## **COURSE INFORMATION**

### **COURSE DESCRIPTION**

This competency-based course considers evidence-based policing from a practical standpoint: students will learn what evidence-based policing is and how it's evolved; additionally, they will engage in readings and reviews that show how EBP research is carried out; how police officers can implement EBP in their strategies; and what resources are available to police organizations interested in formulating EBP policies and programs.

## **STUDENT LEARNING OUTCOMES**

Completion of this course provides the student with the knowledge to:

1. Students will be able to articulate what evidence-based policing is; and how it developed.
2. Students will be able to apply their knowledge of EBP in explaining different approaches to policing research.
3. Students will be able to explain the ways that research methods are used in EBP.

4. Students will understand how police practices are and can be informed by EBP research.
5. Students will be able to identify resources related to EBPB.

### **BSCJ WITH EMPHASIS IN LAW ENFORCEMENT LEADERSHIP DESCRIPTION**

The Bachelor of Science in Criminal Justice with an emphasis in Law Enforcement Leadership (BSCJ-CJCB) at Texas A&M University-Commerce is a 100% online, competency-based program designed specifically for first responders: law enforcement, peace officers and military personnel with existing work experience, police academy training, or other certifications. Courses are offered in an accelerated format, so students can move swiftly through material they already have mastery over, and focus more attention on topics that are new and challenging to their existing knowledge base. The courses are self-paced, so students can work according to their own schedule. Students in the BSCJ-CJCB program develop practical workplace competencies that meet current and future challenges facing first responders today.

### **Materials**

\*A textbook is not assigned for this class. All reading assignments are provided with links to Internet sources and/or document files.

### **Supplemental Materials**

Links and files will be provided in the document sharing tab within the course.

### **REGULAR AND SUBSTANTIVE COURSE INTERACTION**

As a general guide, students enrolled in a three-semester hour course should spend one hour engaged in instructional activities and two to three hours on out-of-class work per week in a traditional semester. Students are expected to double this effort of engagement given that this course is being delivered in a seven-week term. Educational activities in this course are designed to ensure regular and substantive interaction between students and faculty to ensure that students are able to demonstrate competency.

### **COURSE REQUIREMENTS**

**Minimal Technical Skills Needed:** Students will need reliable computer and internet access for this course. Students must be able to effectively use myLeo email, myLeo Online D2L, and Microsoft Office.

**Instructional Methods:** This course is an online course. To be successful in this course, all content and course modules should be read and reviewed. All assignments and quizzes (both graded and not graded) must be completed. Please contact the instructor by email for any assistance.

Email your instructor as soon as you complete your pre-test so the instructor can access and grade your work.

**Student Responsibilities or Tips for Success in the Course:** To be successful in this course, all content and course modules should be read and reviewed. All assignments and quizzes (both graded and not graded) should be completed. Please contact the instructor by email for any assistance.

### **Assessment**

Students must achieve 80% or higher for both the post-test and culminating project to demonstrate competency and pass the course.

#### **Pre-test**

The purpose of the pre-test is to provide a baseline understanding of your knowledge in this competency. Pre-tests are taken once and should be completed upon the first couple of days of a CBE academic term or entry into a course if a student is an accelerator. The pre-test is required before you begin studying course materials. If students do not make at least 80% on the pretest, they will be expected to complete assignments, quizzes, and other course content to prepare for the post-test and culminating project. Students are required to complete the post-test even if scoring 80% or higher on the pre-test. The grade on the pre-test does **not** count in the final grade for this course.

#### **Post-test**

The end-of-course/module comprehensive exam assesses student knowledge and understanding of major concepts, theories, processes, etc., in the course/module. A **score of 80% or higher is required** to demonstrate competency. If you score less than 80% on the post-test, you will have an opportunity to review the material and retake the post-test two additional times. Students who fail the post-test should review feedback from the instructor before reattempting the post-test. If the post-test score is less than 80% within three attempts, students will receive a grade of "F" in the course and will be required to retake the course in the new term. **DUE: Last day of week 7, Friday by 11:59 PM CST.**

#### **Culminating Project**

The project assesses your knowledge of terms and the application of concepts presented in this course. A **score of 80% or higher is required** to demonstrate

competency. **DUE DATE if you want feedback for revisions: End of week 6. HARD DUE DATE: Last day of week 7, Friday by 11:59 PM CST.**

If students score less than 80% on the culminating project, they will have an opportunity to review the material and resubmit the project up to two additional times. If the culminating project is less than 80% within three attempts, students will receive a grade of F in the course and will be required to retake the course in the new term.

### **GRADING**

A score of 80% or higher on the Culminating Project and 5 Module Post-tests is required to demonstrate competency and receive credit for the course. The following items will be used to calculate the final grade in the course.

<b>Item</b>	<b>Worth</b>
Module 1 Posttest	100 points
Module 2 Posttest	100 points
Module 3 Posttest	100 points
Module 4 Posttest	100 points
Module 5 Posttest	100 points
Culminating Project	100 points
<b>Total</b>	600 points

### **Grading Scale**

A = 90%-100%

B = 80%-89%

F = 79% or Below

## Interaction with Instructor Statement

This is an online course; therefore, expect most communication to be online as well. If you have any questions or are having difficulties with the course material, please contact your instructor. Correspondence will always be through university email (your “myLeo” mail) and announcements in myLeo online (D2L). The instructor will make every effort to respond to emails within 24 provided the correspondence follows the requirements listed below. Students are encouraged to check university email daily.

**All emails from students should include:**

- **Course name and subject in the subject line (ex. EDCB 517 – Posttest)**
- **Salutation**
- **Proper email etiquette (no “text” emails – use proper grammar and punctuation)**

- **Student name and CWID after the body of the email**

### **Syllabus Change Policy**

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

### **Student Conduct**

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the [Student Guidebook](#).

<http://www.tamuc.edu/Admissions/oneStopShop/undergraduateAdmissions/studentGuidebook.aspx>

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum:

### **TAMUC Attendance**

For more information about the attendance policy please visit the [Attendance](#) webpage and [Procedure 13.99.99.R0.01](#).

### **Academic Integrity**

Students at Texas A&M University-Commerce are expected to maintain high standards of integrity and honesty in all their scholastic work. For more details and the definition of academic dishonesty see the following procedures:

[Undergraduate Academic Dishonesty 13.99.99.R0.03](#)

[Undergraduate Student Academic Dishonesty Form](#)

[Graduate Student Academic Dishonesty Form](#)

### **CID Policy on Academic Integrity**

Academic dishonesty includes cheating, complicity in cheating, multiple submissions (or substantial portions) of the same work for credit without authorization, submitting another's work, plagiarism, submitting algorithmically (AI) plagiarized work, and other acts that may reasonably be called academic dishonesty.

- Students who commit academic dishonesty will receive a grade of 0 for the assignment in the course and be issued a Written Warning that is reported to the CID Assistant Dean's office and listed in a database.

- If the student does NOT have a previous Written Warning for academic dishonesty reported in CID courses and has additional attempts available for the assignment, the student may resubmit the assignment (this applies to CBE courses only).
- If the student has a Written Warning of academic dishonesty reported in CID courses, the student may NOT resubmit the assignment, and the instructor will follow the procedure detailed in [Policy 13.99.99.R0.03](#) for Undergraduate Academic Dishonesty and report the incident to the Provost Office.

### **Students with Disabilities-- ADA Statement**

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:
