COURSE DESCRIPTION

Catalogue Description of the Course

COUN 621 (3 semester hours) – Psychological, educational, and sociological theories, models, and processes applied to human and organizational systems of change. Special attention is directed to applying theory to practice and to differentiating between human and structural problems and interventions.

General Course Information

Required for the Ph.D. in counseling, students will examine theories and models of both mental health consultation and program evaluation. Students will be expected to demonstrate their expertise via practical applications.

Doctoral Learning Outcomes

COURSE REQUIREMENTS

Minimal Technical Skills Needed

In this class, you will utilize the Learning Management System (LMS) entitled D2L for instructional and learning methods, submitting assignments, participating in online discussions, and completing any quizzes. You will need to utilize other technologies such as Microsoft Word, PowerPoint, etc. If you have issues with this system, it is your responsibility to contact the help desk immediately.

The syllabus/schedule are subject to change.

Instructional Methods

This course is considered a web-based course. As a student in this course, you will be required to actively participate in an online environment. You will be expected to participate and complete all online tasks via D2L. In addition to this, you are to complete an application-based project in this course.

Student Responsibilities or Tips for Success in the Course

As a student in this course, you are responsible for the active learning process. Expectations of this course include the following:

1. You are expected to display professionalism at all times. Be respectful of your professor and peers. Be open to feedback, as you will receive this throughout the program.
2. Prepare for classes. Complete any and all readings prior to class time.
3. Complete all assignments by the deadline.
4. Adhere to the university student code of conduct.
5. Participate in open discussions. This will help with your growth in research knowledge.
6. All writing assignments must be done according to APA 6th edition.
7. Regularly check your University email. My suggestion is to check this at least once a day as your instructors and others from the department and University may contact you.
8. Begin your readings ASAP. This is a reading heavy course.

Assignments/Assessments

1. **Program Evaluation Project (40 points total).** In small groups, students will conduct either a program evaluation or needs assessment. Students are expected to identify their own site/program where this evaluation/assessment will be conducted. Students will choose their own group members for this project. Variables to consider when choosing group members include program interest (school, community, substance abuse, dual diagnoses, probation/parole, pre/post incarceration, etc.), program purpose (education, intervention, remediation, etc.), personal schedule compatibility, geographic proximity for meetings, labor division preference, etc. ALL final projects and materials (including a video of your presentation to the agency) must be uploaded so that the instructor and other students can view the actual presentation. If your presentation is not video recorded you will not earn credit for the project. You should discuss recording of your presentation with your potential site before starting your work. If your site will not allow you to record your presentation you will need to find another site. Please see the consent form regarding videotaping (in D2L).

1. **Homework Assignments (3 at 10 points each; 30 points).** Each student will complete a total of three homework assignments during the course of the semester. The homework assignments are listed below and you will find the due dates in the course schedule. The assignments align with your final program evaluation project so you can get feedback. Please note that while all homework assignments are ‘rough drafts’ they will be graded for completeness. I do not expect perfection and they will certainly need edits/changes/additions, but I do expect your best effort to complete the assignment for grading. Also note that your homework assignments DO NOT include everything needed for your final project. Please review the final project rubric and several examples in D2L.

Homework Assignment 1: Evaluation Approach

In 2-4 pages, provide an overview of the evaluation approach to be used for your final project including major concepts and characteristics, purpose/rationale for choosing this approach, strengths and limitations for using the approach, and cultural considerations when utilizing this approach.

Homework Assignment 2: Evaluation Plan (beginning phase)

For this assignment, you will begin to develop your evaluation plan. This plan will include the purpose of evaluation, stakeholders/participants involved, problem to be addressed (statement of the problem), goals and objectives, and design to be implemented (qualitative, quantitative, mixed methods).

Homework Assignment 3: Methods

Describe in detail your methods used for the program evaluation. This will include data collection procedures (including data sources and procedures) and data analysis (how did you or will you analyze your data).

Homework Assignment Rubric (for each assignment)

2. **Active Online Presence & Discussion Boards (Attendance; 3 discussions 30 points total).** Active attendance and online presence is defined as the exchange of ideas between colleagues engaged in scholarly inquiry is a key aspect of doctoral graduate-level learning and is a required activity in this course. During the weeks where there is an online discussion prompt each student is expected to participate at least two separate days a week in the weekly Discussion area. Discussion topics/questions are provided in the "Discussion" section of the learning week.

Discussion Post Rubric

Response Post Rubric

	1 – Does Not Meet Expectation (0-2 points)	2 – Meets Expectation (2.5 points)	3 – Exceeds Expectations (3 points)
Response Post Qualities	Response is not complete, missing critical components OR feedback is not thoughtful. Response has several grammatical/APA errors and not consistent with graduate level work.	Response presents most elements in a brief manner. Response is evident of graduate level work with some grammatical/APA errors.	Response presents all elements required thoroughly and clearly. Provided thoughtful feedback to peer. Response is evident of graduate level work with few to no grammatical/APA errors.

It is your responsibility to check our online classroom on a weekly basis for discussion questions, not knowing is not an acceptable reason for failure to participate. In addition, you are expected to respond to the postings of your peers. To count as participation, responses need to be thoughtful; that is, they must refer to the week's readings, relevant issues in the news, information obtained from other sources, and/or ideas expressed in other class members' postings. Where appropriate, you should use references to support your position (with a complete citation at the end of your response). The discussion questions require a response to a minimum of one other student's posting; it should be no more than two paragraphs long.

