Course Information

Prerequisites: Lvl U ECO 231 Min Grade C or Lvl U ECO 2301 Min Grade C

Required Text: *No Textbook required. Lecture notes provided by the Professor. Students can use any Intermediate Macroeconomics Textbook available in the library.*

Course Basics:

Economics 331 is intermediate level Macroeconomics which assumes basic knowledge of Economic concepts This course satisfies the economics background requirement for MBA candidates. The course is designed as an overview of the essential elements of Macroeconomics as an intellectual, decision-making discipline. Economics is normally treated as two distinct, though interrelated, broad sub-disciplines: Microeconomics and Macroeconomics. At the decision-making level, however, those dividing lines tend to be blurred. This course will focus less on pure theory (theory for the sake of theory) and more on theory as an aid to aggregate economic decision-making.

Instructional Methods: The professor will provide topical lecture notes and videos (if available) through D2L Brightspace Content and/or emails. Questions can be asked through email (kishor.guru-gharana@tamuc.edu) 24/7 throughout the semester.
