(How do people come to experience certain problems like domestic violence, poverty, sexism, depression, etc.)? - How does your background (e.g., professional, familial, current relationships, ethnic-racial, religious, age, gender, socio-political perspectives) shape your answers to these questions?
- Why do or don't people seek help?
- What causes people to change? What helps or forces people to change?
- Why do some people change while other people don't change?

ASSIGNMENT II:

PART I: BIOPSYCHOSOCIALSPIRITUAL ASSESSMENT : (APPENDIX C) (50 POINTS)

Students will complete a biopsychosocial assessment of **a main character** in one of 7 movies below. A biopsychosocial assessment is a comprehensive assessment of an individual or family. **First**, you explore the different factors that could be contributing to the problem. **Second**, you want to look at their strengths and what about them or their life circumstances can help them address their problems/concerns. **Third**, you will identify factors that might hinder their ability to address their problems.

This will be discussed in detail in class. The biopsychosocial assessment outline will be loaded in D2L for students. This assignment focuses on assessment of the problem. All written assignments will be graded for content as well as grammar, spelling and punctuation. **This assignment has THREE parts: This is PART ONE of a THREE PART assignment.**

Movies (Choose one of the 7 movies for your Part I and Part II, and Part III. Choose someone that is interesting. Please understand that these movies were chosen because they fit with the assignment and fit with clients that you may see. These movies may contain abuse, adult activity, harsh language, intense graphic violence, drug abuse, child abuse, and nudity.

1. **Boys Don't Cry** – The story of the life of Brandon Teena, a transgendered teen who preferred life in a male identity until it was discovered he was born biologically female.
2. **Real Women Have Curves** - This is the story of Ana, a first generation Mexican-American teenager on the verge of becoming a woman. She lives in the predominately Latino community of East Los Angeles. Freshly graduated from high school, Ana receives a full scholarship to Columbia University. Her very traditional, old-world parents feel that now is the time for Ana to help provide for the family, not the time for college. Torn between her mainstream ambitions and her cultural heritage she agrees to work with her mother at her sister's downtown LA sewing factory.
3. **Precious**- Pregnant by her own father for the second time, 16-year-old Claireece "Precious" Jones (Gabourey Sidibe) can neither read nor write and suffers constant abuse at the hands of her vicious mother (Mo'Nique). Precious instinctively sees a chance to turn her life around when she is offered the opportunity to transfer to an alternative school. Under the patient, firm guidance of her new teacher, Ms. Rain (Paula Patton), Precious begins the journey from oppression to self-determination.
4. **Glass Castle**: Based on a memoir, four siblings must learn to take care of themselves as their responsibility-averse, free spirit parents both inspire and inhibit them. When sober, the children's brilliant and charismatic father captured their imagination, taught them physics, geology, and how to embrace life fearlessly. However, when he drank, he was dishonest and destructive. Meanwhile, their mother abhorred the idea of domesticity and did not want to take on the work of raising a family.

5. **Fences:** Troy Maxson (Denzel Washington) makes his living as a sanitation worker in 1950s Pittsburgh. Maxson once dreamed of becoming a professional baseball player, but was deemed too old when the major leagues began admitting black athletes. Bitter over his missed opportunity, Troy creates further tension in his family when he squashes his son's (Jovan Adepo) chance to meet a college football recruiter.
6. **The Soloist:** Los Angeles columnist Steve Lopez (Robert Downey Jr.) has reached an impasse in his life. His marriage is on the rocks, and he is disillusioned with his job. Then, while wandering through L.A.'s Skid Row, he spots a homeless man (Jamie Foxx) playing a two-stringed violin with a virtuoso's skill. Lopez initially thinks of the man, named Nathaniel Ayers, as just a story idea. But as he begins to unravel the mystery of Ayers' strange fate, Lopez realizes that a change is happening within himself.
7. **Infinitely Polar Bear:** In Boston, a bipolar individual (Mark Ruffalo) takes over sole responsibility for his two spirited daughters while his wife (Zoe Saldana) attends graduate school in New York.

PART II EVIDENCE BASED INTERVENTION (50 POINTS)

Student will have to support each of the interventions in the treatment plan with empirical evidence. This means that the student will need to access **at least one peer reviewed article for the intervention** and write a one-page summation for each intervention of the appropriateness of the intervention in addressing the issue/problem. Students will use APA citations and formatting.

