The purpose of the (**internship**) within the field-based program is twofold: (1) to demonstrate knowledge about content, pedagogy, technology, classroom management, assessment and evaluation, and the teaching and learning process; and (2) to demonstrate the ability to work with and manage students, plan lessons, and teach students using relevant and meaningful learning experiences in a professional manner. Thus, the assessment and evaluation of interns is also twofold as it addresses performance in both field based and seminar settings.

The **instructional leadership team** is the primary decision making team that is coordinated by the cooperating teacher(s) and field supervisor with input from the interns, and principals. Most decisions about the activities and experiences each intern will have are determined by the *ILT* through discussion and consensus. The ILTs are usually composed of at least one cooperating teacher, an intern, and field supervisor.

- Attendance and being on time at **ALL** university seminars, assigned campus days, school/university meetings, and field based staff development. You are **required** to contact your field supervisor and cooperating teacher if you will be missing your assigned campus day or seminar. Your grade could be impacted if you are absent or tardy (see performance evaluation for details).
- Professionalism at the highest level to be demonstrated at all school and university functions. An educator demonstrates his/her professionalism in ways such as being on time, participating in, and contributing to class activities, accepting responsibility, and consistently demonstrating professionalism during seminar, on assignments, and in the field (see performance evaluation for details).

Lesson Plans and Evaluation:

The syllabus/schedule are subject to change.

Learning Outcomes: 1-10 (see Student Learning Outcomes)
Assessment Method: Documentation through lesson plans, evaluations, observations (Cooperating Teacher/Field Supervisor)

- Teacher Candidates will participate in all components of the POP Cycle performance assessment – pre-conference, observation, and post-conference. The POP Cycle observation will be evaluated from your field supervisor. Prior to the pre-conference, you will provide your field supervisor with the lesson plan at least 48 hours in advance. You will discuss the components of the lesson plan with your field supervisor at the pre-conference. At the post conference with your field supervisor you will share your reflections and receive feedback from your field supervisor.
- Teacher Candidates will create a pre-assessment, collect and analyze data prior to the lesson observation and plan for support and extension activities based on data. Teacher candidates will review post assessment data after the lesson implementation and plan for a re-teach or support for students that did not meet the objective.
- Informal walkthrough observations evaluated by the field supervisor.
- Midterm Evaluation covering experiences from field and seminar as completed by the ILT. (see performance evaluation for details)
- Final Evaluation covering experiences in the field and seminar as completed by the ILT. (see performance evaluation for details)

Field-Based Investigative Report:

Student Learning Outcomes: (ELA/Reading Standards 1-12; PPR Standards 1.1k-1.6k, 1.25k; TEC §38.003 Screening and Treatment for Dyslexia and Related Disorders; TAC §74.28. Students with Dyslexia and Related Disorders)

Assessment Method: Narrative Report or other format as determined by Center Faculty

Each intern will conduct a field-based investigation on their assigned campus of the procedures used for identifying, assessing and serving ELL and non-ELL students with dyslexia or a related disorder. The investigation includes detecting the array of instructional support services available to identified students and the resources available to teachers. Findings will be compiled in a narrative report or another format determined by Center Faculty and will be presented in seminar where the different campus processes will be compared and contrasted.

Student Responsibilities or Tips for Success in the Course

Teacher Candidates are expected to:

- Report to their assigned school for teaching responsibilities. During intern semester, EC-6 and 4-8 Teacher Candidates will participate in internship for a total of three days per week. Teacher

The syllabus/schedule are subject to change.

Candidates will be in the field for the contract hours for teachers in that district. Teacher Candidates are expected to follow the check in procedures of the school.

- Participate in all activities in the school and the district, and to take part in after-school programs, special programs, PTA meetings, faculty meetings, and any other activities of the school as much as the Teacher Candidates are able.
- Follow the academic calendar of the assigned public-school district. Any changes or exceptions to this will be noted by the Center Coordinator.
- It is expected that Teacher Candidates will be present and on time to their assigned campus except in cases of serious illness or other extenuating circumstances. In those instances, the Teacher Candidate must contact the Cooperating Teacher and Field Supervisor no later than the morning of the necessary absence AND prior to the required arrival time at the campus.
- Excessive absences that interfere with the successful completion of internship may require you to be placed on a growth plan and/or dismissed from the program. Decisions regarding extenuating circumstances will be made in coordination between the TC, Cooperating Teacher, Field-Supervisor and Center Coordinator on a case-by-case basis.
- Notify your Field Supervisor anytime there is a change in plans due to early dismissal, assembly program, PTA meetings, unscheduled holidays, or any unforeseen event. Field Supervisors occasionally stop by unannounced and must always know where Teacher Candidates will be.

GRADING

Grading will reflect a combination of seminar and field work. *Field focus: prior preparation, strength and delivery of lessons, knowledge of subject matter, utilization of lesson design, and assessment of student progress.*

The following holistic scoring will be utilized:

A (90 – 100%) = Commendable. Well above average in initiative, thought, organization, reflection, and implementing professional choices. Evidences extensive control of own decision-making and learning processes. Monitors, adjusts, and manages independently. Excellent attitude, attendance, participation and completion of assignments by due date

B (80 – 89%) = Developing. Functional, but in need of instruction regarding initiative, thought, organization, reflection, and implementing professional choices. Evidences some control of own decision-making and learning processes. Monitors, adjusts, and manages--but requires intervention. Good attitude, attendance, participation and completion of assignments by due date

C (70 – 79%) = Needs Improvement. Some lack of initiative, thought, organization, reflection, and responsibility. Evidences little to no control of own decision-making and learning processes. Does not adequately monitor, adjust, and manage. Sometimes exhibits poor attitude, attendance, participation and completion of assignments by due date.

D (less than 70%) = Not recommended for teacher certification

Grading (Determined by criteria shared below)

A&M-Commerce requires the use of face-coverings in all instructional and research classrooms/laboratories. Exceptions may be made by faculty where warranted. Faculty have management over their classrooms. Students not using face-coverings can be required to leave class. Repetitive refusal to comply can be reported to the Office of Students' Rights and Responsibilities as a violation of the student Code of Conduct.

Students should not attend class when ill or after exposure to anyone with a communicable illness. Communicate such instances directly with your instructor. Faculty will work to support the student getting access to missed content or completing missed assignments.

The syllabus/schedule are subject to change.
