## INSTRUCTOR CONTACT AND RESPONSE TIME

Cory.Say@tamuc.edu

Virtual Office hours: Please make an appointment using instructor's TAMUC email.

Please contact Christi.Spruill@tamuc.edu with any questions.

Appointments will be handled Monday through Friday via Zoom.

Communication from students will be responded to within a reasonable time during the work week. Weekend communication will be handled the next business day, unless noted. Due to the high volume of email that is received, an important message may be missed. If an important email has not been responded to within 2days, please send again.

Please use your university email as your primary source of contact. If your email is more than a short paragraph, please consider making a Zoom appointment.

If you have an emergency, please feel free to email me: Cory.Say@tamuc.edu

## COURSE CONTENT

ART 469.801 is an advanced study of typography and its application in visual communication. This course will build on the fundamentals acquired in *Typography* by utilizing type as the main visual through play and experimentation. Students learn through a variety of mediums to further build their typographic skills through concept development, typographical refinements, and polished execution of projects focusing on type relationships. Projects will explore the ability of type to communicate a message while using the typography as the primary visual. This will be accomplished through a combination of lectures, out of class reading or research, assignments/design projects, production of digital comprehensives (comps), discussions in and out of class, and class critiques.

## COURSE OUTCOMES

Students will continue to:

1. Strengthen skills and understanding of typography
2. Explore type using unconventional mediums.
3. Explore the art of hand drawn typography
4. Incorporate typography design vocabulary into critiques and project conversations
5. Build an understanding of professional expectations, presentations and processes

## CLASS PARAMETERS

The class methodology will be synchronous learning through Zoom.

You will need to incorporate checking your email with the frequency equal to your social media interaction, adding notifications for email receipts from the instructor is suggested.

Class meetings, discussion and instruction will take place via Zoom at the published class day and time. The class may be broken into teams for out of class critiques and discussions throughout the week. The class will manage projects via D2L within MyLeo. Chrome works best.

Class activities will be a combination of assignments worked on outside of class, which will be critiqued by instructor during regular online class meetings and weekly discussion writing in D2L. A commitment to many hours of homework is required to achieve the goals of this class and its completion.

## PROJECT PARAMETERS

Assignment information, pdfs of examples, etc. will be posted in a weekly D2L folder for reference.

All projects have weekly steps to be accomplished by the beginning of the next class meeting. Mini-deadlines are part of the overall assignment and play a role in your projects final grade.

FALL 2022

WED.

6:30-10:30PM

All work is due on the assigned date and time. For a project to be considered complete, the specified electronic portion should be uploaded, as directed, into the appropriate folder on D2L as detailed in the assignment. Plan for a disaster and allow yourself as much time as possible to complete your assignment. Late work is accepted only at instructors discretion.

On certain assignments, written peer critique will be required. A discussion forum will be created for each written requirement. Each student will start a thread to upload their assignment. Directions for this process will be made available by instructor.

At various stages in a project you will be required to present your work to your peers and instructor. You will explain the piece(s) in detail, giving rationale and insight into the decisions you've made for the client. During class you may not work on other course projects.

## CRITIQUE

When presenting multiple solutions, please combine concepts/files into one pdf containing multiple pages. Submitting multiple single page pdf's will not be accepted.

When presenting pencils, students who don't have access to a scanner can use any free phone scanning app, such as Adobe scan. Make sure that the image has enough contrast to be seen online. This can be done in the app software or with Photoshop. The goal is to provide an image that can receive a response.

Each student will have a pdf of their assignment uploaded to D2L as well as accessible on their machine for critique. In some cases, students will be directed to have their work open in a specific software for critique allowing for screen sharing and immediate feedback application.

Critique format will be determined by project need.

## ATTENDANCE

FIRST ABSENCE: The student will receive an email and a copy goes to Lee

SECOND ABSENCE: The student will receive an email and a copy goes to Lee who will contact the student.

THIRD ABSENCE: Lee emails the student that they have failed the course.

**There is no distinction between excused and unexcused absences.**

Two tardies of 10 minutes equals one absence.

A tardy of 60 minutes equals one absence.

Leaving the Zoom call before class is dismissed is an absence.

Not having your camera on during class can result in a tardy or absence at the instructors discretion.

If a student is OVER 10 MINUTES late for the final, a full grade will be deducted from his or her final grade.

If a student does not show up for the final they automatically fail the class.

**If you are late to class, i ask that you join as quietly as possible without distracting the class.**

All projects are due on the date and time given. You are responsible for turning in all work on time regardless of attendance. Late work is only accepted if notified in advance, in writing. A new due date can be set at the sole discretion of the instructor with a deduction of points on the assignment grade. Final digital files of projects must be turned in on the last day of class. Failure to do so will result in a final grade of an "F"

## SYLLABUS UPDATE POLICY

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

## GRADING GUIDELINES

Grades will be assigned according to the following scale:

**A — 90-100** = Work well above the general class level, evidence of participation in related activities

Outside of the classroom, thoughtful participation in classroom discussion and critique

*Superlative work: careful attention to craft and presentation. Originality of idea and execution work together. Goes beyond merely solving the problem – one who performs at this level is visibly outstanding, work is outstanding in every respect.*

**B — 80-89** = Work above the general class level, participation in classroom discussion and critique

*Fine work. A few minor changes could have been considered and executed to bring piece together. Goes beyond merely solving the problem. Above average: solution to the problem and idea well planned. Execution is well done.*

**C — 70-79** = Average work, minimal requirements met

*Average or a bit above: slipping in levels of originality, craft and presentation. The piece does not work well as a unified whole or statement yet effort was made. You have solved the problem but in a relatively routine way.*

**D — 60-69** = Work below class average, lack of participation and/or poor attendance

*You have solved the problem but there is much room for improving your skills and developing your concepts further. You have neglected the basic craftsmanship skills and breadth and depth of idea development. You were unable to meet mini deadlines. Represents careless and/or incomplete effort. Work is substandard.*

**F — 0-59** = Inferior or unacceptable work and effort, work not turned in, or failure to attend class.

In addition to exercises and projects, your final grade will also be based on critique participation and application, work ethic, and attitude.

**These specifications are applied with the following percentages:**

25% A Physical Alphabet

25% Hand Drawn Type - Movie Quote

25% Playing With Your Food With Type

25% Assignment Exercises, Weekly Participation and Discussions

**Final grades are not debateable.**
