Meeting location: TBD

**COURSE DESCRIPTION**

ART 463 is an advanced study of typography and its application in visual communication. This course will build on the fundamentals acquired in Typography by utilizing type as the main visual and communicative message. Students learn through concept development, typographical refinements, and polished execution of projects focusing on type relationships. Projects will explore the ability of type to communicate a message while using the typography as the primary visual. This will be accomplished through a combination of lectures, out of class reading or research, assignments/design projects, production of digital comprehensives (comps), discussions in and out of class, and class critiques.

**COURSE OBJECTIVES**

Students will continue to:

1. Strengthen skills and understanding of typography
2. Further examine the principles of hierarchy
3. Proficiently develop page layout by utilizing the grid system
4. Explore the art of hand drawn typography
5. Incorporate typography design vocabulary into critiques and project conversations
6. Build an understanding of professional expectations, presentations and processes

**COURSE STRUCTURE**

The class will be a combination of lecture, in class work and critiques with outside class exercises and assignments. The weekly schedule will be rigorous and meant to mimic a "real-world" professional practice environment. A commitment to many hours of homework will be necessary to achieve the goals for this class and its completion. Understanding typography will play a crucial role in all of your future design endeavors.

**ATTENDANCE**

FIRST ABSENCE: The student will receive an email and a copy goes to Lee

SECOND ABSENCE: The student will receive an email and a copy goes to Lee who will contact the student.

THIRD ABSENCE: Lee emails the student that they have failed the course.

Two tardies of 10 minutes equals one absence.

A tardy of 60 minutes equals one absence.

**CLASS POLICY**

If a student does not show up for the final, they automatically fail the class.

COMPUTERS, CELL-PHONES, EAR BUDS, OR OTHER PERSONAL TECHNOLOGY.

Devices may not be turned on or used in class without the permission of the instructor.

**SYLLABUS AND SCHEDULE UPDATE POLICY**

The syllabus and schedule are a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus and/or schedule during the semester. Any changes made to the syllabus/schedule will be announced in advance.

**PROJECT PARAMETERS**

Assignment information, pdfs of examples, etc. will be posted in a weekly D2L folder for reference.

All projects have weekly steps to be accomplished by the beginning of the next class meeting. Mini-deadlines are part of the overall assignment and play a role in your projects final grade.

All work is due on the assigned date and time. For a project to be considered complete, the specified electronic portion should be uploaded, as directed, into the appropriate folder on D2L as detailed in the assignment. Plan for a disaster and allow yourself as much time as possible to complete your assignment. Late work is accepted only at instructors discretion.

On certain assignments, written peer critique will be required. A discussion forum will be created for each written requirement. Each student will start a thread to upload their assignment. Directions for this process will be made available by instructor.

At various stages in a project you will be required to present your work to your peers and instructor. You will explain the piece(s) in detail, giving rationale and insight into the decisions you've made for the client. During class you may not work on other course projects.

**ASSIGNMENTS** (Assignments are subject to change based upon the needs and progress of the class)

This semester will consist of 4-6 typography projects that will vary in length and complexity—the majority of which will yield portfolio level projects.

- 1. Class Projects 80%
- 2. Participation Grade 20%

Final grades are non-negotiable

**GRADING SCALE**

**A – 90-100** = Work well above the general class level, evidence of participation in related activities

Outside of the classroom, thoughtful participation in classroom discussion and critique

Superlative work: careful attention to craft and presentation. Originality of idea and execution work together. Goes beyond merely solving the problem – one who performs at this level is visibly outstanding, work is outstanding in every respect.

**B – 80-89** = Work above the general class level, participation in classroom discussion and critique

Fine work. A few minor changes could have been considered and executed to bring piece together. Goes beyond merely solving the problem. Above average: solution to the problem and idea well planned. Execution is well done.

**C – 70-79** = Average work, minimal requirements met

Average or a bit above: slipping in levels of originality, craft and presentation. The piece does not work well as a unified whole or statement yet effort was made. You have solved the problem but in a relatively routine way.

**D – 60-69** = Work below class average, lack of participation and/or poor attendance

You have solved the problem but there is much room for improving your skills and developing your concepts further.

You have neglected the basic craftsmanship skills and breadth and depth of idea development. You were unable to meet mini deadlines. Represents careless and/or incomplete effort. Work is substandard.

**F – 0-59** = Inferior or unacceptable work and effort, work not turned in, or failure to attend class.

In addition to exercises and projects, your final grade will also be based on critique participation and application, work ethic, and attitude. In addition to project progress, students final grade will also be based on critique participation and application, work ethic, and attitude.

The Department of Art reserves the right to discontinue enrollment of art major students at any time if satisfactory academic progress is not being made. Students who have accumulated three unsatisfactory grades (D or F) in studio art or visual communication courses taken for college credit at Texas A&M University-Commerce or elsewhere will not be permitted to continue, be readmitted, or graduate with a major in studio art or visual communication. Courses in which a grade below the minimum is received may only be repeated once.

**GRADE EVALUATION**

Your final grade will be based on an average of all assignments, attendance and your participation grade. The participation grade is based on: dedication to methodology application, conceptual thinking ability, craftsmanship, daily class involvement and contributions to your classmates, as well as both a desire and capacity to show progress and meet deadlines from week to week. Grades will be discussed on an individual basis by office appointment only—not in class please. Note: Violations of class policy with respect to unauthorized use of computers, cell-phones, ear-buds, or other technology will result in point deductions from the current assignment. The instructor reserves the right to alter this policy if class disruptions become an on-going problem and class distraction.

**CRITIQUE**

When presenting multiple solutions, please combine concepts/files into one pdf containing multiple pages. Submitting multiple single page pdf's will not be accepted.

When presenting pencils, students who don't have access to a scanner can use any free phone scanning app, such as Adobe scan. Make sure that the image has enough contrast to be seen online. This can be done in the app software or with Photoshop. The goal is to provide an image that can receive a response.

Each student will have a pdf of their assignment uploaded to D2L as well as physical comps if required. In some cases, students will be directed to have their work open in a specific software for critique and immediate feedback application.

Critique format will be determined by project need.

**INSTRUCTOR RESPONSE TIME**

Communication from students will be responded to within a reasonable time during the work week. Weekend communication will be handled the next business day, unless noted. Due to the high volume of email that is received, an important message may be missed. If an important email has not been responded to within 2days, please send again.

Please use your university email as your primary source of contact. If your email is more than a short paragraph, please consider making an appointment.
