Students must be enrolled in SWK 422 Integration and Practice and SWK 425 Field I during the summer semester.

STUDENT LEARNING OUTCOMES

The Council on Social Work Education (CSWE) requires a competency-based approach to identify and assess what students demonstrate in practice. In social work, this approach involves assessing students' ability to demonstrate the competencies identified in the educational policy. Listed below are the competencies and associated knowledge, skills, values, and cognitive and affective processes that comprise the expected outcomes for this course.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

In this course, you will utilize the Learning Management Systems (LMS) D2L for instructional and learning opportunities, submitting assignments, participating in online synchronous and asynchronous discussions, accessing resources, and completing quizzes/tests. Additionally, you will need the knowledge and skills to use Microsoft Word, PowerPoint, and Outlook Email. If you have any issues with using the various systems or software, you must contact support services and notify the Instructor of the technical issue.

Instructional Methods

This course will be delivered via synchronous and asynchronous sessions via D2L. It will consist of live class sessions, pre-recorded lectures, group engagement activities, and various assignments, including experiential learning and practical application of the content areas. In addition, small lectures, discussion activities, and workshops may provide instruction during this course.

Student Responsibilities and Tips for Success in the Course

As a student in this course, you are responsible for engaging in active learning and reaching out to the Instructor if problems or challenges interfere with optimal learning. Communication is vital when engaged in a fully online, virtual environment.

Expectations for success include:

1. Always demonstrate professional behavior, including respect for the Instructor and peers; being open to feedback and guidance throughout this class and the program.
2. Adhered to the School of Social Work and University student code of conduct and NASW Code of Ethics.
3. Begin reading the assigned text and supplemental readings as soon as possible, focusing on completing all readings prior to engagement with the Instructor or peers.
4. Prepare to engage in live class sessions, discussions, and other activities so you can be a contributor as well as a receiver of knowledge and skills.

5. Actively participate in engagement activities, including live virtual class sessions, online discussions, and interactive learning opportunities -as this is vital for learning and success in both this course and the program.
6. Work ahead when possible. Complete assignments ahead of the due date so you are prepared to submit them on the due date.
7. Sign in to the D2L course shell multiple times weekly to access updated announcements or posted resources.
8. Check your university email daily. This is the university, department, and Instructor's official method of communication.

SEMINAR COURSE REQUIREMENTS

This course requires that students demonstrate effective time-management skills. Students must keep a [weekly timesheet](#) and social work journal. Each week, the seminar will cover a topic of relevance to the field practicum experience. These topics are detailed at the end of this syllabus under "Course Outline/Schedule." Each student must engage in a discussion exercise or watch a lecture on that week's topics. The Field Liaison will assign the final grade based on the student's performance at the internship site and completion of the requirements of this course. Ensure that you read the [BSW Field Education Manual](#), particularly the roles and responsibilities of all the parts (Field Education Director, Field Coordinator, Field Liaison, Field Instructor, Task Supervisor, and Student).

GRADING

The Field Practicum is graded based on multiple outcomes. Each student will be evaluated by their Field Instructor and Field Liaison and other Agency or Department Faculty as assigned to the student. The grading will also include seminar participation based on time spent signed in BrightSpace course shell, input from the Field Liaison (Instructor of this course), and timely submission of required internship documentation. The Faculty Liaison shall determine the final grade by assigning a letter grade for the student's performance during the semester.

If the final field evaluation is lower than a "C," the student will fail the course, as well as the field practicum.

*** Failure to complete the required clock hours per semester in the practicum setting automatically constitutes a failing grade.

1. Field Journal

The field journal is a log or journal to help you integrate your field experience and classroom learning. This journaling method will enable you to explore your reactions to the agency, your clients, and your professional development.

The journal is also a mechanism for two-way communication. It allows you to share information with me and for me to give you feedback directly. This

information will not be shared with your Field Instructor (unless there is a concern and I ask your permission first).

You will not be graded on writing mechanics, but you will make an effort to write legibly commensurate with a senior student in this Social Work program.

The more descriptive you are, the more valuable your journal will be. However, do not write “The Great American Novel”. Be direct and concise as possible! You should have an entry for **each day** you are in the field. Your entries should be at least $\frac{3}{4}$ of a page long per day spent at the internship site. The following questions are intended to guide your thinking and entries in your journal:

- Summarize the activities or tasks in which you participated during the week. Does this summary reflect tasks and goals established in your learning plan? Can you identify them?
- Select a social work skill (e.g., listening, observing, record keeping, interviewing, problem-solving, confronting, facilitating a group) discussed in class. Were you satisfied with your skill level? Explain.
- What happened during the day that was important? Challenging? Forced you to use creativity or judgment?
- What were your feelings about the day’s events? Were there particularly strong emotions as a result of something someone said or did?
- What questions do you have unresolved about the day? About a client situation, agency policy, or a value dilemma
- What did you discover about yourself – your strengths, weaknesses, skills, or personality?

