Course Description:

Survey course designed to cover major areas relating to contemporary ecological/environmental problems and to introduce the student to the multiple of roles of the environmental professional in addressing these problems.

Instructional Method:

The course is fully online. Students need to study lectures, finish assignments and exams on D2L.

Learning Objectives:

Upon completion of this course you should be able to:

1. Describe current environmental conditions;
2. Understand terminology commonly used in environmental science, such as environment; sustainable development;
3. Read and critically evaluate presented information and media reports;
4. Successfully design and conduct an environmental project.

Competency Student Learning Outcomes:

1. Critical Thinking: Students will be able to differentiate between fact and opinion; be able to discern between relevant and irrelevant information, recognize bias in source material, and critically examine a diversity of source material.

2. Communication: In written, oral, and/or visual communication, students will communicate in a manner appropriate to audience and occasion, with an evident message and organizational structure.
3. Empirical and Quantitative Skills: Students will be able understand and utilize mathematical functions and empirical principles and processes.
4. Teamwork: Students will be able to work together toward a shared purpose relevant to the course or discipline with a sense of shared responsibility for meeting that purpose.

Paper writings, projects and exams will be given to support and assess the learning objectives and competency student learning outcomes.

Paper Writings:

In order to culture and assess your critical thinking and written communication ability, you need to read an article and submit a brief review. The review should be typed (12 pt font, 1.5 line spacing) and include **two full paragraphs**. First, conclude the opinions of the article (about one half to one page). In the second paragraph (about one half to one page), please critique of the article with substantive or evidence-driven arguments for or against the opinions of the article. The articles **will be assigned** to you in D2L and topics will be related to sustainable development, global water shortage and global climate change. The reviews should be sent to the assignment submission folder in D2L **before 5 pm on Jun 12, Jun 19 and Jun 26**. Source of information must be referenced. **Assignments are expected to be submitted on time.**

Exam:

There will be a total of 3 **online exams** for the course. Exams will be designed to evaluate the student's understanding of the subjects covered in class and empirical and quantitative skills. Study guide will be given to help you prepare for exams.

Group Project:

In order to culture and assess your team work ability, students will form teams of **3-6 members** to **design, and perform** a project targeting environmental sustainability and community environmental service (remember: think globally; act locally; simple examples of project: planting trees; composting, 3Rs, build rainwater catchment, water quality testing, etc.). Actual conduct of the project **must exceed 8 hours**. The

whole team will submit one well written and photo documented paper describing the project, the project goals (why you do the project), the duties of each member (how you do it), the time spent (when you do it, including a documented work schedule), the achievements, and the lessons learned. **The photo documentation** should include images showing that you participated in the project. The paper should be **a minimum of 5 written pages** excluding the title page and excluding the photo documentation page(s). Use 12 pt font, 1.5 line spacing. Number your pages. **The paper must be sent to assignment submission folder in D2L on or before 5 pm on June 2. Plagiarized papers will receive a zero score! You must find team members by yourself through D2L.** Assignments are expected to be submitted on time.

Grades:	3 tests	300 points	A≥90%
	Articles writing	100 points	B≥80%
	Project	100 points	C≥70%
	Total	500 points	D≥60%

Topics and schedule: The following topics will be included in class. The schedule is approximate and subject to change.

Jun 3-Jun 7 Environmental Overview; Ecology; Biomes;

Jun 10-Jun 14 Biodiversity; Biological communities; **exam 1**

Jun 17-21 Population; Air pollution; **exam 2**

Jun 24-28 Water; Solid Waste; Food

Jul 1-3 Pest Control and **exam 3**

The date of exam will be shown in D2L.

University Procedures:

The teaching/learning materials will be posted in D2L. Students can access to those materials anytime. However, all the assignments are expected to be finished on time.

Students with Disabilities:

The Americans with Disabilities Act (ADA) prohibits discrimination against people with disabilities in employment, transportation, public accommodation, communications, and governmental activities.

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: Netiquette <http://www.albion.com/netiquette/corerules.html>

Early Intervention for First Year Students:

Early intervention for freshmen is designed to communicate the University's interest in their success and a willingness to participate fully to help students accomplish their academic objectives. The university through faculty advisors and mentors will assist students who may be experiencing difficulty to focus on improvement and course completion. This process will allow students to be knowledgeable about their academic progress early in the semester and will provide faculty and staff with useful data for assisting students and enhancing retention. Grade reports will be mailed by the end of the sixth week of the semester.

Campus carry rules:

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in Texas A&M University-Commerce buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and A&M-Commerce Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations. For a list of locations, please refer to (<http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/34SafetyOfEmployeesAndStudents/34.06.02.R1.pdf>) and/or consult your event organizer). Pursuant to PC 46.035, the open carrying of handguns is prohibited on all A&M-Commerce campuses. Report violations to the University Police Department at 903-886-5868 or 9-1-1.
