will be completed during the term. Test items will be drawn from transcribed lectures, text, and assigned readings. Test items have been designed to address all levels of Bloom's (Anderson & Krathwohl, 2001; Bloom, Engelhart, Furst, Hill, & Krathwohl, 1956) taxonomy. Thus, you will encounter items for which responses are not readily found directly in the text or lessons. Instead, discerning the correct response will require an in-depth understanding of the concepts upon which the item is based. There is no set schedule for completing tests. All tests are available throughout the semester, but must be completed by noon of the last day of the semester. Final grade value: 30%

## 2. Discussions (8 discussions; 160 points total)

Students are expected to participate in 8 discussions hosted asynchronously in the LMS. I will post a discussion prompt on designated days. You are expected to respond to that prompt typically within 48 hours and to respond to at least 3 classmates' contributions 48 hours after that. Twenty possible points can be earned for each weekly discussion, distributed as follows: Your initial contribution – 10 points; first response to a classmate's contribution – 5 points; second response to a classmate's contribution – 2 points; having the last word – PRICELESS! Final grade value: 25%.

#### 3. Assessment Instrument Completion and Reaction (100 points)

I will identify 2 assessments available at no charge for on-line completion or for downloading, printing, and written completion. You are to complete these, then submit a 1-2 page reaction for each in which you discuss your expectations regarding the assessment, the complexity/simplicity of the items, the perceived relevance of the measure, your anticipated results versus your actual results, etc. An Assignment Folder will be designated which will include detailed assignment instructions and to which you will submit each review. 4. Key Assignment 22: Assessment Instrument Results/Interpretation Presentation (100 points)

Students will be presented with results from an assessment battery, along with technical and interpretation data for those measures. From these, students will prepare a written narrative for stakeholders (e.g., client, parents of a minor, treating/diagnosing counselor), selecting those measures most germane to the identified, fictional individual, incorporating all appropriate information. Additional assignment guidelines and requirements will be provided during the semester. Final grade value: 25%

# LATE ASSIGNMENTS

Occasionally, students require "extra" time in order to complete an assignment. One additional week may be "purchased" with 10% of the possible grade for an assignment. For example, Harry is unable to complete and submit his Assessment Instrument Completion and Reaction on time. The maximum grade Harry can receive now on his Assessment Instrument Completion and Reaction is 90%. Extra time cannot be purchased for completing tests.

# GRADING

Final grades in this course will be based on the following scale:

90%-100% A 80%-89% B

70%-79% C 60%-69% D < 59% F

# **TECHNOLOGY REQUIREMENTS**

## **Browser support**

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
- The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.

Browser	Supported Browser Version(s)	Maintenance Browser Version(s)
Microsoft® Edge	Latest	N/A
Mozilla® Firefox®	Latest, ESR	N/A

Apple	iOS®	Safari, Chrome	The current major version of iOS (the latest minor or <b>point</b> release of that major version) and the previous major version of iOS (the latest minor or <b>point</b> release of that major version). For example, as of June 7, 2017, D2Lsupports iOS 10.3.2 and iOS 9.3.5, but not iOS 10.2.1, 9.0.2, or any other version. Chrome: Latest version for the iOS browser.
Windows	Windows 10	Edge, Chrome, Firefox	Latest of all browsers, and Firefox ESR.

- You will need regular access to a computer with a broadband Internet connection. The minimum computer requirements are:
  - 512 MB of RAM, 1 GB or more preferred
  - o Broadband connection required courses are heavily video intensive
  - Video display capable of high-color 16-bit display 1024 x 768 or higher resolution
- For YouSeeU Sync Meeting sessions <u>8 *Mbps*</u> is required. Additional system requirements found here: <u>https://support.youseeu.com/hc/en-us/articles/115007031107-Basic-System-Requirements</u>
- You must have a:
  - Sound card, which is usually integrated into your desktop or laptop computer
  - Speakers or headphones.
  - \*For courses utilizing video-conferencing tools and/or an online proctoring solution, a webcam and microphone are required.
- Both versions of Java (32 bit and 64 bit) must be installed and up to date on your machine. At a minimum Java 7, update 51, is required to support the learning management system. The most current version of Java can be downloaded at: JAVA web site <a href="http://www.java.com/en/download/manual.jsp">http://www.java.com/en/download/manual.jsp</a>
- Current anti-virus software must be installed and kept up to date.

Running the browser check will ensure your internet browser is supported.

Pop-ups are allowed. JavaScript is enabled. Cookies are enabled.

- You will need some additional free software (plug-ins) for enhanced web browsing. Ensure that you download the free versions of the following software:
  - o Adobe Reader https://get.adobe.com/reader/
  - o Adobe Flash Player (version 17 or later) https://get.adobe.com/flashplayer/
  - <u>Adobe Shockwave Player</u> <u>https://get.adobe.com/shockwave/</u>
  - <u>Apple Quick Time</u> <u>http://www.apple.com/quicktime/download/</u>
- At a minimum, you must have Microsoft Office 2013, 2010, 2007 or Open Office. Microsoft Office is the standard office productivity software utilized by faculty, students, and staff. Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents for assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.

# ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or <u>helpdesk@tamuc.edu</u>.

**Note:** Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

# COMMUNICATION AND SUPPORT

## **Brightspace Support**

## Need Help?

## **Student Support**

If you have any questions or are having difficulties with the course material, please contact your Instructor.

## **Technical Support**

If you are having technical difficulty with any part of Brightspace, please contact Brightspace Technical Support at 1-877-325-7778 or click on the **Live Chat** or click on the words "click here" to submit an issue via email.

### System Maintenance

Please note that on the 4th Sunday of each month there will be System Maintenance which means the system will not be available 12 pm-6 am CST.

## **Interaction with Instructor Statement**

I prefer to interact via email (Chester.Robinson@tamuc.edu) or via text (903.366.2125). Typically, I will respond within 24 hours Sunday – Thursday. Emails/texts received on Friday or Saturday MAY NOT be answered until Monday morning. While I do have these capacities on my phone, I prefer to respond from my computer instead of "poking" a response on the phone's virtual keyboard.
