# Course Requirements

Students are expected to actively participate in all assigned private lessons, studio classes, clarinet recitals, and guest artist events. Notification for excused absence must be received in advance. For excused absences students must access and watch available recorded recitals, studio classes and guest artist sessions. Students enrolled at the university as 'part-time' will have a reduced expectation for extra event attendance (50%) and may choose which of the required events to attend but must communicate with the professor(s) about their attendance in advance.

Students are expected to actively participate in all lessons by coming prepared and with all assigned materials. Practice preparation for undergraduate music majors should be a minimum of 60-90 minutes daily with increased expectations around the JLPE, all degree-required recitals, competitions, and graduate study. Practice logs are sometimes required so that faculty can better guide students in time management and effectiveness in the practice room.

All students must perform for a final jury exam unless substituting a required/adjudicated recital for a jury grade. Literature with piano accompaniment must be accompanied for jury and recital performance. This performance requires a piano rehearsal and a piano coaching with your professor prior to the performance. All music majors must also perform in public at least once during each semester of applied study. All stage performances must be preceded by a PASSED coaching and/or hearing. Depending on university and department guidelines and best practices, this may be accomplished through either live or video performances. Please communicate frequently with your professor about your piano rehearsal, coaching, hearing, jury and public performance requirement.

Secondary applied and lower classmen are often expected to play less music and/or less demanding music. Lower classmen (152) are expected to perform a solo jury of minimum 7-minutes duration and as they progress through 4 semesters of study may be asked to perform more music and/or more complex music. Upperclassmen (352) are typically expected to be preparing enough music for either a junior-level recital of 25-minute duration or a senior-level (performance major) recital of 50-minute duration. Graduate students are expected to learn more music and often more demanding music in preparation for a minimum of one 50-minute recital and may additionally be encouraged to compete, audition and perform more frequently. The professor will work with each individual student to determine level-appropriate expectations.

Students will be expected to purchase their own books and solo literature for this course. Copies of assigned copyright-protected literature are not permitted. Students are also expected to pay for their own piano accompanist.

Students are expected to demonstrate skills in pedagogy through their observation, analysis, and feedback of the performances of other students in Studio Class. This pedagogy requirement is guided by Dr. Druhan and/or Dr. Webb. Students are expected to gain skills in this area by the observation of teaching techniques in their own private lessons and through the observation of teaching techniques of other students in studio class, guest artist classes on campus, and optional conference attendance or optional observations of master teachers online. Graduate students may have specific pedagogy assignments and projects throughout their course of study.

Failure to meet the student expectations of this course may result in lowering of the final grade or dismissal from the course.

## Required Textbook

Required materials are completely dependent on student level. As a general rule, every student is expected to have at least one scale book per semester, one etude book per semester, one unaccompanied solo per semester, and one accompanied solo per semester. This expectation is expanded for long performances and competitions. Please communicate often with your professor about necessary music.

## Recommended Course Materials

Students are expected to have all materials necessary to perform for their lesson and studio class. This includes pencil, swab, all parts of the instrument(s), many reeds, reed working equipment, scale and etude and excerpt books, solo repertoire, notebook, metronome, tuner, computer/monitor/tablet, (for distance learning, if permitted) quality speakers/headphone, internet/WiFi access, and video capabilities (zoom, skype or facetime), etc.

For your first lesson, please arrive with your instrument ready-to-play, a notebook for assignments, your assigned scale book/assignment, the TMEA and ATSSB etudes for your instrument (if applicable), a solo(s) you plan to perform this semester, and your audition music for ensembles. If you have questions, please ask your instructor in advance and come prepared.

All course sections offered by Texas A&M University-Commerce have a corresponding course shell in the myLeo Online Learning Management System (LMS). You can access through Brightspace and/or MyLeo. You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or [helpdesk@tamuc.edu](mailto:helpdesk@tamuc.edu). If you are having technical difficulty with any part of Brightspace, please contact Brightspace Technical Support at 1-877-325-7778.

Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems.
