COURSE INFORMATION

Course Description

Demonstrates the relevance of psychosocial nursing concepts to all areas of professional practice. Provides a conceptual integration of the nursing process, theories, and research from psychosocial sciences and humanities as these relate to the care of persons with mental disorders. Clinical experience provides an opportunity for application of psychosocial concepts and methods in using the nursing process to promote optimal levels of wellness for individuals, families, and target groups.

Student Learning Outcomes (Should be measurable; observable; use action verbs)

By the end of the course, the student will be able to:

1. Analyze selected nursing and psychological theories used in psychiatric/mental health settings (AACN Domain 1).

2. Examine the legal, economic, sociocultural, and ethical issues impacting the psychiatric/mental health delivery system and apply them in the clinical setting (AACN Domains 7, 8 & 9).
3. Discuss clinical modalities and psychiatric terminology as it relates to psychiatric/mental health nursing practice (AACN Domains 2 & 9).
4. Utilize principles of evidence-based practice in psychiatric mental health nursing (AACN Domain 4).
5. Identify barriers to care for patients with psychiatric illnesses in the rural setting (AACN Domains 1, 2 & 3).

Trigger Warning- Psychiatric/Mental Health classes discuss topics/issues of psychiatric & mental illnesses. In didactic, student will receive contents of these topics. In the clinical settings, student will closely encounter with clients with these issues. If a student expects to be emotionally or psychologically impacted by these issues and topics, please contact your course and clinical instructor.

COURSE REQUIREMENTS

Minimal Technical Skills Needed

Students must have an adequate working knowledge of the learning management system, Leomail, Microsoft Office Suite, Exemplify, ProjectConcert, and ATI online products.

Instructional Methods

Teaching methods include lecture, seminar, discussion, small group work, independent study of texts and library resources, computer-assisted instruction, audio-visual aids, student presentations, and assignments. While the faculty will provide guidance and consultation, the student is responsible for identification of learning needs, self-direction, seeking consultation, and demonstration of course objectives.

Student Responsibilities or Tips for Success in the Course

- Logging into the course website and email regularly for faculty communication (especially the night before class/clinical)
- Updating semester calendar with communicated changes
- Regular study (recommend a minimum 2-3 hours study/course credit hour per week). For example: 3-credit course = 6 to 9 hours study time/week.
- Attendance at all class meetings, clinical, seminars and simulations
- Review and remediation of examinations.

Grading

Final grades in this course will be based on the following scale:

A = 90%-100%

B = 80%-89%

C = 75%-79%

D = 60%-74%

F = Below 60%

A minimum grade of 75% is required to pass the course. The average of the (#) course exam grades (Exam 1, Exam 2, Exam 3) MUST be 75% or greater before ANY other course assignment grades are averaged to compose the final grade. If the exam average is below 75%, the student will receive the grade of "D or F" for the course regardless of any other grade(s).

The syllabus and schedule are subject to change.

ASSESSMENTS	Weight		SLO
Class	%		
• Examinations (3 units & a final)	60%	1,2,3,4,5	
• ATI Engage Lessons (10)	30%	3,5	
• ATI Practice A & P and Proctored Exam	10%	2,4,5	
Total	100%		
Clinical	Pass/Fail		
	Total	Hours	
• Clinical Orientation & Skills Lab I	7	Hours	1, 2, 3, 4,
• Mental Health Skills Lab Part 2	6	Hours	1, 2, 3, 4, 5
• Clinical Simulation (Swift River VR)	26	Hours	1, 2, 3, 4, 5
• Inpatient Clinical Experiences	40	Hours	1, 2, 3, 4, 5
• Outpatient Clinical Experience	4	Hours	1, 2, 3, 4, 5
• Support Groups	6	Hours	1, 2, 3, 4, 5
• Clinical Evaluation	1	Hour	3, 4, 5
Total	90	Hours	

The clinical component is PASS/FAIL and must be passed in order to pass the course. To receive a passing grade in clinical you must achieve 75% or better on each of the clinical assignments and receive a satisfactory clinical evaluation. You may redo any assignments one time that are less than 75% but 75% is the maximum grade you will receive for the redone assignment.

Clinical is graded Pass/Fail. If the student fails the clinical component, the entire course must be repeated.

