Course Content

Art 360 will serve as a foundation for approaching design challenges with boldness and confidence. The student will learn to let go of the idea of perfection, ask the right questions, challenge the status quo and communicate effectively with rough concepts and broad descriptions derived from a variety of sources and observations for inspiration.

The course focus will be on increasing the student's ability to generate ideas, concepts, and prototypes quickly that communicate ideas effectively. Through a series of in-class exercises, the student will learn individually and in groups to tackle design challenges generating quality ideas with more confidence and prolificness.

Course Outcomes

Upon successful completion of this course, students will be able to:

- Encourage and support idea generation in a group setting.
- Participate in idea generation with boldness and fearlessness.
- Develop and communicate ideas rapidly.
- Produce many concepts to address a single design challenge.
- Present rough ideas and concepts to a group in an effective and clear manner.
- Develop verbal and written communication skills.

Class Parameters

You are expected to work in class as well as perform outside of class work.

You are expected to come to class prepared to work on the current assignment, this includes but is not limited to remembering the project supplies needed. Not being able to make progress during class due to lack of materials will reflect in your mini-deadline grade.

During class you may not work on other course projects. If a student is caught using email or social media of any kind during lecture or lab time, the entire class gets a fair warning, no second chance will be issued. On the second occurrence, the entire class received an F as their daily grade.

Project Parameters

You are expected to work in class as well as perform outside of class work. Your outcomes will be saved uploaded to D2L.

You are expected to come to class prepared to work on the current assignment, this includes but is not limited to remembering the project supplies needed. Not being able to make progress during class due to lack of materials will reflect in your mini-deadline grade.

During class you may not work on other course projects without the consent of the instructor. If a student is caught using email or social media of any kind during lecture or lab time, the entire class gets a fair warning, no second chance will be issued. On the second occurrence, the entire class received an 0 as their daily grade.

Critique

This class is collaborative. You will be providing critiques of your fellow student's work and receiving feedback from your professor to increase your creativity and prepare you for the rest of your academic journey.

Instructor contact and response time

Eric.Venegas@tamuc.edu

Please use your university email as your primary source of contact. If your email is more than a short paragraph, please consider making an appointment.

Communication from students will be responded to within a reasonable time during the work week. Weekend communication will be handled the next business day unless noted. Due to the high volume of email that is received an important message may be missed, if an important email has not been responded to in 2 days, please send again.

If you have an emergency, please feel free to email me: Eric.Venegas@tamuc.edu.

Attendance

FIRST ABSENCE: The student will receive an email from the VisCom admin and a copy goes to the instructor and Lee

SECOND ABSENCE: The student will receive an email from the VisCom admin and a copy goes to the instructor and Lee.

Lee will contact the student.

THIRD ABSENCE: Lee emails the student that they have failed the course.

Two tardies equals one absence

A tardy of 60 minutes equals one absence.

If a student is OVER 10 MINUTES late for the final, a full grade will be deducted from his or her final grade.

If a student does not show up for the final they automatically fail the class.

Syllabus Update Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

Creative Thinking**.802 Mon****.803 Wed****12:30-3:45 p.m.****Room 1906****Eric Venegas****Grading Guidelines**

Grades will be assigned according to the following scale:

A — 90-100

Work well above the general class level, evidence of participation in related activities

Outside of the classroom, thoughtful participation in classroom discussion and critique

Superlative work: careful attention to craft and presentation. Originality of idea and execution work together. Goes beyond merely solving the problem – one who performs at this level is visibly outstanding, work is outstanding in every respect.

B — 80-89

Work above the general class level, participation in classroom discussion and critique

Fine work. A few minor changes could have been considered and executed to bring piece together. Goes beyond merely solving the problem. Above average: solution to the problem and idea well planned. Execution is well done.

C — 70-79

Average work, minimal requirements met

Average or a bit above: slipping in levels of originality, craft and presentation. The piece does not work well as a unified whole or statement yet effort was made. You have solved the problem but in a relatively routine way.

D — 60-69

Work below class average, lack of participation and/or poor attendance

You have solved the problem but there is much room for improving your skills and developing your concepts further.

