

COUN 621: Psychoeducational Consultation and Program Evaluation

Course Syllabus: *Summer II 2024 Online (7/8/24-8/8/24)*

INSTRUCTOR INFORMATION

Instructor: Lorry Royal, PhD, LPC, NCC, CSC **Office Location:** Virtual (by appointment)

Office Hours: By appointment

University Email Address: lorry.royal@tamuc.edu
Preferred Method of Communication: Email

Communication Response Time: 24 hours-48 hours Mon.-Fri. (excluding holidays)

COURSE INFORMATION Materials – Textbooks, Readings, Supplementary Readings

Required Textbook

Fitzpatrick, J. L., Sanders, J. R., & Worthen, B. R. (2011). *Program evaluation: Alternative approaches and practical guidelines* (4th ed.). Pearson/Allyn & Bacon.

**Additional readings as assigned.

Note: This course will use D2L as it Learning Management System

Recommended Textbook

American Psychological Association. (2019). *Publication manual of the American Psychological Association* (7th ed.). Author.

SELECTED BIBLIOGRAPHY includes, but is not limited to, the following:

COURSE DESCRIPTION

Catalogue Description of the Course

COUN 621 (3 semester hours) – Psychological, educational, and sociological theories, models, and processes applied to human and organizational systems of change. Special attention is directed to applying theory to practice and to differentiating between human and structural problems and interventions.

General Course Information

Required for the Ph.D. in counseling, students will examine theories and models of both mental health consultation and program evaluation. Students will be expected to demonstrate their expertise via practical applications.

Doctoral Learning Outcomes

2016 CACREP Standards Addressed in COUN 621

Doctoral Standard	Learning Activity	Assignment	Assessment Rubric	Benchmark
6.B.4.f. models and methods of program evaluation.	 Lecture (Weeks 3-4; 6-8; 10) Readings (Fitzpatrick, Sanders, & Worthen, 2011 [Chapters 1-9; 11-17]; Calley, 2009; Peterson, Schmid, Kososki, 2019; Prosek, 2019; Tate et al, 2014) Class Discussion (Weeks 3; 6; 9;12; & 15) 	1. Program Evaluation	1. Program evaluation rubric	1. ≥ 80% of average rubric scores will either meet (2) or exceed (3) expectation

Content Areas include, but are not limited to, the following:

Program Evaluation

- Purposes of evaluation
- Evaluation approaches
- Planning evaluations
- Conducting evaluations
- Reporting on evaluations
- Evaluating evaluations

Consultation

- Consultation as a helping relationship
- Consultant roles
- Consultation stages
- Consultation models
- Working within an organization

COURSE REQUIREMENTS

Minimal Technical Skills Needed

In this class, you will utilize the Learning Management System (LMS) entitled D2L for instructional and learning methods, submitting assignments, participating in online discussions, and completing any quizzes. You will need to utilize other technologies such as Microsoft Word, PowerPoint, etc. If you have issues with this system, it is your responsibility to contact the help desk immediately.

Instructional Methods

This course is considered a web-based course. As a student in this course, you will be required to actively participate in an online environment. You will be expected to participate and complete all online tasks via D2L. In addition to this, you are to complete an application-based project in this course.

Student Responsibilities or Tips for Success in the Course

As a student in this course, you are responsible for the active learning process. Expectations of this course include the following:

- 1. You are expected to display professionalism at all times. Be respectful of your professor and peers. Be open to feedback, as you will receive this throughout the program.
- 2. Prepare for classes. Complete any and all readings prior to class time.
- 3. Complete all assignments by the deadline.
- 4. Adhere to the university student code of conduct.
- 5. Participate in open discussions. This will help with your growth in research knowledge.
- 6. All writing assignments must be done according to APA 6th edition.
- 7. Regularly check your University email. My suggestion is to check this at least once a day as your instructors and others from the department and University may contact you.
- 8. Begin your readings ASAP. This is a reading heavy course.

Assignments/Assessments

1. **Program Evaluation Project (40 points total).** In small groups, students will conduct either a program evaluation or needs assessment. Students are expected to identify their own site/program where this evaluation/assessment will be conducted. Students will choose their own group members for this project.

Variables to consider when choosing group members include program interest (school, community, substance abuse, dual diagnoses, probation/parole, pre/post incarceration, etc.), program purpose (education, intervention, remediation, etc.), personal schedule compatibility, geographic proximity for meetings, labor division preference, etc.

