The student is required to demonstrate his or her competence in the investigation and formal reporting of a problem.

Student Learning Outcomes

1. Understand basic concepts associated with qualitative, quantitative, and mixed methods research designs.
2. Understand how to use basic concepts by investigating and reporting of a problem.
3. Understand how to use the American Psychological Association (APA) style guidelines.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Students should be able to use the learning management system, Microsoft Word, and Texas A&M University-Commerce (TAMUC) email.

Instructional Methods

Quizzes:

Each module will have quizzes that must be completed by the due date available in the course. Each quiz will contain a variety of different types of questions (i.e., T/F, multiple choice, multiple answer, etc.) from the assigned course textbook chapters. Quizzes will be timed and must be taken by the due date.

Discussion Board (Writing Exercise + Peer Review):

For every module, there will be writing exercises with instructions included. Each student will be assigned a classmate to peer review their posted writing assignment (instructions included). Be sure to read the assigned textbook chapter before attempting the writing exercises. Due dates for the posted writing assignments and peer reviews will be available in the course.

Final - Action Research Project:

The final will be an action research project. The specific format and content requirements for the final will be available in the course. American Psychological Association (APA) style formatting (7th ed.) will be required for the action research project.

Note: Turnitin.com includes an AI (artificial intelligence) checker which will be used to automatically check content and sources on the final content. Do not use an artificial intelligence software or app to create your content as it will be considered plagiarism.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

Attendance Policy

Students are expected to "attend class" and actively participate. The professor will monitor student participation/activity.

Late Work

Unless a student has a legitimate excuse, late work is not accepted. There are circumstances outside one's control that might impact timely submission of assignments, such as jury duty, hospitalization, or a funeral of a family member. In these instances, the student should notify the instructor.

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

The syllabus/schedule are subject to change.

University Specific Procedures

Student Conduct

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the [Student Guidebook](#).

***Civility Statement** - Texas A&M University-Commerce enhances civility and collegiality of administrators, faculty, staff, students, and guests through intentional acts of respect, trust, self-accountability, and collaboration. We recognize our strength is found in togetherness as we commit to kindness through one on one communication, fostering a healthy environment of conflict resolution and teamwork. The university is also committed to incorporating the tenets of civility in ways that do not silence traditionally marginalized voices.*

Artificial Intelligence (AI) Use in Courses

Texas A&M University-Commerce acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.
