Course Description

English 1301 Introduces students to writing as an extended, complex, recursive process and prepares students for English 1302, which more rigorously examines the forms and structures of argument and means to approach multiple audiences. In 1301 students will write weekly, and will work on essay organization and development. The course will emphasize close reading, summarizing, and analysis of expository texts, including student writing.

Student Learning Outcomes

1. Students will be able to analyze, evaluate, or solve problems when given a set of circumstances, data, texts, or art.
2. In written, oral, and/or visual communication, A&M-Commerce students will communicate in a manner appropriate to the audience and occasion, with an evident message and organizational structure.
3. Students will be able to work together toward a shared purpose relevant to the course or discipline with a sense of shared responsibility for meeting that purpose.
4. Students will understand and practice academic honesty.