ALL final projects and materials (including a video of your presentation to the agency) must be uploaded so that the instructor and other students can view the actual presentation. If your presentation is not video recorded you will not earn credit for the project. You should discuss recording of your presentation with your potential site before starting your work. If your site will not allow you to record your presentation you will need to find another site. Please see the consent form regarding videotaping (in D2L).

1. **Homework Assignments (3 at 10 points each; 30 points).** Each student will complete a total of three homework assignments during the course of the semester. The homework assignments are listed below and you will find the due dates in the course schedule. The assignments align with your final program evaluation project so you can get feedback. Please note that while all homework assignments are 'rough drafts' they will be graded for completeness. I do not expect perfection and they will certainly need edits/changes/additions, but I do expect your best effort to complete the assignment for grading. Also note that your homework assignments DO NOT include everything needed for your final project. Please review the final project rubric and several examples in D2L.

Homework Assignment 1: Evaluation Approach

In 2-4 pages, provide an overview of the evaluation approach to be used for your final project including major concepts and characteristics, purpose/rationale for choosing this approach, strengths and limitations for using the approach, and cultural considerations when utilizing this approach.

Homework Assignment 2: Evaluation Plan (beginning phase)

For this assignment, you will begin to develop your evaluation plan. This plan will include the purpose of evaluation, stakeholders/participants involved, problem to be addressed (statement of the problem), goals and objectives, and design to be implemented (qualitative, quantitative, mixed methods).

Homework Assignment 3: Methods

Describe in detail your methods used for the program evaluation. This will include data collection procedures (including data sources and procedures) and data analysis (how did you or will you analyze your data).

Homework Assignment Rubric (for each assignment)

1 – Does Not Meet 2 – Meets

	1 – Does Not Meet	2 – Meets	3 – Exceeds
	Expectations	Expectations	Expectations

	coursework		

2. Active Online Presence & Discussion Boards (Attendance; 4 discussions 40 points total). Active attendance and online presence is defined as the exchange of ideas between colleagues engaged in scholarly inquiry is a key aspect of doctoral graduate-level learning and is a required activity in this course. During the weeks where there is an online discussion prompt each student is expected to participate at least two separate days a week in the weekly Discussion area. Discussion topics/questions are provided in the "Discussion" section of the learning week.

Discussion Post Rubric

	1 – Does Not Meet	2 – Meets	3 – Exceeds
	Expectation	Expectation	Expectations
	(0-2 point)	(2.5 points)	(3 points)
Discussion	Post is not complete,	Post presents most	Post presents all
Post	not written in a clear	elements of the	elements of the
Qualities	manner OR post is	question OR all	question(s)
	missing critical	elements discussed	discussed
	components of the	in a brief manner.	thoroughly and
	question OR is	Post is evident of	evident of graduate
	discussed in an	graduate level work	level work with few
	illogical/inconsistent	with some	to no
	manner. Post has	grammatical/APA	grammatical/APA
	several	errors	errors.
	grammatical/APA		
	errors; not consistent		
	with graduate level		
	work		

Response Post Rubric	1 – Does Not Meet Expectation (0-2 points)	2 – Meets Expectation (2.5 points)	3 – Exceeds Expectations (3 points)
Response Post Qualities	Response is not complete, missing critical components OR feedback is not thoughtful. Response has several grammatical/APA errors and not consistent with graduate level work.	Response presents most elements in a brief manner. Response is evident of graduate level work with some grammatical/APA errors.	Response presents all elements required thoroughly and clearly. Provided thoughtful feedback to peer. Response is evident of graduate level work with few to no grammatical/APA errors.

It is your responsibility to check our online classroom on a weekly basis for discussion questions, not knowing is not an acceptable reason for failure to participate. In addition, you are expected to respond to the postings of your peers.

To count as participation, responses need to be thoughtful; that is, they must refer to the week's readings, relevant issues in the news, information obtained from other sources, and/or ideas expressed in other class members' postings.

Where appropriate, you should use references to support your position (with a complete citation at the end of your response). The discussion questions require a response to a minimum of one other student's posting; it should be no more than two paragraphs long.

If there is a Discussion question for the week, initial postings/responses are due by Wednesday at 11:59 p.m., and responses to your peers are due by Sunday at 11:59 p.m. It is important to adhere to the weekly time frame to allow others ample time to respond to your posting. There will be a total of 3 graded discussion boards for this course. Please note that late postings will not be accepted and will impact your participation grade. Once the discussion closes, it is closed for the class your peers have already responded.

