COURSE REQUIREMENTS

Minimal Technical Skills Needed

In this class, you will utilize the Learning Management System (LMS) entitled D2L for portions of instructional and learning methods, submitting assignments, participating in online discussions, and completing quizzes. You will also need to download the Zoom application to your personal computer or smart phone in order to access office hours and other virtual meetings. To complete assignments, you will need to utilize other technologies such as Microsoft Word, PowerPoint, etc. If you have issues with this system, it is your responsibility to contact the help desk immediately.

Instructional Methods

This course consists of lecture and didactic learning methods, small group discussions, and in- class assignments, coupled with experiential learning and practical application. When we are not meeting face-to-face, you will be expected to participate and complete all online tasks via D2L. In addition to this, small lecture, discussion, activities, and workshops may be utilized during this course.

Student Responsibilities and Tips for Success in the Course

As a student in this course, you are responsible for being active in your learning process. Expectations of this course include the following:

1. You are expected to display professionalism at all times. Be respectful of your professor and peers. Be open to feedback, as you will receive this throughout the program.
2. Prepare for classes. Complete any and all readings prior to class time.
3. Complete all assignments by the deadline.
4. Adhere to the university's Student Code of Conduct.
5. Participate. During face-to-face classes, you are expected to actively participate in all activities and discussion. In the online format, you are expected to participate in all online discussions/activities. This is crucial to your learning.
6. Writing style APA 7th edition (refer assignment guidelines)
7. Regularly check your university email. My suggestion is to check this at least once a day as your instructors and others from the department and University may contact you.
8. Begin your readings ASAP. Sometimes it may take more than one attempt to digest the material.
9. Deadlines are the last possible moment something is due—not the first moment to start. Work ahead. I realize this may not always be possible; however, when you can, do so.
10. Be open to the process. This degree takes time, work, effort, and growth.

COURSE ASSIGNMENTS/ASSESSMENTS

3. **Current Labor Market Information (10 points).** Go to the following websites:

<https://www.bls.gov/ooh>

<https://www.counseling.org>

<https://txca.org>

<https://www.onetonline.org>

Note: Review other pages as well

Review these websites with a peer and search for areas and/or keywords such as “jobs, careers, counseling, different specialty areas of counseling.” Give a one-page summary reflection on what you learned after your investigation. This summary may reflect on areas such as what counselors do, environments they may work in, educational requirements, pay expectations, outlook, state/national data, job posting information, required skills, etc.

You will want to include both a short summary and a reflection of your exploration. The purpose of this assignment is to learn more about the current labor market relevant to the counseling profession and how this might affect your job outlook.

4. **Informed Consent (20 points).** For this portion of the PIDP, you will develop an informed consent form that can be used in counseling sessions. The purpose of this assignment is to gain knowledge in ethics and legal issues. You will utilize the 2014 ACA code of ethics (<https://www.counseling.org/resources/aca-code-of-ethics.pdf>). Use your textbook and the online library for resources (you can find examples of informed consents in counseling online and through the TAMUC library database). Read the ACA code of Ethics (2014) to identify what needs to be included in the informed consent form.
5. **Self-Care and Self-Evaluation Plan (10 points).** Students will start this activity in class with a peer/ two; students will be introduced to a card sort activity. The students are encouraged to follow the activity for 15 weeks and write a two-page reflection paper addressing the following, what self-care means to you? What was the activity? How was the experience? What was challenging? What are some strengths? Other additional reflection can be added.
6. **Interview Show and Tell (10 points)**

Interview a counselor or school counselor; example questions will be discussed in class. The focus of this assignment is to help get an understanding from a practicing professional. Note: time is important so keep your interview under 30 minutes. You can also do this online or face to face.

 1. Write a two-page reflection paper, expressing the purpose of your questions, what you learnt from the interaction, what are your overall emotions/thoughts from this activity, and what are some questions you still have.

TECHNOLOGY REQUIREMENTS

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.
