Course Description

This course is designed to develop the knowledge and skills necessary to be effective as a first responder to accidents, injuries, and sudden illness. Life-saving skills and accident prevention principles will also be included.

Student Learning Outcomes

Course Objectives: *The student will.....*

1. Develop the knowledge and skills needed to meet many different types of situations when emergency first aid care is needed, and medical assistance is not excessively delayed.
2. Develop the knowledge and skills needed to aid the infant, the child, or the adult who is experiencing a breathing emergency.

3. Develop knowledge and skill in the use of the AED (Automated External Defibrillator).
4. Develop knowledge and understanding of the many causes of accidents and injuries so that action can be taken to eliminate or minimize such causes.

GRADING

Grading:

Final grading will tentatively be done on a percentage based on the total points possible.

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also evaluated against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are evaluated against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not evaluated extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
- The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.

- You will need regular access to a computer with a broadband Internet connection. The minimum computer requirements are:
 - 512 MB of RAM, 1 GB or more preferred
 - Broadband connection required courses are heavily video intensive
 - Video display capable of high-color 16-bit display 1024 x 768 or higher resolution

- You must have a:
 - Sound card, which is usually integrated into your desktop or laptop computer
 - Speakers or headphones.
 - *For courses utilizing video-conferencing tools and/or an online proctoring solution, a webcam and microphone are required.

- Both versions of Java (32 bit and 64 bit) must be installed and up to date on your machine. At a minimum Java 7, update 51, is required to support the learning management system. The most current version of Java can be downloaded at: [JAVA web site](http://www.java.com/en/download/manual.jsp)
<http://www.java.com/en/download/manual.jsp>

- Current anti-virus software must be installed and kept up to date.
Running the browser check will ensure your internet browser is supported.
Pop-ups are allowed.
JavaScript is enabled.
Cookies are enabled.

- You will need some additional free software (plug-ins) for enhanced web browsing. Ensure that you download the free versions of the following software:
 - [Adobe Reader](https://get.adobe.com/reader/) <https://get.adobe.com/reader/>
 - [Adobe Flash Player \(version 17 or later\)](https://get.adobe.com/flashplayer/) <https://get.adobe.com/flashplayer/>

Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents for assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.

ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or helpdesk@tamuc.edu.

Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

COMMUNICATION AND SUPPORT

Brightspace Support

Need Help?

Student Support

If you have any questions or are having difficulties with the course material, please contact your Instructor.

Technical Support

If you are having technical difficulty with any part of Brightspace, please contact Brightspace Technical Support at 1-877-325-7778 or click on the **Live Chat** or click on the words "click here" to submit an issue via email.

System Maintenance

D2L runs monthly updates during the last week of the month, usually on Wednesday. The system should remain up during this time unless otherwise specified in an announcement. You may experience minimal impacts to performance and/or look and feel of the environment.

Interaction with Instructor Statement

Students can expect a response to email messages and/or phone calls within 24 hours from the time that your communication was sent. All assignments will be graded, and grades posted in a timely manner. Office hours are posted.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

Class Procedures:

The class will be taught using two instructional approaches. About 70% of the class time will be spent in lecture format in which discussions will be held and 30% in practicing first aid and CPR skills. Guest speakers, films, demonstrations, and videos will be used depending on need and availability. The instructor has the right to modify the outline of the course.

Class Attendance and Participation:

This class is listed as a “Face-to-Face” course. The dates and times for your class section are listed on the schedule of classes. For those students attending class, required CoVid-19 standards will be applied. These standards may include face-covering, social distancing, frequent sanitizing, and temperature checks.

This class also offers the opportunity for students to receive First Aid/CPR Certification. Receiving this certification is not a requirement of the course. Once the number of students enrolled in the class has been determined, a schedule will be issued to you listing the dates you are to attend the practice sessions.

Students are expected to attend class and participate appropriately in class sessions. ***In addition to regular attendance (attending at least 90% of the class meetings), spirited and appropriate discussion and thoughtful questions may help to raise the student’s grade to the next highest grade for those students who may be on the borderline at the end of the semester. (Borderline is viewed as an average that is at least 3 points past the mid-point.)***

Assignments:

Reading: To help facilitate class discussions, it is absolutely necessary that assigned chapters be read – and read on time.

Exams, Quizzes, and Skill Tests

There will be four exams equally spaced throughout the semester. The exams will not be comprehensive and will only cover material from the respective chapters during the semester. The exams may include multiple choice, short answer, and essay questions that cover content from the class lectures and readings. The fourth exam will be held on the last class day prior to the final examination week (*Please refer to the course syllabus and/or D2L for the due dates of each exam*). **There are seventeen quizzes for this course** (*Please refer to the course syllabus and/or D2L for the due dates of each quiz*). ***To review for the scheduled exams, it is recommended that students read the chapters, attend the test review sessions, complete assigned quizzes, and complete the “Study Questions” at the end of each chapter. No “make-up” exams are available unless due to extenuating circumstances (i.e., death of an immediate family member, severe***

illness/illness, etc.) and the student has **written approval** from the instructor to take the exam at a later date/time. *** Note: All quizzes and exams will be administered online via D2L. **There are eight (8) days that are scheduled for practicing skills. Each skill session attended is worth 12.5 points (8 x 12.5 = 100 points).**

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

University Specific Procedures

Language Regarding the University's Pandemic Response

"A&M-Commerce requires the use of face-coverings in all instructional and research classrooms/laboratories. Exceptions may be made by faculty where warranted. Faculty have management over their classrooms. Students not using face-coverings can be required to leave class. Repetitive refusal to comply can be reported to the Office of Students' Rights and Responsibilities as a violation of the student Code of Conduct. "

"Students should not attend class when ill or after exposure to anyone with a communicable illness. Communicate such instances directly with your instructor. Faculty will work to support the student getting access to missed content or completing missed assignments."

Student Conduct

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the [Student Guidebook](#).

AI use policy [Draft 2, May 25, 2023]

Texas A&M University-Commerce acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.
