## TE<sub>x</sub>ES COMPETENCIES

### **Competency 004 (Program Management)**

The school counselor understands how to plan, implement and evaluate a developmental guidance program, including counseling services, that promotes all students' success

### **Competency 006 (Counseling)**

The school counselor understands how to provide effective counseling services to individuals and small groups.

### **Competency 010 (Professionalism)**

The school counselor understands and complies with ethical, legal, and professional standards relevant to the profession.

## COURSE REQUIREMENTS

### **Minimal Technical Skills Needed**

In this class, you will utilize the Learning Management System (LMS) entitled D2L for portions of instructional and learning methods, submitting assignments, and participating in online discussions. You will need to utilize other technologies such as Microsoft Word, PowerPoint, etc. If you have issues with this system, it is your responsibility to contact the help desk immediately.

At a minimum, you must have Microsoft Office 2013, 2010, 2007 or Open Office. Microsoft Office is the standard office productivity software utilized by faculty, students, and staff. Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents for assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.

### **Instructional Methods**

This course consists of lecture and didactic learning methods, small group discussions, and in-class assignments, coupled with experiential learning and practical application. This class will be meeting face-to-face, moreover you will be expected to participate and complete all online tasks via D2L. In addition to this, small lecture, discussion, activities, and workshops may be utilized during this course.

## **Student Responsibilities or Tips for Success in the Course**

As a student in this course, you are responsible for the active learning process. Expectations of this course include the following:

1. You are expected to display professionalism at all times. Be respectful of your professor and peers. Be open to feedback, as you will receive this throughout the program.
2. Prepare for classes. Complete any and all readings prior to class time.
3. Complete all assignments by the deadline.
4. Adhere to the university student code of conduct.
5. Participate. During face-to-face classes, you are expected to actively participate in all activities and discussion. In the online format, you are expected to participate in all online discussions/activities. This is crucial to your learning.
6. All writing assignments must be done according to APA 7<sup>th</sup> edition.
7. Regularly check your University email. My suggestion is to check this at least once a day as your instructors and others from the department and University may contact you.
8. Begin your readings ASAP. Sometimes it may take more than one attempt to digest the material.
9. Deadlines are the last possible moment something is due—not the first moment to start. Work ahead. I realize this may not always be possible; however, when you can, do so.
10. Be open to the process. This degree takes time, work, effort, and growth.

## COURSE ASSIGNMENTS/ASSESSMENTS

### 1. Class Participation and Attendance (30 points)

Due to the nature of this class, attendance and participation are essential. Participation is credited to all activities related to this course. Please be aware that being consistently late to class can also constitute as an absence, particularly when a pattern of lateness emerges without justification. Students will demonstrate knowledge and understanding of key concepts through class discussions and in-class activities. Regular attendance, arriving to class on time, and reading the materials before class are expected.

You are encouraged to actively participate in and out of class. Do not expect/rely only on class lecture for your learning. This class requires you to be an active and critical thinker, to share your thoughts respectfully, to engage with the material honestly and openly, and to participate in discussions with your peers.

This course is one of the foundational courses for facilitating your beginning knowledge and skills related to the counseling field; thus, attending, participating, and experiential learning within and outside of the classroom are crucial. You will have many opportunities to contribute to the total learning experience through attendance, discussion, and assigned activities.

If you are unable to attend a class session you must contact me prior to the class period. Tardiness also delays class activities and is highly discouraged. Students should be in attendance for ALL class sessions. However, situations do arise, and it is understood that “life happens”. Parts of classes are counted, including arriving late to class, and will be considered missing part of a class or being absent.

The following criteria will be used to determine participation & attendance points:

#### In-Class Discussion Rubric

	<b>1 – Does Not Meet Expectations</b> (0-1.9 points)	<b>2 – Meets Expectations</b> (2-3.9 points)	<b>3 – Exceeds Expectations</b> (4-5 points)
Discussion Contribution Qualities (5 points)	<b>Student absent OR present, BUT clearly not engaged in the activity. Fails to contribute.</b>	<b>Student present AND adequately engaged. Contributions typical of graduate-level thinking, but lack innovation/uniqueness</b>	<b>Student present AND engaged, often leading discussion. Comments promote/motivate others to engage. Often offers unique/innovative/ insightful commentary</b>

**2. Theory/Chapter Summary Reviews (4 points each; 40 points total):** Using the structure in Appendix A, you will complete a summative review on each theory at the end of the week we are scheduled to cover the theory. *The review needs to be submitted to the appropriate drop box for the week in D2L by midnight on the due date in order to receive the four-point credit.* These will also serve as guides for you throughout the counseling program. Please see the Flexible Course Calendar for specific due dates. Please note that theory reviews which are uploaded after the due date will not receive credit. You will complete 11 theory reviews for a total of 40 points, and I will drop the lowest grade on one theory. This means that you may choose to drop the lowest grade or skip a theory review and still receive full credit. All of your reviews must be uploaded in Microsoft Word format. If you do not have the software on your computer, you will need to obtain a copy of it.