PART III: (APPENDIX D) TREATMENT PLAN (50 POINTS)

Students are expected to write a treatment plan for their client in **PART I** and **PART II**. The student will take the presenting problem(s), combined with the biopsychosocial spiritual assessment and creates a treatment plan for the client. The components must include brief restatement of the problem(s), treatment goals, including specific objectives to reach these goals. **Must have at least ONE empirically based intervention.** You will be provided with guidance as to formatting for the Treatment plan.

GRADING: Students grades will be based on their clinical analysis of the client, the interventions, the integration of readings chosen from the text to critically assess issues; and degree to which they can demonstrate the skills they have learned in class. A Rubric for grading will be provided.

ASSIGNMENT III: (APPENDIX E, F)

INTERVIEW

(50 POINTS)

Each student will conduct a role-play interview, that is videotaped. The attending, engaging, and listening skills learned and practiced in class must be clearly identifiable (Chapter 6 of your text). These skills will be clarified and summarized for you throughout the semester. You will be given a list to choose from and will turn this into your instructor with you videotaped interview. You may submit your interview in a format that is compatible with the TAMUC computer system. You will submit both the interview and the identified skills sheet in D2L by the due date.

ASSIGNMENT IV: (APPENDIX G)

EXAMS:

200 points (50 points each)

There will be Four Examinations that consist of multiple choice and true/false. These exams cannot be made up. Please make sure you complete these by the due date.

In order to encourage learning versus memorization, **students will have extended time to complete the exams.** You may use your text, notes, and power points to assist you when taking the exams. The desire is that by going back over these elements students will retain important information for practice. The time will be set at 360 minutes for 50-question exam.

School of Social Work and Council on Social Work Education Specific Policies

Course Engagement

Final Evaluation and Grade Depends on both Classroom attendance and Participation

Inadequate participation or lack of required time commitment in each class significantly affects students' grades. No matter the course venue, students must engage in a comparable amount of time. Expectations of both Face-to-Face classes and those with Online components include time spent reading and studying course material. To earn a level of competency within a specific course, students must demonstrate both mastery of content and active engagement.

Mastery of content areas is evidenced by successful completion of course assignments such as written papers, group project deliverables, tests/quizzes and other tangible products designed by instructors to evaluate knowledge and skills.

Additionally, the Social Work Profession is built upon human interactions and building human relationships – which is defined as engagement. Engagement is defined as meaningful involvement in interactions with instructor, peers, outside stakeholders as appropriate (such as contacting a social worker to interview for a required assignment). Within the classroom setting, whether virtual or F2F, students must actively participate in 80% of engagement activities as outlined by individual instructors. These activities may include, but are not limited to participation in live, synchronous virtual classes, attending a Face-to-Face course when appropriate, interacting with peers in posted discussions and collaborating in group interactive projects.

Students must meet standards for content mastery on tangible assignments and meet the threshold of active engagement of the time set during a semester by the instructor.

Instructors are experts in each course content area and set the standards for students to meet for successful completion of the course.

Student Conduct

Students preparing to become professional social workers must adhere to the *University Code of Conduct, Department Code of Conduct and National Association of Social Workers' (NASW) Code of Ethics*.

Department Code of Conduct

"Faculty have the authority to request students who exhibit inappropriate behavior to leave the class/lab/internship practicum or to block access to online courses and may refer offenses to the [Academic and Professional Issues Committee (API)] or to the Department Head. More serious offences by be referred to the University Police Department and/or the Judicial Affairs Office for disciplinary action" (Student Guidebook p 35)

Social Work students conduct themselves in an ethical and professional manner.

Closely linked with professional recognition is the social worker's compliance with the profession's ethical standards. It is imperative for professional social workers to be competent and ethical in practice if the profession is to maintain the public trust. It is essential that each social work student gain a thorough understanding of the ethical principles that guide practice and actively demonstrate in behavior, both in and out of the classroom. Student conduct is to reflect the tenets of *NASW Code of Ethics* (located at <https://www.socialworkers.org/pubs/code/code.asp>) on the NASW website: <https://www.socialworkers.org>

University Code of Conduct located in the *Student Guidebook* at

<http://www.tamuc.edu/campuslife/documents/studentGuidebook.pdf> (pp 34- 66). On the University Website under Campus Life Documents

To become aware of university policies related to student academic and behavioral expectations for students refer to the Guidebook
