Student Responsibilities:

1. Read assigned material on schedule
2. Check D2L for announcements and other information
3. Prepare for class discussions and examinations.
4. Participate in all case discussions

Course Evaluation:

Grades will be based upon the following items:

Case discussion postings	25%
Article discussion postings	20%
First Exam	20%
Second Exam	20%
Research Paper	15%

Grading scale: 90 - 100% =A, 80 – 89% =B, 70 – 79% =C, 60 – 69% =D and <60% =F. Your grade will be based on the activities above and weighted accordingly.

Case Discussions

Part of your assignments will consist of weekly or bi-weekly case discussions via the Discussion tab of each unit related to the topic assigned. Participation in the case discussion for each chapter (unit) is **mandatory** and everyone is expected to provide insightful comments and recommendations as well as respond to at **least one other student's response**. This does NOT mean simply responding "I agree or disagree" but providing an explanation/reasoning as to your answer. Please watch for **announcements** in D2L and in emails for reminders relating to the discussions and class live sessions and any other requirements. **All discussion postings need to be posted at the latest 1-2 days before the due date in order to give everyone a chance to post a response to other students' comments.**

Article Discussion Postings

You will be required to read a few articles related to the topics discussed in some of the chapters. A list of articles will be assigned at the beginning of the semester and will be available for you in the course content section of the course. You will need to respond to the question(s) asked related to these readings in the discussion tab that is created for each

chapter. Please note that NOT all chapters have assigned readings. I will be sending out reminders regarding these assignments.

Examinations:

Two exams will be given during the semester. The exams will cover specific chapters as we cover the material during the semester. The exams will be similar to the homework and cases discussed in class. There are **no** make-ups for the two exams. If you plan to miss an exam due to extenuating circumstances, you must notify the professor **prior** to the exam to set up a time to take the exam.

Research Paper:

Each student will be required to write a research paper on an ethical dilemma. The purpose of the research paper is to engage students in ethical issues pertinent to business and the accounting profession. You may choose the topic you wish to write about however please refrain from using Enron, WorldCom, Lehman Brothers, Freddie Mac, Fannie Mae and Waste Management as these cases are already widely discussed today. You will need to obtain approval from the Professor on your choice of topic. The paper should discuss the ethical dilemma, the effect and consequences of the ethical act and the outcome of the case. You must use at least two of the ethical theories discussed in class to explain the reason and circumstances the individuals involved were able to commit the unethical acts that took place. In addition, you should provide recommendations on how to reduce the likelihood of the unethical scenarios occurring in the future. Sample research papers will be provided in D2L so you are aware of the expectations of the paper. **There will be a 10 point penalty for all research papers submitted late.**

Students enrolled in ACCT 430 will prepare an 8 to 12 page paper including references. The document should use a font size of 12 and one-inch margins and be double spaced. It should include an Abstract and Conclusion section within the paper. Graduate students are expected to use proper grammar and English language. If English is not your first language, please make sure to have it proof-read. You have the option of sending a draft for me to review and provide feedback before you submit the final research paper at the end of the semester.

Students are expected to use electronic means such as databases and journal articles to research their relevant topic. Several theories will also be explained throughout the semester so students are expected to use these theories to support their reasoning and arguments related to the ethical dilemma being researched. The paper must demonstrate a mastery of the basic writing mechanics, be free of grammatical errors and supported by proper references. Please follow APA guidelines when writing the research paper. Wikipedia and Investopedia are not proper academic sources therefore academic research articles should be your main source of research support. All papers will be submitted through Turnitin in D2L via the drop box. Papers in excess of 15% of originality will not be accepted.

Plagiarism and AI Use

Plagiarism represents disregard for academic standards and is strictly against University policy. Plagiarized work will result in an “F” for the course and further administrative sanctions permitted under University policy. Guidelines for properly quoting another individual’s writing and the proper citing of sources can be found in the APA publication Manual.

Texas A&M University-Commerce acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course. Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism). Students are fully responsible for the content of any assignment they submit in this course, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.

University Policies and Procedures:

Students with Disabilities: The Americans with Disabilities act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

Office of Student Disability Resources and Services

Texas A&M University – Commerce, Gee Library, Room 162 , Phone (903) 886-5150 or (903) 886-5835, Fax (903) 468-8148, StudentDisabilityServices@tamuc.edu

Ethics: Integrity is the hallmark of the accounting profession and will be stressed throughout the course. Any type of student breach of ethics, including but not limited to: illegal activity, dishonest conduct, cheating, plagiarism, or collusion, will result in failure of assignment or exam (F) and/or further academic sanction (i.e. failure of course (F), dismissal from class and/or referral to Dean of the College of Business and Technology. All students are required to read, sign and submit the Academic Honesty Policy form via the drop box the first week of class.

“All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment.” (See Student’s Guide Handbook, Policies and Procedures, Conduct).

Non-discrimination: A&M-Commerce will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

Other: University policy will be followed in regards to withdrawals during the semester. It is the student’s responsibility to conform with the university rules relating to dropping or withdrawing from the course.

Email Policy

This is an online course utilizing D2L. You may e-mail me as well as any student in the class by utilizing the e-mail feature in D2L. Please write the number of the course and your name on all correspondence and any homework you submit. I will be communicating with you using your myLeo account that is provided by the university. Please check your e-mail frequently. The professor is NOT responsible for any technical difficulties experienced during the course. The quickest manner in which to get in touch with me is through email as I check the class in the mornings and in the evenings only.

Concealed Carry Policy

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in Texas A&M University-Commerce buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and A&M-Commerce Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations. For a list of locations, please refer to (<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/34SafetyOfEmployeesAndStudents/34.06.02.R1.pdf>) and/or consult your event organizer). Pursuant to PC 46.035, the open carrying of handguns is prohibited on all A&M-Commerce campuses. Report violations to the University Police Department at 903-886-5868 or 9-1-1.
