Instructional Methods

This course utilizes a practicum approach such as observations, small group/whole group instruction, co-teaching, and full-time teaching in the field. Seminars will be held weekly and use an integrated approach to connect learning and experiences.

The purpose of the (**internship**) within the field-based program is twofold: (1) to demonstrate knowledge about content, pedagogy, technology, classroom management, assessment and evaluation, and the teaching and learning process; and (2) to demonstrate the ability to work with and manage students, plan lessons, and teach students using relevant and meaningful learning experiences in a professional manner. Thus, the assessment and evaluation of interns is also twofold as it addresses performance in both field based and seminar settings.

The primary force in the CPDT is the **instructional leadership team** that is coordinated by the mentor teachers and university liaisons with input from the interns, residents, and principals. Most decisions about the activities and experiences each intern or resident will have are determined by the *ILT* through discussion and consensus. The ILTs are usually composed of at least two mentor teachers, usually from different grade levels or content areas, an intern, and/or a resident, and university liaison.

The field-based teacher education program has been designed to provide each student with opportunities to learn about students, learning, and teaching in the best possible environment--the real public school classroom and apply the knowledge gained from the intern semester in the internship semester. Therefore, the intern's responsibilities should include:

The syllabus/schedule are subject to change.

8. display the highest standards of professionalism and a commitment to improve the learning environment and the teaching profession;
9. observe the planning process and attend all available planning meetings;
10. assist the mentor teacher in planning, developing, and preparing materials;
11. become familiar with the classroom instructional and discipline management plan;
12. assist the teacher in supervising student performance and working with individual students;
13. observe and reflect upon curricular and instructional practices and research alternate learner-centered methods of instruction;
14. demonstrate a rich knowledge of pedagogy including effective teaching practices and relevant and meaningful learning experiences for students;
15. demonstrate knowledge and use of effective assessment and evaluation strategies to promote student learning;
16. explore and demonstrate knowledge in the use of the technology to enhance instruction and classroom management;
17. exhibit a commitment to teaching, learning, and excellence in the profession;
18. assume other responsibilities based upon ILT recommendations;
19. enhance instructional environment for public school students.

Professionalism:

Student Learning Outcomes: 1-10 (see Student Learning Outcomes)

Assessment Method: Determined by the Instructional Leadership Team, weekly, Professionalism, self-assessment, and lesson evaluations

- Attendance and being on time at **ALL** university seminars, assigned campus days, school/university meetings, and field based staff development. You will be required to attend all seminar days; field based assigned days, staff development, etc. You are **required** to contact your liaison and mentor teacher if you will be missing your assigned campus day or seminar. Your grade will be lowered if you are absent or tardy (see professionalism rubric).

seminar, on assignments, and in the field. See professionalism rubric for details.

The Reflective Teacher:

Learning Outcomes: 1-10 (see Student Learning Outcomes)

Assessment Method: Instructional Leadership Team

- Reflection is essential to learning and addressing what you are seeing and areas that you need to address. Be sure to include routines, timing, children's responses to different situations, etc. This journal will be an invaluable reference, especially when you are a teacher of record. Submission of journal entries to your liaison will be determined by your ILT.

Lesson Plans and Evaluation:

Learning Outcomes: 1-10 (see Student Learning Outcomes)

Assessment Method: Documentation through lesson plans, observations (Mentor/University Supervisor)

- Midterm ILT evaluation
- Final ILT evaluation

Field-Based Investigative Report:

Student Learning Outcomes: (ELA/Reading Standards 1-12; PPR Standards 1.1k-1.6k, 1.25k; TEC §38.003 Screening and Treatment for Dyslexia and Related Disorders; TAC §74.28. Students with Dyslexia and Related Disorders)

Assessment Method: Narrative Report or other format as determined by Center Faculty

Each intern will conduct a field-based investigation on their assigned campus of the procedures used for identifying, assessing and serving ELL and non-ELL students with dyslexia or a related disorder. The investigation includes detecting the array of instructional support services available to identified students and the resources available to teachers. Findings will be compiled in a narrative report or another format determined by Center Faculty and will be presented during seminar where the different campus processes will be compared and contrasted.

Student Responsibilities or Tips for Success in the Course

You are now a professional! These assignments are given to you as a professional, not a student. Be responsible, be precise, be a professional in everything that you do. You are modeling to your children, to your colleagues and to your mentors. We are expecting from you what your future employer will expect from you. How do you want others to perceive you and your performance?

The syllabus/schedule are subject to change.

GRADING

Grading will reflect a combination of seminar and field work. **Field focus: prior preparation, strength and delivery of lessons, knowledge of subject matter, utilization of lesson design, and assessment of student progress.**

The following holistic scoring will be utilized:

A (90 – 100%) = Commendable. Well above average in initiative, thought, organization, reflection, and implementing professional choices. Evidences extensive control of own decision-making and learning processes. Monitors, adjusts, and manages independently. Excellent attitude, attendance, participation and completion of assignments by due date

B (80 – 89%) = Developing. Functional, but in need of instruction regarding initiative, thought, organization, reflection, and implementing professional choices. Evidences some control of own decision-making and learning processes. Monitors, adjusts, and manages--but requires intervention. Good attitude, attendance, participation and completion of assignments by due date

C (70 – 79%) = Needs Improvement. Some lack of initiative, thought, organization, reflection, and responsibility. Evidences little to no control of own decision-making and learning processes. Does not adequately monitor, adjust, and manage. Sometimes exhibits poor attitude, attendance, participation and completion of assignments by due date.

D (less than 70%) = Not recommended for teacher certification

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.