<u>Recommendation:</u> It is recommended that you type your discussion post responses in a word processing program such as Microsoft Word in case your D2L window times out or in case of technical malfunction. This is also helpful with formatting, grammatical issues and spelling as well.

GRADING

Final grades in this course will be based on the following scale:

A (90-100) - Defined as consistently excellent performance, which distinguishes the individual as being hard-working and highly motivated to succeed.

B (80-89) - Defined as above average performance, occasionally submitting work of superior quality distinguishing the individual as being of high caliber.

C (70-79) - Defined as average performance with little or no distinction. In doctoral studies at Texas A&M-Commerce, no credit is awarded for courses in which a grade of "C" is earned. Any student who earns a third grade of "C" or lower will be disenrolled and not be permitted to pursue further doctoral study at A&M-Commerce.

D (60-69) - Defined as below average performance. In graduate studies at A&M-Commerce, students do not receive credit for courses in which a course grade of "D" is earned. The course must be repeated and a higher grade earned in order to receive credit.

F (0-59) - Defined as unacceptable performance in relation to standards. In graduate studies at A&M-Commerce, students do not receive credit for courses in which a course grade of "F" is earned. Students are immediately placed on academic probation. The course must be repeated and a higher grade earned in order to receive credit.

This course is online. I do not keep any paper record (including a grade book) on this class. This means that your work must be uploaded within D2L in order for you to receive credit. Please do not email assignments to me. Please make sure that you are familiar with D2L. Forward all your technology questions to support services in D2L.

Itemized Final Grading

Program Evaluation Project 40 points
Homework Assignments (3 @ 10 pts. each) 30 points
Discussion Boards/Attendance (4 @ 10 pts. each) 40 points

Total points: 110 points

Your Final Grade is determined by adding the point values earned from each assignment and then dividing by 100. The resulting value is multiplied by 100 to yield a percentage. For example: (100 [points earned]/110) \times 100 = 91%

LATE ASSIGNMENTS

Assignments are due on Sunday by 11:59 pm on the date noted in the syllabus unless an announcement has been posted. Occasionally, students require "extra" time to complete an assignment. I do understand that life happens! If you will communicate with me as soon as possible, I will consider extensions for assignments when extenuating circumstances arise. If I don't hear from you and nothing has been submitted, the grade will remain unchanged. I cannot accept late Discussion Board posts, as once they are closed, the class "conversation" has ended for that week.

Grading: An instructor does not give grades. Students earn grades based on the time and effort put into the assignment.

TECHNOLOGY REQUIREMENTS

Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best

course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:

- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
- The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.

Desktop Support

Browser	Supported Browser Version(s)	Maintenance Browser Version(s)
Microsoft® Edge	Latest	N/A
Microsoft® Internet Explorer®	N/A	11
Mozilla® Firefox®	Latest, ESR	N/A
Google® Chrome TM	Latest	N/A
Apple® Safari®	Latest	N/A

Tablet and Mobile Support

Device	Operating System	Browser	Supported Browser Version(s)
Android™	Android 4.4+	Chrome	Latest
Apple	iOS®	Safari, Chrome	The current major version of iOS (the latest minor or point release of that major version) and the previous major version of iOS (the latest minor or point release of that

Device	Operating System	Browser	Supported Browser Version(s)
			major version). For example, as of June 7, 2017, D2Lsupports iOS 10.3.2 and iOS 9.3.5, but not iOS 10.2.1, 9.0.2, or any other version. Chrome: Latest version for the iOS browser.
Windows	Windows 10	Edge, Chrome, Firefox	Latest of all browsers, and Firefox ESR.

- You will need regular access to a computer with a broadband Internet connection. The minimum computer requirements are:
 - o 512 MB of RAM, 1 GB or more preferred
 - o Broadband connection required courses are heavily video intensive
 - Video display capable of high-color 16-bit display 1024 x 768 or higher resolution
- **For YouSeeU Sync Meeting sessions** <u>8 Mbps</u> **is required.** Additional system requirements found here: https://support.youseeu.com/hc/en-us/articles/115007031107-Basic-System-Requirements
- You must have a:
 - o Sound card, which is usually integrated into your desktop or laptop computer
 - Speakers or headphones.
 - *For courses utilizing video-conferencing tools and/or an online proctoring solution, a webcam and microphone are required.
- Both versions of Java (32 bit and 64 bit) must be installed and up to date on your machine. At a minimum Java 7, update 51, is required to support the learning management system. The most current version of Java can be downloaded at: JAVA web site http://www.java.com/en/download/manual.jsp
- Current anti-virus software must be installed and kept up to date.

