Course Description

Intermediate Spanish II (SPA 2312) is the last level in the four-course sequence of the Spanish Language Program at TAMUC. The course has been designed for second-language learners (this is, students whose first language is not Spanish). The Spanish Program has adapted the 'CAN-DO' performance standards based on the MCER and ACTFL frameworks; considering these standards,

students will start developing competence in the four communication skills, and they are expected to reach the Low-Intermediate to Intermediate-Mid levels by the end of the course (ACTFL 2012). They will also gain knowledge of various cultural aspects of the Spanish-speaking world by exploring cultural products and practices from Hispanic communities in the US and abroad. Students will make comparisons across languages and cultures and will recognize the ways in which Spanish extends beyond the classroom into the global community.

Student Learning Outcomes

Students who successfully complete the course will:

1. Communicate in spoken and written Spanish on general and specific topics, using phrases, and expressions with some level of creativity. Level target expected at the end of the course is Intermediate Mid – High (ACTFL Proficiency Guidelines).
2. Understand general spoken and written Spanish discourse related to the arts, entertainment, cultural celebrations, and social relationships. Level target expected at the end of the course is Intermediate-Mid to Intermediate-High (ACTFL Proficiency Guidelines).
3. Effectively select and integrate communicative strategies to describe and explain information on general topics and cultural content.
4. Describe and compare products, practices, and perspectives related to work, housing, and the environment in diverse Spanish-speaking communities around the world.

Student Responsibilities

Students' participation is essential and required to succeed in this course. Students are expected to: 1) actively engage in all classroom activities, including the weekly virtual meetings, 2) read and prepare assigned materials by the due dates, 3) complete and submit assignments by the due date, and 4) interact with each other and the instructor on a regular basis.

Minimal Technical Skills

Students in this course are expected to be able to: a) manage TAMUC Library resources for advance academic research; b) competently use MSFT Office tools (Word, Excel, PPoint); c) access, navigate and use the diverse tools included in the course MyLeoOnline (D2L).

Interaction with Instructor Statement

a. Course communication. Good communication in an online setting is a fundamental component of success. Please consider the different types of media available for communication with your instructor and classmates, in individual and group formats. Please follow [Netiquette rules](#) to keep our conversation professional, engaging and polite.

During the semester, we will use three main means of communication:

- *Announcements*: General tool for course communication; I will post short messages or reminders related to due dates or changes in the assignments.
- *Email*: Please only use the official TAMUC Leo Email to communicate with me and your classmates. I will send general emails with information related to the course, date changes, assignments modifications, etc. or with information that relate to our content. I will send individual emails as needed. I will respond to emails in 24 hs. during the work week and by the next business day on weekends and holidays.
To setup the TAMUC email contact **HelpDesk** helpdesk@tamuc.edu or call 903-468-6000; you may also access information at <https://leo.tamuc.edu>.
- *General Discussion Board*: Located in the “General Resources” folder, this board is open to all participants; anyone can post a comment, question or suggestion related or unrelated to the course. All students are encouraged to participate and post responses; I will visit this board regularly.

GRADING

Core assessments

1. **Quizzes.** (30% of the final grade) There will be three short quizzes based on each unit content, focusing on vocabulary, language structures, language strategies, and cultural content. Each test represents 10% of the final grade. For relevant dates please see “Tentative Course Schedule”.
2. **Writing workshops.** (15% of the final grade). You will participate in three writing workshops to advance your reading and writing skills in Spanish. Each workshop will include activities analyzing a set of readings, revising diverse comprehension and production strategies, and completing a specific writing task.
3. **Oral activities** (12% of the final grade). Students will complete **two oral activities** during the semester to measure their oral skills development: a short individual interview, and an in-class cultural presentation. The interview will consist of several questions related to the topics discussed in class; the short presentation will focus on expanding a cultural topic discussed in class. For relevant dates, please see “Tentative Course Schedule”.
4. **Online activities.** (25% of the final grade) Students will complete diverse online exercises every week in the *Connect* online workbook, including listening, reading and writing activities. Completion of the online HW is required to fully participate in the face-to-face sessions, and to succeed in the IPA evaluation. The activities are expected to be completed by the due date indicated in the “Tentative Course Schedule”, and they will be evaluated by level of completion and accuracy. Online activities represent 25% of the final grade.
5. **Integrated Performance Assessment (IPA).** (18% of the final grade). The Spanish Language Program has incorporated the Integrated Performance Assessment (IPA) framework as primary model for assessing students’ progress. Following CARLA (2019) description, IPA is a set of interrelated linguistic tasks which allows students to demonstrate their Spanish competence on the three modes of communication: *Interpretive* (reading/listening and completing a comprehension activity); *Interpersonal* (interacting with another student or the instructor); and *Presentation* (writing or orally presenting information to an audience). The three tasks are aligned within a single theme, reflecting the manner in which learners will naturally use the language in the real world beyond the classroom. Students in SPA 1312 will complete a final IPA cycle, at end of the semester (please see the “Tentative Schedule” for relevant dates). Students are required to complete each full IPA cycle in order to be assessed; incomplete cycles cannot be evaluated, therefore if the student misses any of the three tasks, the resulting grade will be 0

(zero). Each IPA cycle will be evaluated with scoring rubrics that rate performance in terms of whether the task meets expectations, exceeds expectations, or does not meet expectations. The IPA represents 20% of the final grade.