### Theory/Chapter Reviews Rubric

	1 – Does Not Meet Expectation (0-3.1 points)	2 – Meets Expectation (3.2-3.5 points)	3 – Exceeds Expectation (3.6-4.0 points)
Theory Overview Appendix A (4 points)	Did not select theories from the list of those that we studied in this class; missed basic concepts; writing is shallow and lacks in-depth exploration of theories; no evidence of synthezation across multiple sources; not representative of graduate level work	Theories were selected from the one that was discussed in class, most basic concepts are covered, evidence of possessing knowledge about the theories but missing one or two key points; representative of graduate level work	All basic concepts are covered. In depth review of related concepts. evidence of possessing knowledge about topic without missing key information; representative of graduate level work

**3. Comparison Research Paper (30 points):** Using the structure in **Appendix B**, complete a theory comparison paper. The first section of this paper will include answering three questions about your own personal world view:

- a) What do you believe about human nature? (Are people basically good or bad? How much free will do people have? What kinds of inherent capacities do people possess?)
- b) How do people become maladjusted?
- c) How do people change?

Next, choose two theories of most interest to you from the list of theories studied during this class. Using your textbook and **four original sources** for each theory, write a compare/contrast paper. Topics to compare and contrast should include the following: nature of person, personality development, emotional maladjustment, counselor/client relationship, techniques, therapeutic goals, multicultural considerations, and treatment outcomes (see Appendix A).

- Nature of person
- Personality development
- Emotional maladjustment
- Counselor/client relationship
- Techniques
- Therapeutic goals
- Multicultural considerations
- Treatment outcomes
- 

Either as the closure for the paper or throughout the comparison, discuss how the theories and their parts align with your own personal views.

This paper must follow American Psychological Association (APA) guidelines and should not exceed 12 pages (including cover and reference page; no abstract is necessary). You will be graded according to APA style, writing and organization, content, and references. Original source is defined as a journal article or book authored or co-authored by a major contributor of that particular theory. ***This research paper needs to be submitted to the appropriate drop box in D2L by midnight on the due date in order to receive credit. No late work will be accepted.*** The due date is prior to the end of the semester to give the instructor time to provide feedback. This paper must be submitted in Microsoft Word format.

### Comparison Research Paper Rubric

	1 – Does Not Meet Expectation	2 – Meets Expectation	3 – Exceeds Expectation
Answer the three theory questions about yourself. (10 points)	Did not answer the three theory questions, or only answered some of the questions. Writing is shallow and lacks in-depth exploration of self. Not representative of graduate level work (0-7.9 points)	Three theory questions are discussed at a basic level. Self-exploration present, missing one or two key points; representative of graduate level work (8-8.9 points)	Three theory questions are covered at an in-depth level. Self-awareness is demonstrated; representative of graduate level work (9-10 points)
Compare and contrast two original theories from the ones studied in this class; describe fit for you at this point (15 points)	Did not select theories from the list of those that we studied in this class. Missed basic concepts. Writing is shallow and lacks in-depth exploration of theories. No evidence of synthesize across multiple sources; did not address fit; not representative of graduate level work (0-11.9 points)	Theories were selected from the ones that were discussed in class, most basic concepts are covered, evidence of possessing knowledge about the theories but missing one or two key points; minimally reflected as to personal fit; representative of graduate level work (12-13.4 points)	All basic concepts are covered. In-depth review of related concepts, evidence of possessing knowledge about topic without missing key information; increased self-awareness included in personal fit; representative of graduate level work (13.5-15 points)
APA format Reference page (5 points)	Did not follow APA format in cover page, body of the paper and the reference page. Did not use four original sources for each theory selected. Sources are not related to the topic of paper (0-3.9 points)	APA format was followed with one or two minor errors. Mostly original sources were used. Sources are related to the selected theories (4-4.4 points)	APA format was followed with no errors on cover page, in body of the paper or reference page. All four original sources were used (4.5-5 points)

## GRADING

Final grades in this course will be based on the following scale:

90% - 100% A

80% < 90% B

70% < 80% C

60% < 70% D

< 60% F

Total points possible = 100. Your Final Grade is determined adding the point values earned from each assignment and then dividing by 100. The resulting value is multiplied by 100 to yield a percentage. For example:  $(85 \text{ [points earned]}/100) \times 100 = 85.0\%$

**Grading:** An instructor does not give grades. Students earn grades. If you approach your class with this understanding, it is the beginning of taking responsibility for your education and being a great student.