Running the browser check will ensure your internet browser is supported.

Pop-ups are allowed.

JavaScript is enabled.

Cookies are enabled.

- You will need some additional free software (plug-ins) for enhanced web browsing. Ensure that you download the free versions of the following software:
 - o Adobe Reader https://get.adobe.com/reader/
 - o Adobe Flash Player (version 17 or later) https://get.adobe.com/flashplayer/
 - o Adobe Shockwave Player https://get.adobe.com/shockwave/
 - o Apple Quick Time http://www.apple.com/quicktime/download/
- At a minimum, you must have Microsoft Office 2013, 2010, 2007 or Open Office. Microsoft Office is the standard office productivity software utilized by faculty, students, and staff. Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents for assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.

ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or helpdesk@tamuc.edu.

Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

COMMUNICATION AND SUPPORT

Brightspace Support

Need Help?

Student Support

If you have any questions or are having difficulties with the course material, please contact your Instructor.

Technical Support

If you are having technical difficulty with any part of Brightspace, please contact Brightspace Technical Support at 1-877-325-7778 or click on the **Live Chat** or click on the words "click here" to submit an issue via email.

Please note that on the 4th Sunday of each month there will be System Maintenance which means the system will not be available 12 pm-6 am CST.

Interaction with Instructor Statement

Communication with your professors is key to your professional growth. I am here to support and guide you along your academic journey. With that being said, I cannot help you if you do not communicate with me. Please make an appointment if you have any concerns or questions. Because I teach in different locations, email is the best way to reach me. I will attempt to answer all emails within 24 hours, Monday-Friday, but at times will need up to 72 hours to do so. When emailing, please use your university email and address me with courtesy and respect. Also, I will be more than happy to meet with you if needed. Please reach out to me so we can set up a convenient time to get together via Zoom.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures/Policies

Written assignments are due on the day noted in the syllabus. All papers are due at the beginning of the class period. Late papers will have 10% deduction per day late from the final score.

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

University Specific Procedures

Student Conduct

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment. The Code of Student Conduct is described in detail in the <u>Student Guidebook</u>.

 $\frac{http://www.tamuc.edu/Admissions/oneStopShop/undergraduateAdmissions/studentGuidebook.as}{px}$

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum: Netiquette http://www.albion.com/netiquette/corerules.html

TAMUC Attendance

For more information about the attendance policy please visit the <u>Attendance</u> webpage and Procedure 13.99.99.R0.01.

http://www.tamuc.edu/admissions/registrar/generalInformation/attendance.aspx

The *syllabus/schedule* are *subject* to change.

 $\frac{http://www.tamuc.edu/aboutUs/policiesProceduresStandardsStatements/rulesProcedures/13statements/rules/13statem$

Academic Integrity

Students at Texas A&M University-Commerce are expected to maintain high standards of integrity and honesty in all of their scholastic work. For more details and the definition of academic dishonesty see the following procedures:

<u>Undergraduate Academic Dishonesty 13.99.99.R0.03</u>

AI Use Policy

AI use policy as of May 25, 2023, Texas A&M University-Commerce acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that has the capacity to generate text, or suggest replacements for text beyond individual words, as determined by the instructor of the course.

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors 'guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.

Student Counseling Services

The Counseling Center at A&M-Commerce, located in the Halladay Building, Room 203, offers counseling services, educational programming, and connection to community resources for students. Students have 24/7 access to the Counseling Center's crisis assessment services by calling 903-886-5145. For more information regarding Counseling Center events and confidential services, please visit www.tamuc.edu/counsel

Nondiscrimination Notice

Texas A&M University-Commerce will comply in the classroom, and in online courses, with all federal and state laws prohibiting discrimination and related retaliation on the basis of race, color, religion, sex, national origin, disability, age, genetic information or veteran status. Further,

an environment free from discrimination on the basis of sexual orientation, gender identity, or gender expression will be maintained.

Campus Concealed Carry Statement

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in Texas A&M University-Commerce buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and A&M- Commerce Rule 34.06.02.R1, license holders may not carry a concealed handgun in restricted locations.

For a list of locations, please refer to the <u>Carrying Concealed Handguns On Campus</u> document and/or consult your event organizer.
