COURSE REQUIREMENTS

Professional Behaviors: This is a wholly online course. Attendance online in D2L is expected; regular, consistent participation is important. We do important things every week of class – don't miss it. Excessive absences (less than 3 hours a week logged in to course materials, or 10 days without logging into D2L) may prompt an administrative withdrawal.

- Read textbook assignments, supplemental reading assignments, lecture notes, and PowerPoint presentations.
- Check Leo email frequently, at least twice a week.
- Discussions: Participate in frequent online class discussions, whole class or small groups. Most are asynchronous – not live. Occasional synchronous (real-time, live) YouSeeU or ZOOM sessions require your participation when scheduled. Occasional opportunity, optional, to go onsite to schools and centers for guided observation.
- Quizzes: Read all assigned readings. Participate in frequent chapter quizzes as posted in D2L modules.

Self-evaluate your professional behaviors TWICE, at the beginning and end of course.

Technical Skills Needed:

Check Leo Mail frequently, at least twice a week.
Use Adobe Reader to access required digital files.
Create papers and presentations in MS Office, or Open Office, or Pages.
Communicate regularly and robustly with colleagues and peers through Discussion Boards in D2L.

The syllabus/schedule are subject to change.

Instructional Methods

Class meets online in D2L. Assigned readings must be completed before class. Lectures include PowerPoint, videos of children and adults talking, creating hands-on materials, and handouts. Active participation in class discussion is expected from everyone. Class leadership is welcomed and encouraged; bring a song, a book or story, a game to play, or insights from the readings or field work with your case study participant. Upload work in D2L, such as pictures of inspiring spaces, materials you are making for Gallery Walk and for your future classroom, and questions about designing Learning Environments for young children. Regular quizzes over the chapters in the textbook help deepen your knowledge of the course content. Timely completion of online discussions is required.

Student Responsibilities or Tips for Success in the Course

Successful students come to class prepared, on-time, and ready to engage and participate in active learning. Online work frequently requires extensive reading beyond the textbook. Plan to work in D2L about one to two hours per week, with regular textbook reading assignments about one-hour every week. Time making materials will vary, but expect to spend around 10 hours total over the course of this semester.

GRADING

A holistic grading approach is sought. Rather than a scorecard with points, students must account for their mastery of the course objectives, and thus their grade in the course. This is done through the use of the Professional Behavior Survey. You will **self-evaluate your professional behaviors** TWICE, once at the beginning, and again at the end of the course.

Assessments (each worth 10 points, 10% final grade)
