The syllabus/schedule are subject to change.

appropriate, lecture type instruction. The online component also consists of guided modules that are designed to build background knowledge in order to facilitate comprehension of the text content. Students' questions and reflections upon their study are encouraged. The course text was selected because of the strong match between text and course content. It is informative and a very useful resource. Students are expected to read carefully and study the required text.

Student Responsibilities or Tips for Success in the Course

Congratulations for your progress in your education! This is an exciting opportunity. You are preparing for an important profession and certain expectations for your continuing success are listed here.

1. Read the required text and any other assigned material and complete assigned modules in D2L Brightspace. You are expected to complete all modules and assignments in this course. (STR Standard 19 TAC §235.101(c) Reading Pedagogy (b)2, 3, 4, 5, 6; Tech Standards 2.2s-2.10s, 5.3k, 5.3s) **You will turn in Reflections for 7 of the 8 modules (related to the Chapter Readings).**

It is your responsibility to make contact with your instructor if at any time you need support or assistance with accessing course content.

2. Activity Demonstrations/Sharing Activities: At the end of each of chapters 4, 5, 6, 7, & 8 are activities for teaching skills needed at each of the developmental stages. Construct **one** of these from each of the chapters. These will be demonstrated and evaluated according to instructor's directions. The activities will not be accepted at any time other than the scheduled due date. Take the information and directions from the text and produce it into a useable form. That means a total of five activities that will be produced. These will be worth 50 points each. More details will be discussed in class and can be found in D2L. (STR Standard 19 TAC §235.101(c) Reading Pedagogy; Tech Standards 2.1k, 2.2k, 2.5s, 2.8s)

3. Vocabulary Critical Assignment (More Info TBA)

This 3-part assignment will build over the course of the entire semester.

Part 1: Completion of vocabulary information chart (more information is provided in D2L)

Part 2: Content Area Vocabulary Lesson Component

The purpose of this part is to explore strategies for implementing vocabulary instruction within the context of a larger content area lesson. You will need to consider:

The syllabus/schedule are subject to change.

- How teachers select appropriate vocabulary for the lesson (key terms, etc.) based on students' content and language needs
- How to directly teach vocabulary with modeling
- How to embed vocabulary use within the guided practice part of the lesson

You will create a key vocabulary component of a lesson plan that focuses on comprehending or composing text. If the lesson is for a content area other than literacy (social studies or science) specific literacy skills (vocabulary/word study) and strategies will be addressed. The lesson component will highlight the vocabulary skills related to the strategies that together make up the central focus of the lesson. (More details and support will be provided by the instructor.)

Part 3: Reflection

After completing Parts 1 & 2, you will reflect on the process by answering specific questions provided by the instructor. (STR Standard 19 TAC §235.101(c) Reading Pedagogy; edTPA alignment; Tech Standards 4.9s)

4. Spelling Inventory – Looking at class data & planning for small group instruction (May be modified for online semesters, depending on student needs)

This 2-part assignment includes a in-class session led by the instructor. For Part 1, the instructor will guide you through the process of using student work samples to record individual student data and analyze whole class data from a spelling inventory.

For Part 2, you will design a short (20-minute) lesson for small group targeted instruction based on the students' needs in that group. (More detailed information and instructions will be provided in D2L.)

(STR Standard 19 TAC §235.101(c) Reading Pedagogy (b)2, 3, 4, 5, 6; STR Standard 19 TAC §235.101(c) Reading Pedagogy; Tech Standards 4.3s, 4.9s)

5. Writing Stage Analysis and Instructional Decision Making Assignments

Analyze writing samples provided by the instructor and complete individual intervention plans for each student sample. (details found in D2L)

(STR Standard 19 TAC §235.101(c) Reading Pedagogy; Tech Standards 4.3s, 4.9s)

6. Take the scheduled exams when specified. Take the exams as scheduled and when scheduled.
