Course Description

This course provides an introductory exposure to the history of ceramics and a beginning level experience in the use of clay as a fine art medium. Forming techniques, surface development, glazing, and kiln firing practices will be introduced. Students will explore both the functional and sculptural traditions of the medium.

The syllabus/schedule are subject to change.

Student Learning Outcomes

At the conclusion of this course students will be able to:

- discuss the history of ceramics
- discuss contemporary ceramics in the United States
- demonstrate the basic hand building techniques of coil, pinch, and slab
- demonstrate throwing clay on the potters wheel
- decorate the surface of ceramic work using slips and glazes
- load and unload ceramic objects in both electric and gas kilns
- discuss during class critiques the meaning, design and technical processes used to create ceramic art objects

Course Requirements

Textbooks, Technologies and Materials

Textbook(s) Required: No textbook is required.

Software Required: You will need a camera or cell phone to take photographs of your work. You will also use Google Slides, Microsoft Powerpoint or similar program to create your artist presentation.

Please contact the instructor if you have questions or concerns about using the technology.

Write your name on all your tools and supplies. The ceramic tools are available in the campus bookstore and others can be found at: Amazon, Wal-Mart, the Dollar Store, art stores, kitchen stores, or hardware stores.

Instructional Methods

This course is 16 weeks long. It will consist of:

Lectures: The instructor will present examples of historical and contemporary ceramic artwork related to the ceramic techniques being taught.

Demonstrations: The instructor will demonstrate hand building, wheel throwing, decorating and glazing techniques.

Projects: In hands-on projects working with clay you will have the opportunity to practice the skills that were learned during the lectures/demonstrations.

The syllabus/schedule are subject to change.

Sketches and Research: In preparation for more involved clay projects you will be expected to do your own visual research and draw out a plan for your project.

Presentation: You will give a presentation on a ceramic artist, including images and descriptions of their artwork and your opinion of it.

Critiques: During critiques we will discuss the work you have made intellectually. This is an opportunity to receive feedback on your work and provide feedback to your classmates about their work.

Expectations

1. Working outside of class is required. Expect to spend at least 6 hours per week outside of class. Access to the studio at night and on weekends will be through the swipecard system. Use the east entrance to the building. **Work out of class is not a substitute for in-class work and participation.**
2. Timely completion of required work by the critique dates is required.
3. Criticism and discussion are important aspects of artistic activity and development. Attendance and active, thoughtful verbal participation at all critiques is mandatory.
4. Participation in loading, firing, and unloading the kilns is required. Students should be aware that these activities sometimes take place outside of class time. Studio Policy on quality control: Any work that is defective or damaged (such as too heavy, cracked, broken, etc.) will not be fired. Extra work must meet the standards of the studio.
5. Students in the advanced class are required to help with the maintenance and the running of the ceramics studio. This includes mixing the communal batches of slips and glazes, cleaning and re-coating kiln shelves, and other tasks that contribute to maintaining a clean and appropriate work environment. Technical information and an explanation of "best practice" will be given relating to these tasks.
6. Students are expected to engage in personal research on ceramics websites and in the university library where there is an extensive collection of books on ceramics as well as the periodicals *Ceramics Monthly*, *American Craft*, and *Studio Potter*. You can also see ceramic work in person in nearby museum collections, especially the DMA, The Crow Collection of Asian Art, and the Kimbell Art Museum.
7. Students are expected to attend all exhibitions in The University Gallery as well as other events hosted by the Department of Art such as visiting lecturers and visiting artist workshops.

The syllabus/schedule are subject to change.

8. General Studio Rules:

- **The ceramics studio is a pet-free, child-free zone 24/7.**
- Do not touch or move other people's work.

9. Remove all work and tools at the end of the semester. Your instructor is not responsible for work left behind when the course ends.

Grading

Final grades in this course will be based on the following scale:

90-100% A | 80-89% B | 70-79% C | 60-69% D | 0-59% F

Assignment Grading Details:

Grading is based on a completion of course assignments, quality of individual technical and critical development, personal commitment and ability to work in a community studio setting. Personal commitment involves regular attendance, consistent effort, completion of work and participation in group critiques and the willingness to try new things and take creative risks.

