Graduate level expectations

- *Writing* – Graduate students should be able to demonstrate critical thinking skills. Graduate level writing must demonstrate an ability to evaluate arguments from various perspectives, be able to formulate well-articulated conclusions based on facts and/or deductive reasoning, and be able to provide a well-reasoned discussion that reflects comprehension beyond an undergraduate level.
- *Responsibility* – Graduate students should demonstrate self-motivation, organization, time management skills and discipline. It is your responsibility to know when assignments, exams, quizzes, etc. are due. Due dates are communicated on the syllabus. If changes are made, the changes are provided via email. I will NOT provide daily or weekly reminders for you. You are responsible for submitting the appropriate files on time and in the required format.
- *Learning* – Graduate studies are designed for more discipline-specific focused learning. I assume you want to learn. My goal is not to solely teach you information that is covered on my exam, but to teach you accounting concepts and the application of accounting concepts. If you only want to know what is on the exam, you are robbing yourself of the value of learning.
- *Final examination for the Master’s/Specialist degree* – **All** candidates must satisfactorily pass a comprehensive examination covering **all** the work within their master’s/specialist degree programs. The Final Examination Report for the Master’s/Specialist Degree is to be submitted to The Graduate School at least three weeks prior to graduation.

Course Requirements:

- *Check your email* – Emails are sent periodically during the semester. You must check your emails regularly to remain abreast of relevant information. When sending an email to me include the course prefix in the subject line, i.e. ACCT###.
- *Posting in eCollege* – Your privacy is paramount. I do not share your personal information with anyone. Remember that “Question” areas in our course are available for all classmates to read. To maintain your privacy, questions regarding scores or other personal issues should be sent directly to my email. I will not respond to public posts regarding scores, grades or personal issues. The “Question” areas in our course should be used for general course related questions, homework questions, questions about the syllabus, due dates, etc.
- *Late work* – Due dates are posted on our syllabus and in our eCollege course. Assignments, exams, quizzes, etc. must be submitted no later than the date outlined in our course. Absent extenuating circumstances, late work is not accepted. Extenuating circumstances do NOT include forgetting, technical difficulties or running out of time. The evaluation of an extenuating circumstance is judged on a case-by-case basis. Documentation MUST be provided in a timely manner. A 30% late penalty may apply even if an extenuating circumstance exists.
- *Homework* – Experience has shown that a clear understanding of accounting concepts and principles requires working through homework assignments. While it can be difficult and even frustrating, the end result of understanding will serve you well in the future. Homework may be collected, discussed and/or reviewed periodically.
- *Reading assignments* – Chapters should be read prior to coming to class. All course lectures, in class activities, and discussions assume that you have completed the required reading prior to coming to class.
- *Exams/ quizzes* – The content and format of the exam/quiz will vary, but may include any of the following: multiple choice questions, problems, matching, or essays. The exam/quiz will be administered on the date outlined in our course. You must plan to take the exam/quiz on or before its due date. Make-up exams/quizzes are given **ONLY** under extenuating conditions. The following are considered extenuating conditions: hospitalization, medical emergency, physical injury, or death of an immediate family member. You **MUST** bring proof of the extenuating circumstance in order to facilitate an exam/quiz make-up. Proof of the extenuating circumstance must be received in a timely manner. For extenuating conditions make-up exams/quizzes must be taken within three days of release or recovery. A 30% late penalty may apply even if an extenuating circumstance exists. Students attending university sponsored events must provide necessary documentation in order to accommodate any make-up exam/quiz.
- *Written work* – Any writing assignments that may be required must be completed and submitted using Microsoft Word. Unless otherwise noted all parts of the written assignment must be submitted in one file, i.e. do not submit two separate documents for grading. If it is necessary to make calculations, table, graphs, etc. using Excel or another program, you must copy the information into the Word document.
- *Cheating, plagiarism, academic dishonesty* – Academic integrity is a serious issue. If any portion of your work (exam, quiz, research assignment, homework, etc.) is copied, plagiarized, purchased, stolen or lacks authenticity, the ENTIRE body of work will receive a zero. The Dean will be notified of any breach in academic integrity. Additional academic sanctions may include failure of the course, dismissal from the program and/or dismissal from the university.
- *Graded work* – There are several issues regarding grading/scoring: 1) I do NOT re-grade work. Once an assignment is returned with a grade/score it cannot be resubmitted. 2) If you disagree with the posted

grade/score on an assignment, you must email me with the specific discrepancy no more than three (3) days after the grade/score is posted. 3) You are NOT permitted to submit an assignment used in a previous course.