2. Reading Assignments

Assigned chapters are listed in the schedule, and you are expected to read the assigned chapter for the week. You will need to purchase the textbook. The textbook listed above will be the same one we will use during the Fall Semester.

3. Agency Presentations

As a future social worker eager to apply your professional skills, it is essential to understand your agency, including its impact on the world and the world’s impact on it.

Thus, in this assignment, you are tasked with researching the agency you are assigned at for your field. Using appropriate resources, you are to examine your

agency's characteristics in reference to the social work profession, highlighting the services it provides.

In 8-10 PowerPoint slides, provide the following information:

- Name, location, years in service
- Brief history of the agency
- Agency's goals/mission statement and comparison to your learning contract and NASW values
- Detail description of services provided
- Definition and description of the characteristics of the population(s) your agency serves (eg., low-income, at-risk youth, adolescents, and adults)
- A description of the sources of funding for your agency
- A description of the organizational structure of your agency OMHC (you could include the agency's organizational chart) 8. Include 2 peer-reviewed references

You will make your presentation live or on video, which will then be made available to your classmates. Further instructions will be provided at the start of the semester.

School of Social Work & Council on Social Work Education-Specific Policies

Course Engagement

Final Evaluation and Grade Depend on both Classroom Attendance and Participation. Inadequate participation or lack of required time commitment in each class significantly affects students' grades. No matter the course venue, students must engage in a comparable amount of time. Expectations of both Face-to-Face classes and those with Online components include time spent reading and studying course material. To earn a level of competency within a specific course, students must demonstrate mastery of BOTH content and active engagement.

Mastery of content areas is evidenced by the successful completion of course assignments such as written papers, group project deliverables, tests/quizzes, and other tangible products designed by instructors to evaluate knowledge and skills.

Additionally, the Social Work Profession is built upon human interactions and building human relationships – which is defined as engagement. Engagement in each course is the meaningful involvement in interactions with the Instructor, peers, and outside stakeholders as appropriate (such as contacting a social worker to interview for a required assignment or interviewing for an internship). Within the classroom setting, whether virtual or Face-to-Face (F2F), students must actively participate in 80% of engagement activities as outlined by individual instructors. These activities may include, but are not limited to, participation in live, synchronous virtual classes, attending a F2F course when appropriate, interacting with peers in posted discussions, and collaborating in group interactive projects.

Students must meet standards for content mastery on tangible assignments and meet the threshold of active engagement of the time set during a semester by the Instructor.

Instructors are experts in each course content area and set the standards for students to meet to successfully complete each course.

Class Attendance and Participation

Face-to-Face Classes

Students are expected to attend classes scheduled to meet Face-to-Face, reflecting the responsibility inherent in developing as a social work professional. Roll call will be taken regularly. Students are expected to be on time and prepared to participate when class begins, as well as, be present throughout the entire class meeting. Classroom exercises, discussions, role plays, guest speakers, and other in-class experiential exercises are essential for a student's professional learning and continued development of self-awareness.

For classes that meet once a week, students can be absent up to 2 times through the semester with no penalty. If **3 absences** occur, the overall grade will be **dropped 1 letter grade**. If **4 absences occur** (25% of the scheduled classes), the student will be **dropped 2 letter grades** or may result in failing the class.

Online, Web-Enhanced Or Blended Classes

Just as students are required to attend face-to-face classes, students are required to log in and participate in online components. To receive credit for attendance online via D2L, students must log in and complete assignments in a timely manner. Not logging in to D2L to review the instructional material and completing assignments online during the appropriate time is the equivalent of an absence for each week this occurs.

Final evaluation and grades depend on both presence and participation. Students' grades will be significantly impacted by inadequate participation or lack of required time commitment each week established by each Instructor. Students are expected to spend a comparable amount of time in the online learning environment as they would in class (3 hours a week in the classroom). In addition, as in traditional F2F classrooms, students are expected to invest time in reading and studying class materials.

Student Conduct

Students preparing to become professional social workers must adhere to the *University Code of Conduct*, *Department Code of Conduct* and the *National Association of Social Workers (NASW) Code of Ethics*.

Department Code of Conduct

The Academic and Professional Issues Committee (API) hearing is the formal path of due process for a student in regard to the concern being expressed. A student will be referred to the School of Social Work's API by faculty, field instructors, or faculty field liaisons when a concern arises regarding academic and student conduct and/or professional preparation. When "a student who fails to meet the professional expectation of the field for which he/she is preparing may be suspended from further study in that program by the department administering that program" as demonstrated through ethical and/or legal violations; aberrant disregard for School of Social Work Code of Conduct or other concerns as determined by the [Academic and Professional Issues Committee](#).

Graduate Students have the right to appeal to the Graduate Dean according to [University Procedure 13.99.99.R0.39](#).

Undergraduate Students have the right to appeal to the Dean of the College of Education and Human Services according to [University Procedure 13.99.99.R0.41](#)