Students must adhere to the expected clinical behaviors. Any instance of violation of any of the objectives listed in the Student Performance and Behaviors Evaluation Form may result in clinical suspension, receipt of a Student Performance and Behaviors Evaluation form, failure of clinical, failure of the course, and/or removal from the nursing program. (See **BSN Program Student Guidebook** for more information)

Assessments

- **Class**
 - **Exams**
 - Purpose To measure acquired and applied knowledge from course content. The exams will include terminology from the applicable chapters in the textbook. The questions will/may be in multiple formats: multiple choice, multiple answers, matching, short answers. Test contents will/may be partially composed from the ATI Engage reading contents and practice questions.

The syllabus and schedule are subject to change.

- Instructions: Use of ExamSoft Software, use of personal laptop privacy screen.
- Grading Criteria: Based upon the number of questions that are correctly answered out of the number of test questions posed.
- **Assignment 1 ATI Engage Mental Health RN**
 - Purpose: Offer students learning scenarios to actively engage to formulate and develop fundamental knowledge and skills and therapeutic communication skills that aid in identifying potential biases and fears with the utilization of real-life scenarios and real-life examples.
 - Instructions: Students are expected to complete the assigned Engage Modules as shown on the course schedule prior to class. When the modules are complete the time spent and the scores are recorded in ATI.
 - Grading Criteria: Highest quiz score will be recorded in the course grade book.
- **Assignment 2 ATI Practice A & B and Proctored Exam**
 - Purpose: Mental Health Content Mastery Assessment is to measure knowledge obtained during the semester using NCLEX_RN type questions. This testing measure knowledge level and offers remediation to help increase the understanding of mental concepts in a variety of settings.
 - Instructions: Practice Assessments will be assigned as noted in the course schedule, outside of class. The proctored exam will occur in the classroom as scheduled. All the required modules are open at the beginning of the semester. Students have unlimited attempts to complete the quiz. Students should report the highest score to D2L on time. No late submission is allowed.
 - Rationales and keys will be open the class day after the due date of the score report.
 - Grading Criteria: See ATI grading rubric in D2L.
- **Clinical**
 - **Clinical Skills Labs:**
 - Purpose: To embody the study and practice of mental health nursing and the process of providing care for clients in the inpatient and outpatient settings. To demonstrate mental health concepts and assignments included are communications techniques and practices
 - Instructions: Written instructions for assignments are located in D2L.
 - Grading Criteria Pass/Fail
 - **Simulation Experiences**
 - Purpose: Expose the student to specific different types of mental health disorders that may not be experienced within the clinical setting. The concept of simulation allows for the student to practice in a setting

The syllabus and schedule are subject to change.

that allows for identifying areas for growth and new knowledge in a safe clinical practice environment for the student.

- Instructions: Student will complete virtual clinical simulation hours using the Swift River ATI 2.0 virtual clinical experiences.
- Grading Criteria: Pass/Fail benchmark of 90%, with multiple attempts allowed to achieve success.

○ **Inpatient Clinical Experiences**

- Purpose: To allow students the opportunity to apply skills and knowledge related to the study and practice of mental health nursing and the process of providing care for clients in the inpatient setting with varying diagnosis.
- Instructions: The student is assigned various scheduled clinical days in an acute inpatient setting. The student will care for patients with different mental health diagnosis.
- Grading Criteria: Pass/Fail

○ **Outpatient Clinical Experiences**

- Purpose: To allow students the opportunity to apply skills and knowledge related to the study and practice of mental health nursing and the process of providing care for clients in the outpatient setting with varying diagnosis.
- Instructions: The student is assigned to scheduled clinical days in an out inpatient setting. The student will care for patients with different mental health diagnosis.
- Grading Criteria Pass/Fail

○ **Support Groups**

- Purpose: The student will have the opportunity to participate and observe the structure and benefits that support groups offer to the practice of mental health nursing and the process of providing care for clients that are in need of additional support within the mental health community.
- Instructions: The student will attend two support groups during the term and provide a written reflection related to the experience.
- Grading Criteria Pass/Fail

○ **Clinical Evaluations**

- Purpose: The evaluations allow for the assessment of the student's skills and knowledge attainment in meeting the established clinical outcome as related to safely providing care for the mental health client.
- Instructions: The clinical evaluation will be completed and reviewed with the student at the completion of the clinical rotations and course.

The syllabus and schedule are subject to change.

