Student Learning Outcomes

After studying all materials and resources presented in this course, students will be able to:

1. Know the terminology and proficiency necessary for Microsoft Word, Excel, and PowerPoint use.
2. Develop a thorough foundation of appropriate software commands.
3. Investigate elements of design and construction and improve the efficiency in electronic spreadsheet, word processor, and presentation software applications.
4. Use computer and the above-mentioned software in practical applications.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Students are expected to know how to use the learning management system (D2L will be used heavily in this class). Also, students must have an access to Microsoft Office 2010.

Student Responsibilities or Tips for Success in the Course

1. Read the assigned readings.
2. Complete and turn in course assignments and exams at the scheduled time.
3. Use the web to actively seek out other resources and computer applications in agriculture sources that fit your learning style and help you better understand the material.
4. Be prepared for exams.

The syllabus/schedule are subject to change.

GRADING

Your grade for the semester will be a weighted average of homework assignments, three equally weighted exams, and a comprehensive final exam.

Homework assignments	10%
Exam 1: MS Word	20%
Exam 2: MS Excel	20%
Exam 3: MS PowerPoint	20%
Final Exam	30%
TOTAL	100%

Final grades in this course will be based on the following scale:

A = 90%-100%

B = 80%-89.99%

C = 70%-79.99%

D = 60%-69.99%

F = 59.99% or below

Assessments

HOMEWORK ASSIGNMENTS (HAs): Homework assignments are assigned regularly (see the course outline at the end of the syllabus) and must be completed individually. As a form of experiential learning, HAs help students sharpen their analytical skills. Students must turn in their HAs via D2L according to the course outline. HAs must be submitted by 11:30 p.m. (Central Time) on the due date. No late HAs will be accepted and a grade of zero will be assessed for missed HAs.

EXAMS: Exams will be administered through D2L (see the course outline at the end of the syllabus for specific exam dates). Exams have to be completed by 11:30 p.m. (Central Time) on the due date. Exams will be timed and you will have 1 hour and 30 minutes to complete the exam. Make sure you have internet access ahead of time and that your laptop battery is fully charged. No make-up exams will be given. If an exam is missed a grade of zero will be assessed for it. Exams have to be completed individually using your own student account and there should be no collaboration or sharing of work with your classmates on the exams. Final exam is **comprehensive** and you will have 2 hours to complete it.

The syllabus/schedule are subject to change.

TECHNOLOGY REQUIREMENTS

LMS

All course sections offered by Texas A&M University-Commerce have a corresponding course shell in the myLeo Online Learning Management System (LMS). Below are technical requirements

AI Use in Course

Texas A&M University-Commerce acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.