Assignment/Assessment	Point Value
Class Participation & Attendance	30
Theory/Chapter Reviews (4 points each)	40
Comparison Research Paper	30
<b>Total</b>	<b>100</b>

## Interaction with Instructor Statement

Communication with your professors is key to your professional growth. I am here to support and guide you along your academic journey. With that being said, I cannot help you if you do not communicate with me. Please reach out and make an appointment if you have any concerns or questions. Because I teach in different locations, please schedule a time to speak with me. I will attempt to answer all emails within 24 hours, Monday-Friday, but at times will need up to 48 hours to do so. When emailing, please use your university email and address me with courtesy and respect. Also, I will be more than happy to meet with you if needed. Please reach out to me so we can set up a convenient time to meet.

## TECHNOLOGY REQUIREMENTS

### Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers. Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products. Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
- The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.

## Appendix A

### THEORY REVIEW AND COMPARISON PAPER WRITE-UP

Points to cover in the theory review write-ups (the following points need to be included as a minimum in your reviews and final comparison paper).

1. Founder(s) of the theory.
2. Nature of the person including innate capacities and/or capabilities, if any, and motivational constructs according to the theory.
3. Nature of maladjustment (how do people develop mental illness?) according to the theory.
4. Goals of counseling therapy according to the theory.
5. Role and activity of the counselor, including:
  - a. major techniques used in the therapy
  - b. diagnosis and appraisal devices
  - c. evaluation of client progress in therapy
6. Fit for you at this point. How might this approach resonate with you for personal fit in working with your future clients?

And, for the final comparison position paper, reflect from the theories presented this semester, select two, include the above and also describe how at the end of the semester and review of theories presented, the one(s) you selected fit best at this time for you personally.

## Appendix B

**COMPARISON RESEARCH PAPER**  
*Points to Cover in the Comparison Research Paper:*

**SECTION I: Your Personal World View**

1. **What do you believe about human nature?** Are people basically good or bad? How much free will do people have? What kinds of inherent capacities do people possess? These are a few questions that address the inherent nature people have at birth. What do you believe?
2. **How do people become maladjusted?** Why do they develop problems? How does it happen?
3. **How do people change?** What needs to happen for change to occur?

**SECTION II: Comparison of Two Theories**

Choose two theories of most interest to you from the list of theories studied during this class. Using your textbook and 4 original sources for each theory, write a compare/contrast paper. Topics to compare and contrast should include the following:

1. Founder(s) of the theory.
2. Nature of the person including innate capacities and/or capabilities, if any, and motivational constructs according to the theory.
3. Nature of maladjustment (how do people develop problems/mental illness) according to the theory.
4. Goals of counseling therapy according to the theory.
5. Role and activity of the counselor, including:
  - a. major techniques used in the therapy
  - b. diagnosis and appraisal devices
  - c. evaluation of client progress in therapy
6. Fit for you at this point. How might this approach resonate with you for personal fit in working with your future clients?

Either as the closure for the paper or throughout the comparison, discuss how the theories and their parts align with your own personal views.

Your research paper must follow American Psychological Association (APA) guidelines (see APA 7<sup>th</sup> ed. checklist under the APA resources tab) and should not exceed 12 pages (including cover and reference page; no abstract is necessary). You will be graded according to APA style, writing and organization, content, and references. Original source is defined as a journal article or book authored or co-authored by a major contributor of that particular theory. Review the APA resources listed under the resources tab in your course along with the APA manual. ***This research paper needs to be submitted to the appropriate drop box in D2L by midnight on the due date in order to receive credit.*** This paper must be submitted in Microsoft Word format.

**Other important notes:**

- Do not use contractions
- Do not objectify people—use participants instead of subjects
- Do not overuse direct quotations
- Avoid secondary citations
- Avoid anthropomorphism
- Avoid linear literature reviews (study by study)
- Italicize* technical or key terms
- Italicize* Likert scale descriptors—e.g. *totally disagree* (1)...*highly agree* (5)
- For 3 to 6 authors, cite all authors first time and then use et al. e.g.—Brown et al. (1998)
- Numbers—if under ten, write it out unless it is modifying—e.g. 3%
- References to time use numbers
- When comparing numbers below ten to above 10, use numbers instead of writing it out
