## **COURSE REQUIREMENTS**

## **Minimal Technical Skills Needed**

The course requires the use of the learning management system (D2L), and the use of Microsoft Word, Excel and PowerPoint to conduct assignments and presentations.

## **Instructional Methods**

The course will use a combination of lecture ppts, videos and online discussions. All course materials are put under doc sharing in D2L.

## **Student Responsibilities or Tips for Success in the Course**

Regularly logging into the course website is required. Students should check their emails frequently to receive notifications and updates of course processes. Although the professor will send reminder emails when an assignment is due, it is your responsibility to meet all deadlines. It is the responsibility of the student to ensure that all notifications and materials sent to the professor are received by the professor. You should plan your time carefully.

### **Deadlines are absolute:**

All discussions, assignments and exams must be completed on the due date. **Late work will not be accepted and will be graded as zero.**

**Email Policy:** When you send me email, be sure to include the course title (MKT497) and section number in the subject line.

Note: If you send an email through the Leo account, the course title and section number will be automatically shown there.

I receive more than 50 emails a day. To ensure that your email reaches my inbox and reduce confusions, do include your course title and section number in your email subject line.

Students are required to check their email at least once a day. The eCollege environment will be used for class related material and document posting so the students are expected and required to have access to that platform.

### **Academic Honesty Policy**

Students are required to sign and return the academic honesty policy document during the first week of the class. Any form of cheating is not allowed or tolerated in this class and will be reported to the college and graduate school. The cheating includes but is not limited to: copying, lying, copying from another's assignment or test, changing the answers on an exam or assignment for re-grade, assisting another student in doing dishonest behavior.

## **GRADING**

### **1. Assignments**

Both the two assignments require you to watch the expert session videos within your course account. Details will be posted in D2L.

## 2. Discussions.

The class has two discussion topics. The discussion topics are related to the individual assignments. You have to make at least 3 posts in 2 different days to get full credits. Details will be posted in D2L

## 3. Exams

Two exams will be given during the semester. These exams will cover textbook readings, lecture material, videos, and even possible guests' lectures. Basically, you are responsible for all of the material presented in the class.

You should finish all of the chapter quizzes before you start to take the exam. Although the chapter quiz is not counted towards your grade, it is a great way for you to prepare for the exam. In addition, some quiz questions will be included in the exams.

There is no make-up exam. Each exam time limit is approximately 2 hours. You will not be able to print exams. Exams are not resettable. Access to the exams will be restricted after the due date.

Your grade will be determined by your performance on all the above assignments. The point distribution for the course is as follows:

Assignments	Total Points
Discussions (2 each @50)	100
Exams (2 each @100)	200
Individual assignment (2 each @ 100 points)	200
Total	500

Your final grade is your total points earned divided by the course's total points. The following scale will be used to assign final grades:

SCORE	>=90	80-89.9	70-79.9	60-69.9	<60
GRADE	A	B	C	D	F

## Assessments

Assignments	Total Points	Percentage in grade	Relating to Outcome
2 Discussions	100	20%	1,2,3,4
2 Exams	200	40%	1,2,3,4
2 individual assignments	200	40%	1,2,3,4
Total	500		

# TECHNOLOGY REQUIREMENTS

## LMS

All course sections offered by Texas A&M University-Commerce have a corresponding course shell in the myLeo Online Learning Management System (LMS). Below are technical requirements

LMS Requirements:

<https://community.brightspace.com/s/article/Brightspace-Platform-Requirements>

LMS Browser Support:

[https://documentation.brightspace.com/EN/brightspace/requirements/all/browser support.htm](https://documentation.brightspace.com/EN/brightspace/requirements/all/browser%20support.htm)

YouSeeU Virtual Classroom Requirements:

<https://support.youseeu.com/hc/en-us/articles/115007031107-Basic-System-Requirements>

## ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or [helpdesk@tamuc.edu](mailto:helpdesk@tamuc.edu).

**Note:** Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

## COMMUNICATION AND SUPPORT

If you have any questions or are having difficulties with the course material, please contact your Instructor.

### Technical Support

If you are having technical difficulty with any part of Brightspace, please contact Brightspace Technical Support at 1-877-325-7778. Other support options can be found here:

<https://community.brightspace.com/support/s/contactsupport>

### Interaction with Instructor Statement

<b>Email Response:</b>
------------------------

The preferred method of communication is through emails. I usually respond within 24 hours (generally quicker than that). In weekend, the response time can be 48 hours.  
When you send me email, be sure to include the course title (MKT497) and section number in the subject line.  
Note: If you send an email through the Leo account, the course title and section number will be automatically shown there.

### **Assignment Policy**

All assignments will be graded within one week, or at least no more than 10 days after the due date. Some students might turn in the assignment earlier than the due date. I usually grade all assignment together unless you make specific requirement.

## **COURSE AND UNIVERSITY PROCEDURES/POLICIES**

### **Course Specific Procedures/Policies**

#### **Deadline**

Deadline is absolute. Missed assignments and exams will result in 0 points. Under exceptional conditions, a late assignment maybe accepted with the permission from the professor. However, under no circumstances will an assignment be accepted more than one week late.

#### **Time Zone:**

The default time zone is Central Standard Time (CST) for all assignments, exams, discussions etc.

#### **Extra credit policy:**

**NO extra credits will be awarded for individual students.** Don't attempt to ask for individual extra credit at the end of semester to raise your grade. It is not fair to other students.

### **Syllabus Change Policy**

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

### **University Specific Procedures**

#### **Student Conduct**

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the [Student Guidebook](#).

<http://www.tamuc.edu/Admissions/oneStopShop/undergraduateAdmissions/studentGuidebook.aspx>

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: <https://www.britannica.com/topic/netiquette>