GRADING

Quizzes:	30% (3 x 10%)
Writing workshop	15% (3 x 5%)
Online activities:	25%
Oral activities:	12%
IPA:	18%
Total:	100%

Final grades in this course will be based on the following scale:

A = 100%-90% B = 89%-80% C = 79%-70% D = 69%-60% F = 59% or Below

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures

1. Participation: Attendance and participation in class sessions are fundamental to succeeding in this course. You are expected to attend all class meetings in person, following TAMUC Covid-19 pandemic guidelines. For more information, please see “University Procedures Policies” in the next section of the syllabus.

Student athletes, band members and members of other university sanctions should bring a letter from their supervisor or specific department during the first week of class indicating the dates they will miss class.

Students who require special accommodations for religious holidays should make arrangements with their instructor during the first week of class.

2. Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

3. Withdraws & Incomplete grade.

A student may drop a course by logging into his/her myLeo account and clicking on the hyperlink labeled “Drop a class” from among the choices found under the myLeo section of the web page. I reserve the right to drop a student from the course administratively for excessive absences or violations of the Code of Student Conduct. Incomplete grades (grade of “X”) are granted only under rare and extraordinary circumstances which are fully documented; students requesting an incomplete grade should contact the instructor as soon as possible, provide all pertinent documentation, and sign the ‘X’ grade contract which details the coursework they need to complete to pass the class.

4. Grievance procedures.

Students who have concerns regarding their courses should first address those concerns with the assigned instructor in order to reach a resolution. Students who are unsatisfied with the outcome of that conversation or have not been able to meet individually with their instructor, whether in-person, by

email, by telephone, or by another communication medium, should then schedule an appointment with the Director of the Spanish Program, Dr. Flavia Belpoliti (flavia.belpoliti@tamuc.edu). If there are still unresolved issues, students need to schedule an appointment with the Department Head, Dr. Hunter Hayes, by completing a Student Grievance Form (available in the Department Main Office, HL 141). In the event that the instructor is the Department Head, the student should schedule a meeting with the Dean of the College of Arts, Sciences, and Humanities after following the steps outlined above; if the instructor is the Assistant Department Head, students should schedule a meeting with the Department Head. Where applicable, students should also consult University Procedure 13.99.99.R0.05 (“Student Appeal of Instructor Evaluation”).

5. Extra-credit

During the semester, if available, you will be invited to participate in different activities and short projects (online film screening; virtual lectures, etc.). Up to 3 extra-points will be granted after attending the event/s and completing the assigned activities.

University Specific Procedures

Student Conduct

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment, in the classroom and in online environments, as described in the Code of Student Conduct. For more information, please see [Student Guidebook](#). In addition, students should also consult the Rules of Netiquette for more information regarding how to interact with peers, instructors and/or administrators in an online forum:

<https://www.britannica.com/topic/netiquette>

TAMUC Attendance

For more information about the attendance policy please visit the [Attendance](#) webpage and [Procedure 13.99.99.R0.01](#).

Academic Integrity

Plagiarism is borrowing the work of others and not giving credit where credit is due. It is unethical and reflects very poorly on a person’s character. Copying someone else’s work or asking a friend or tutor to write your work constitutes a violation of the TAMUC Academic Honesty Policy. Likewise, the use of electronic media to translate your work to Spanish is also unacceptable. Instructors in the Department of Literature and Languages do not tolerate plagiarism and other forms of academic dishonesty. Instructors uphold and support the highest academic standards, and students are expected to do likewise.

Penalties for students guilty of academic dishonesty include disciplinary probation, suspension, and expulsion. Students at Texas A&M University-Commerce are expected to maintain high standards of integrity and honesty in all of their scholastic work. For more details and the definition of academic dishonesty see the following procedures:

[Graduate Student Academic Dishonesty 13.99.99.R0.10](#)

Students with Disabilities - ADA Statement

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you have a disability requiring an accommodation, please contact:

Office of Student Disability Resources and Services

Texas A&M University-Commerce
 Gee Library- Room 162
 Phone (903) 886-5150 or (903) 886-5835

Nondiscrimination Notice

Texas A&M University-Commerce will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further, an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

Campus Concealed Carry Statement

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in Texas A&M University-Commerce buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and A&M-Commerce Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations.

For a list of locations, please refer to the [Carrying Concealed Handguns On Campus](#) document and/or consult your event organizer.

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all A&M-Commerce campuses. Report violations to the University Police Department at 903-886-5868 or 9-1-1.

ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or helpdesk@tamuc.edu.

Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

COMMUNICATION AND SUPPORT

If you have any questions or are having difficulties with the course material, please contact your Instructor.

Technical Support

If you are having technical difficulty with any part of Brightspace, please contact Brightspace Technical Support at 1-877-325-7778. Other support options can be found here:

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
- The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.