If there is a Discussion question for the week, initial postings/responses are due by Thursday at midnight, and responses to your peers are due by Sunday at 11:59 p.m. It is important to adhere to the weekly time frame to allow others ample time to respond to your posting. There will be a total of 5 graded discussion boards for this course. Late postings are not accepted and no points will be earned.

Recommendation: It is recommended that you type your discussion post responses in a word processing program such as Microsoft Word in case your D2L window times out or in case of

technical malfunction. This is also helpful with formatting, grammatical issues and spelling as well.

All graded assignments (including discussion boards) are due on Sunday at 11:59 p.m. (excluding first posts which are due on Thursdays) unless otherwise specified by the instructor.

Assignments are due on the day noted in the syllabus. Unless noted otherwise, all assignments are due by 11:59pm. Late assignments will have 10% deduction per day late from the final score. **I will not accept late discussion/response postings.**

The syllabus/schedule are subject to change.

Itemized Grading Procedure

Program Evaluation Project	40 points
Homework Assignments	30 points
Discussion Boards/Attendance	30 points
Total:	100 points

A (90-100) - Defined as consistently excellent performance, which distinguishes the individual as being hard-working and highly motivated to succeed.

B (80-89) - Defined as above average performance, occasionally submitting work of superior quality distinguishing the individual as being of high caliber.

C (70-79) - Defined as average performance with little or no distinction. In doctoral studies at A&M-Commerce, no credit is awarded for courses in which a grade of "C" is earned. Any student who earns a third grade of "C" or lower will be disenrolled and not be permitted to pursue further doctoral study at A&M-Commerce.

D (60-69) - Defined as below average performance. In graduate studies at A&M-Commerce, students do not receive credit for courses in which a course grade of "D" is earned. The course must be repeated and a higher grade earned in order to receive credit.

F (0-59) - Defined as unacceptable performance in relation to standards. In graduate studies at A&M-Commerce, students do not receive credit for courses in which a course grade of "F" is earned. Students are immediately placed on academic probation. The course must be repeated and a higher grade earned in order to receive credit.

This course is online. I do not keep any paper record (including a grade book) on this class. This means that your work has to be uploaded within D2L in order for you to receive credit. Please do not email assignments to me. Please make sure that you are familiar with D2L. Forward all your technology questions to support services in D2L.

TECHNOLOGY REQUIREMENTS

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best

The syllabus/schedule are subject to change.

course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
- The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.

Windows	Windows 10	Edge, Chrome, Firefox	Latest of all browsers, and Firefox ESR.

- You will need regular access to a computer with a broadband Internet connection. The minimum computer requirements are:
 - 512 MB of RAM, 1 GB or more preferred
 - Broadband connection required courses are heavily video intensive
 - Video display capable of high-color 16-bit display 1024 x 768 or higher resolution
- **For YouSeeU Sync Meeting sessions 8 Mbps is required.** Additional system requirements found here: <https://support.youseeu.com/hc/en-us/articles/115007031107-Basic-System-Requirements>
- You must have a:
 - Sound card, which is usually integrated into your desktop or laptop computer
 - Speakers or headphones.
 - *For courses utilizing video-conferencing tools and/or an online proctoring solution, a webcam and microphone are required.
- Both versions of Java (32 bit and 64 bit) must be installed and up to date on your machine. At a minimum Java 7, update 51, is required to support the learning management system. The most current version of Java can be downloaded at: [JAVA web site](http://www.java.com/en/download/manual.jsp)
<http://www.java.com/en/download/manual.jsp>
- Current anti-virus software must be installed and kept up to date.

Running the browser check will ensure your internet browser is supported.

Pop-ups are allowed.

Cookies are enabled.

The syllabus/schedule are subject to change.

- You will need some additional free software (plug-ins) for enhanced web browsing. Ensure that you download the free versions of the following software:
 - Adobe Reader <https://get.adobe.com/reader/>
 - Adobe Flash Player (version 17 or later) <https://get.adobe.com/flashplayer/>
 - Adobe Shockwave Player <https://get.adobe.com/shockwave/>
 - Apple Quick Time <http://www.apple.com/quicktime/download/>
- At a minimum, you must have Microsoft Office 2013, 2010, 2007 or Open Office. Microsoft Office is the standard office productivity software utilized by faculty, students, and staff. Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents for assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.

ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or helpdesk@tamuc.edu.

Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

Interaction with Instructor Statement

[Example]

Communication with your professors is key to your professional growth. I am here to support and guide you along your academic journey. With that being said, I cannot help you if you do not communicate with me. Please make an appointment if you have any concerns or questions. Because I teach in different locations, email is the best way to reach me. I will attempt to answer all emails within 24 hours, Monday-Friday, but at times will need up to 72 hours to do so. When emailing, please use your university email and address me with courtesy and respect.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

Written assignments are due on the day noted in the syllabus. All papers are due at the beginning of the class period. Late papers will have 10% deduction per day late from the final score.

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

University Specific Procedures

Student Conduct

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the Student Guidebook.
