Tips for Student Success

Use the full amount of time allotted for each assignment and do not procrastinate. I do not teach a “blow-off” class. Any course, freshman or higher, “general ed” or major, should be approached with diligence and urgency. It is extremely easy to keep up with this class, but if you fall behind for whatever reason, legitimate or irresponsible, and do not make an effort to catch up quickly, it will be difficult to keep up. The major assignments make sense only when completed in order.

Approach the course with an open mind and a willingness to learn. College education is much more than job training; it implies a certain intellectual growth and standard beyond the sheer pragmatics of any career field. The critical thinking skills fostered in ENGL 1301 are paramount to social and cultural life, especially in an environment that is increasingly anti-intellectual and irrational. In other words, this is not a meaningless hoop to jump through.

Make a consistent, genuine effort and you will find me easygoing and accommodating. I understand that most of you are responsible for more than just school; thus, I am happy to work things out. However, these other responsibilities are not an excuse for a lack of effort. Habitual skipping, late or missing assignments, ignorance of or ignoring instructions, notes, due dates, or comments, or contempt for the class or education will be met with equal apathy on my end.