There are multiple required group critiques throughout the semester of in-progress and finished work.

Assignments	90%
Critiques, Research, Presentation	<u>10%</u>
	100%

Late Work:

Assignments may not be turned in late unless there is a legitimate documented emergency. You must contact me before the due date and ask for an extension. I will consider each request on a case-by-case basis. Late assignments will automatically lose 20% of the grade and must be submitted by the final critique.

Assignment Submission & Format:

All work is due completed by the due date listed in the assignment. **Images of your finished projects should be posted in the assignment in D2L to receive full credit.**

The syllabus/schedule are subject to change.

Assessments

Projects will be graded as follows:

A (Excellent) will be given to ambitious projects that demonstrate superior conceptual, expressive, and technical abilities. A sustained and committed work ethic must be evident.

B (Good) will be given to those projects that complete the requirements of the assignment in a creative manner, display a good level of technique, and in which a good work ethic is evident.

C (Average) is given to those projects that satisfy the specifications of the assignment on an adequate level. Reasonable effort has been demonstrated in order to complete the assignments.

D (Passing - Minimum) will be given to those projects which attempt to address the assignments but which fall short in understanding, creativity of solution, quality of technique, and effort.

F (Failure) is given to projects that show a complete lack of understanding, creativity, and effort.

Course Procedures and Policies

Attendance Policy

Attendance is critical for your success in this course. Students are expected to be present in each class, for the entire class period. If you arrive 15 minutes late or leave more than 15 minute before class ends, it will be considered an absence. **After the fourth absence of the semester, the instructor may lower the student's final semester grade by one letter grade for each subsequent absence.** No distinction will be made between excused and unexcused absences. Please contact the instructor in advance of any absence.

A student who misses a class or is late for class is responsible for any material discussed and any announcements made during class. Demonstrations will not be repeated for excused or unexcused absences. The student is also responsible for making up the missed work time.

Studio culture and cell phone usage

The syllabus/schedule are subject to change.

For the next 16 weeks we will be working together in the shared space of the studio. You are expected to treat your instructor and your classmates with respect at all times. In this spirit, cell phones should be muted during class. If you must receive a call during class time please leave the studio before answering it. To be considerate of others working in the studio there should be no phone conversations, text messaging, movie watching, etc. in studios. Online web searches related to course assignments may be done during studio work time, not during lectures and demonstrations. You may also use your phone to document your work.

For the health and safety of everyone, please clean up your workspace, table, floor and all tools and equipment that you used before you leave the studio. **Throwers should mop around their wheel at the end of every work session. Hand builders should mop around their table.** Leave the space cleaner than you found it.

Headphone policy: You may wear headphones while you are working in the studio during class time. For the safety of yourself and consideration of your classmates, the volume must be low enough that you can still hear what is happening in the studio. Also, you are still responsible for any announcements that are made while wearing headphones. You may not wear headphones during lectures, demonstrations or critiques.

Video/audio recording is prohibited without permission.

Firing policy: Smoking/drug paraphernalia, including but not limited to pipes, ashtrays, images or slogans will not be fired.

Respect for Diversity

It is my intent that students from all backgrounds and perspectives be well-served by this course, that students' learning needs be addressed both in and out of class, and that the diversity that the students bring to this class be viewed as a resource, strength and benefit. It is my intent to present materials and activities that are respectful of diversity: gender identity, sexuality, disability, age, socioeconomic status, ethnicity, race, nationality, religion, and culture. Your suggestions are encouraged and appreciated. I am open to feedback about ways to improve the effectiveness of the course for you personally, or for other students.

Safety

The syllabus/schedule are subject to change.

Always wear a mask when working with dry materials and while spraying glaze. If you are pregnant you will need to take caution in the glaze area and be sure to wear gloves while glazing. Everyone should wear gloves when working with glazes containing a high metal content and glazes marked "Not Food Safe". For safety while sanding and sweeping we recommend you wear a mask. You may want to purchase a P100 Particulate Respirator Mask.

There is no roller skating, roller blading or skate boarding in the studio.

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.
