Course Description

Introduction to Theatre gives students an overview of what makes theatre. Students learn about not just the types of the drama that exists but the many and varied roles to be found within the theatre.

Student Learning Outcomes

1. Identify and differentiate genres and styles of theatre, placing them in their historical context
2. Discuss and analyze how theatrical performance elements come together
3. Have an understanding of how theatre is important and can be used
4. Complete a basic play analysis
5. Learn to think and write analytically about a production.
6. Gain an understanding of the global and historical influence of theatre on society.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

This class will utilize a combination of papers, presentations and quizzes for assessment. Access to d2l and document writing/slide making programs is needed.

Instructional Methods

This course will be taught in person utilizing d2l

Student Responsibilities or Tips for Success in the Course

In addition to the book, there will handouts made available on d2l as needed over the course of the semester. It is expected that you read them. All assignments will be available through d2l and that is also where I expect assignments to be turned in. If you experience difficulty with that, please let me know. Any changes to the calendar will be announced in class and updated on d2l. Check d2l regularly for assignments and updates.

The syllabus/schedule are subject to change.

Graded components:

1) Exams (2)	30%
2) Quizzes (3)	10%
3) Production Critiques (2)	20%
4) Section projects	10%
5) Semester project	20%
6) Participation	10%

Exams: Two exams will be given covering the lectures and reading material. No makeup exams are given for unexcused absences. (See “Attendance” for what qualifies as an excused absence.) Exams will include multiple choice/short answer questions, and some writing.

Quizzes: Three quizzes will be given covering the reading of the play scripts or play viewing. No makeup quizzes are given for unexcused absences.

Production Critiques: You will be required to attend *both* TAMU-C Theatre productions and write a critiques about them. Details about what to include in the critiques, criteria for evaluation and due dates will be discussed in class.

Section Projects: Some sections will include small projects to demonstrate the understanding of terminology and concepts. These will include both individual and group assignments.

Semester Project: Each student will complete a semester project based on their own interests in theatre or overlap with their career goals. For example, a nursing major could do a project on first aid in theatre while a communications major might do a project on the marketing of Broadway productions. These projects can be presentations, papers, playwriting, design, among other options. Students may also choose to work with one to other students on a larger project. More details will be given in class.

Participation: The participation grade consists of attending the required theatre productions during the semester, contribution to class discussions, appropriate participation in class activities, regular attendance, and adherence to class rules. Two absences are allowed before grade deductions (5 pts per absence) take place.

GRADING

Final grades in this course will be based on the following scale:

- A = 90%-100%
- B = 80%-89%
- C = 70%-79%
- D = 60%-69%
- F = 59% or Below

The syllabus/schedule are subject to change.

Assessments

You will be graded on the timeliness and thoroughness of your work. In group projects you will be graded on your contribution as well as the project as a whole, it is possible for people within in a group to get different grades. Papers should be proofread and done in essay format. I do not require MLA formatting (but feel free to use it if you want) but your papers should be clear and well structured. Remember this is a theatre class so feel free to get creative on your projects.

A grade of “A” will not be assigned to any individual who has not completed ALL outside of class assignments. (i.e. Attendance at both departmental productions) regardless of average.

Assignments that are not turned in physically during class, must be turned in via d2l unless otherwise stated.

TECHNOLOGY REQUIREMENTS

LMS

All course sections offered by Texas A&M University-Commerce have a corresponding course shell in the myLeo Online Learning Management System (LMS). Below are technical requirements

LMS Requirements:

<https://community.brightspace.com/s/article/Brightspace-Platform-Requirements>

LMS Browser Support:

https://documentation.brightspace.com/EN/brightspace/requirements/all/browser_supp ort.htm

YouSeeU Virtual Classroom Requirements: <https://support.youseeu.com/hc/en-us/articles/115007031107-Basic-System-Requirements>

ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or helpdesk@tamuc.edu.

Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

COMMUNICATION AND SUPPORT

The syllabus/schedule are subject to change.

Interaction with Instructor Statement:

If at any time during this course you are in need of further explanation or should need to speak with me about the course or its outcomes, please reach out to me. I am always available by email. Please communicate, I can't help if I don't know there's an issue or a question.

Email Policy:

Before sending me an email with a general course-specific question, **review your syllabus/look at the handouts/check myLeo Online/ask a classmate first**. If your question has already been addressed in one of those places, then you will have the answer you need. If your question does not exist, please feel free to email me.

When emailing me: Please make your emails clear and concise, written with proper grammar in order to assure my earliest attention. In addition, please follow some common "email etiquette" procedures in order to keep our electronic communication effective and efficient. Specifically:

- Write a relevant subject line (e.g., "Intro question," or "THE 1310 meeting request")
- Address me by name (ie: "Dear Professor Williams" or "Hi Andrea" or just "Andrea")
- Bonus: "meaningless niceties" are never a bad idea!
- Concisely state what it is you need. If it can't be communicated in a concise manner, perhaps request an appointment. **If requesting an appointment**, give me times that you are available **in the initial email!!!** It helps things go faster if I have your availability to compare to mine.
- Use a "sign-off" ("Thank you" is always good) and **sign your name**.

Not following these guidelines potentially puts you at the bottom of my list for response time.

Technical Support

If you are having technical difficulty with any part of Brightspace, please contact Brightspace Technical Support at 1-877-325-7778. Other support options can be found here:

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all A&M- Commerce campuses. Report violations to the University Police Department at 903- 886-5868 or 9-1-1.

AI use policy

Texas A&M University-Commerce acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.
