pragmatics in the classroom? How can it help classroom language teaching? How can pragmatics help us to understand student development? This is an introductory level graduate course on pragmatics and language teaching, and no background in this area is required.

## **Student Learning Outcomes**

1The student will be an active and engaged participant in discussions by analyzing, constructing and evaluating information presented within the lectures, external readings and class activities.

2. The student will understand and be able to discuss, evaluate, and critique the current issue and ideas discussed in pragmatics and its teaching in a SLA setting.

## **COURSE REQUIREMENTS**

### **Minimal Technical Skills Needed**

Using the learning management system, using Microsoft Word and PowerPoint, using presentation and graphics programs, etc.

### **Instructional Methods**

**You must have read the relevant chapter in the book by the day of the lecture.**

**A live lecture will be held on Wednesdays 4:30-7:00 pm CST. You MUST do one of the following:**

a) attend f2f;

b) attend remotely: log in via Zoom (Meeting ID: <https://tamuc.zoom.us/j/6458619518>);  
or

c) watch the video of the lecture on the LMS (usually uploaded during the night).

You must post 2 contributions to the week's Q&A. You may post questions about the lecture/contents of the book or answer other students questions. If you attend the live lecture (f2f or remotely) you are exempted from having to post a question (but you must still respond to one). Obviously you may post more than 2 Q&A, if you want. The Q&A period opens Monday at 0:01 AM CST and closes Thursday at 11:30 pm CST. You cannot post in the Q&A after that time. P

You then must take the weekly Comprehension Review (quiz). The CR opens Friday at 0:01 am CST and closes Sunday at 11:30 pm.

*The syllabus/schedule are subject to change.*

## **Student Responsibilities or Tips for Success in the Course**

- Students will be responsible for **familiarizing themselves with the syllabus and all course instructions** found in the online course platform
- Students will be responsible for reading all online materials
- Students will be responsible for completing and submitting all assignments online
- Students will be responsible for contacting the professor via the Virtual office or email regarding questions on assignments **PRIOR** to the due date
- **You must log on several times every week or attend f2f and log on. You cannot do well in the class if you do not log on multiple times and/or attend.**

## **GRADING**

Final grades in this course will be based on the following scale:

A = 90%-100%

B = 80%-89%

C = 70%-79%

D = 60%-69%

F = 59% or Below

### **Assessments**

<b>Comprehension Reviews (10x3)</b>	<b>30% = 30 points</b>
<b>Final Oral Comprehensive Exam</b>	<b>33% = 33 points</b>
<b>Q&amp;A/Participation (11x2)</b>	<b>33% = 33 points</b>

## **ACCESS AND NAVIGATION**

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or [helpdesk@tamuc.edu](mailto:helpdesk@tamuc.edu).

**Note:** Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

## **COMMUNICATION AND SUPPORT**

If you have any questions or are having difficulties with the course material, please contact your Instructor.

### **Technical Support**

If you are having technical difficulty with any part of Brightspace, please contact Brightspace Technical Support at 1-877-325-7778. Other support options can be found here:

<https://community.brightspace.com/support/s/contactsupport>

### **Interaction with Instructor Statement**

You can contact the instructor via email anytime. I will respond within one working day, but usually much faster. If you call the phone number listed in the syllabus the department secretary sends me an email, so it's faster to email me. You can always ask me for a conference (Zoom or Skype). If you do so, give me some options when you are available.

*The syllabus/schedule are subject to change.*

I interact with more than 250 students every year. ***I do not remember which class you are in. Please put in the body of your email which course you are asking about.*** If you email me from the LMS it does so automatically.

## COURSE AND UNIVERSITY PROCEDURES/POLICIES

### **Course Specific Procedures/Policies**

Attendance is mandatory in the f2f section (this is a graduate course!). Late Work may be arranged PRIOR to the deadline. Late work AFTER the deadline is not allowed, except for extenuating circumstances. Missed Exams and Quizzes and Extra Credit cannot be made up, unless prior arrangements have been made, except for extenuating circumstances

### **Syllabus Change Policy**

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

## **University Specific Procedures**

### **Student Conduct**

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the [Student Guidebook](#).

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all A&M-Commerce campuses. Report violations to the University Police Department at 903-886-5868 or 9-1-1.

### **Use of AI in the course**

Texas A&M University-Commerce acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course. Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism). Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed. In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.