You have neglected the basic craftsmanship skills and breadth and depth of idea development. You were unable to meet mini deadlines. Represents careless and/or incomplete effort. Work is substandard.

F — 0-59

Inferior or unacceptable work and effort, work not turned in, or failure to attend class.

In addition to exercises and projects, your final grade will also be based on critique participation and application, work ethic, and attitude. These specifications are applied with the following percentages:

60% in-class projects and homework

20% class preparedness and participation

10% mid-term

10% final

AI policy

Texas A&M University-Commerce acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text and image, or suggest replacements for text and image, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.

Creative Thinking**.802 Mon****.803 Wed****12:30-3:45 p.m.****Room 1906****Eric Venegas****Academic Integrity**

Students at Texas A&M University-Commerce are expected to maintain high standards of integrity and honesty in all of their scholastic work. For more details and the definition of academic dishonesty see the following procedures:

Undergraduate Academic Dishonesty 13.99.99.R0.03

<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13students/undergraduates/13.99.99.R0.03UndergraduateAcademicDishonesty.pdf>

- Scholastic dishonesty will not be tolerated in any class -related activity.
- Scholastic dishonesty includes, but is not limited to, the submission of someone else's materials as one's own work.
- Scholastic dishonesty may involve one or more of the following acts: cheating, plagiarism, or collusion.
- The adoption or reproduction of ideas, words, statements, images, or works of another person as one's own without proper attribution (quotation and citation). This includes using AI tools to develop or provide the foundation for work without proper citation of its reuse. You are required to cite your AI prompts with your work. Plagiarism can be intentional or unintentional. ALWAYS cite your references.
- Cheating is the willful giving or receiving of information in an unauthorized manner during an examination, illicitly obtaining examination questions in advance, copying computer or Internet files, using someone else's work for assignments as if it were one's own, or any other dishonest means of attempting to fulfill the requirements of a course.
- Collusion is intentionally aiding or attempting to aid another in an act of scholastic dishonesty, including but not limited to, providing a paper or project to another student, providing an inappropriate level of assistance, communicating answers to a classmate during an examination, removing tests or answer sheets from a test site, and allowing a classmate to copy answers.
- Academic dishonesty could result in expulsion from the University

Technology Requirements

LMS

All course sections offered by Texas A&M University-Commerce have a corresponding course shell in the myLeo Online Learning Management System (LMS). Below are technical requirements

ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or helpdesk@tamuc.edu.

Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

Student Conduct

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the Student Guidebook.

<http://www.tamuc.edu/Admissions/oneStopShop/undergraduateAdmissions/studentGuidebook.aspx>

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: <https://www.britannica.com/topic/netiquette>

Creative Thinking**.802 Mon****.803 Wed****12:30-3:45 p.m.****Room 1906****Eric Venegas****Students with Disabilities**

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

Texas A&M University-Commerce will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

Campus Concealed Carry Statement

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in Texas A&M University-Commerce buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and A&M-Commerce Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations.

For a list of locations, please refer to the Carrying Concealed Handguns On Campus document and/or consult your event organizer.

Web url: <http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/34Safety-OfEmployeesAndStudents/34.06.02.R1.pdf>

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all A&M-Commerce campuses.

Report violations to the University Police Department at 903-886-5868 or 9-1-1.

Handbook & Safety

While the online manual covers specific issues related to the Department of Art, Texas A&M University-Commerce policies must also be followed. All users of Department of Art (DOA) classrooms and facilities are required to follow the health and safety guidelines outlined in this manual at all times. Report any safety issues IMMEDIATELY to your instructor(s), Teaching Laboratory Specialist, or to the DOA Health and Safety Liaison. Each course instructor will discuss their area's inherent risks, procedures and policies to provide the student with informed consent. These will be reviewed verbally at the start of each semester. A link to the online Handbook: <http://sites.tamuc.edu/art/resources/healthandsafety/>

Students that meet in face-to-face Department of Art courses must complete the online form for each course they attend. A link to the online form: <http://dms.tamuc.edu/Forms/ArtLabPolicy>

*This must be completed on-campus while using the University wifi or ethernet connections.