- Grading Criteria Pass/Fail

TECHNOLOGY REQUIREMENTS

LMS

All course sections offered by Texas A&M University-Commerce have a corresponding course shell in the myLeo Online Learning Management System (LMS). Below are technical requirements

Interaction with Instructor Statement

It is expected that you will check your D2L course and email regularly for communication from the instructor(s). Be sure to check the night before class/clinical. A response to any email or message will occur within two (2) business days.

Communication between faculty and students is primary and taken seriously. Preferred communication methods are individualized office hours, email, or via cell-phone. If a phone call is not answered, please leave a message and send an e-mail using the direct e-mail link on the course home page. You will be treated with collegial respect and you are expected to communicate likewise in a professional manner.

Faculty will make every effort to return class assignments within two weeks of submission and feedback on clinical work before subsequent work is due.

COURSE AND UNIVERSITY PROCEDURES/POLICIES**Course Specific Procedures/Policies****Assignment Submissions:**

All class and clinical assignments must be submitted on time. If an extension is needed, students must request the extension before the posted due date/time. An assignment extension request will be approved or denied at the discretion of the course coordinator.

Unexcused late assignments will be penalized 10% per day for each of the first two days overdue; on the third day, the grade will be assigned as 0%. Communication on these matters is the student's responsibility. Multiple instances of late clinical assignments will result in receipt of a Student Performance and Behaviors Evaluation Form and, possibly, failure of clinical/course.

All documents submitted online are to be in .docx, .rtf, or .pdf format. No other formats will be accepted (JPEG, GIF, etc.). Assignments need to be submitted in a maximum of one document per assignment. Failure to follow these guidelines will result in a grade of "0" on the assignment.

BSN Program Student Guidebook

Specific information regarding the nursing program and current policies and procedures can be found in the current BSN Program Student Guidebook located in the Nursing Success Course in the LMS.

Students are responsible for reviewing, understanding, and complying with the policies and procedures provided in the student guidebook.

Classroom Policies

1. Class Cancellation: In the event that a class is canceled, the student is expected to do the readings and complete the objectives for that day. The content will still

The syllabus and schedule are subject to change.

be included on examinations. The material in this syllabus and dates identified in the Course Calendar are subject to change.

2. Class attendance is expected. The students should notify course coordinator in advance of any absence.
3. Exam dates are listed in each course syllabus, and the student is expected to be present for exams. In the event that the student will be absent, the course coordinator must be notified in advance. Failure to do so may result in the student receiving a zero for the missed exam or quiz. Review the BSN Student Guide for the exam absence process.
4. As an adult learner and responsible professional, the student is responsible for reading and completing assignments prior to class and for being prepared to participate in discussions over the assigned material. It should not be expected that all material would be covered in class. Students are expected to come to class prepared.

Clinical Policies

1. Clinical attendance is mandatory. Refer to the BSN Program Student Guidebook for clinical attendance policy information. Violations of the clinical attendance policy may result in the student receiving a Student Performance and Behaviors Evaluation Form and may lead to failure of the clinical portion of the course.
2. Immunizations, CPR, and TB status must be current for students to be able to attend clinical experiences at the assigned clinical location. Suspension from clinical for failure to maintain required immunizations will be considered an absence.
3. Students are expected to meet clinical expectations outlined in the clinical evaluation tool.
4. Based on student learning needs, the faculty will determine the appropriate amount of time and clinical assignments needed to assess student growth.
5. Faculty may require additional assignments and clinical work to ensure students have met clinical objectives. Students are expected to comply with any additional assignments or clinical hours assigned.
6. Students are expected to prepare for clinical practice in order to provide safe, competent care.
7. Clinical assignments must be completed on time and submitted to the clinical instructor as directed. No exceptions will be given without prior permission from the instructor.

Group Work:

All members of the group will receive the same grade on any group work. However, a student can be removed from his/her team if the other students in the group come to the instructor and report that a student is not doing his/her fair share of the work. If that happens, the instructor will notify the student in writing. The student will then be responsible for doing the assignment on his/her own. It is expected that the group will make the attempt to resolve the situation within the group before instructor intervention.

The syllabus and schedule are subject to change.

Standardized Exams:

TAMUC School of Nursing utilizes Assessment Technologies Institute (ATI) content mastery practice assessments and content mastery proctored assessments to guide and assess mastery of nursing content necessary for entry into practice. Specific ATI assessment and grading guidelines are outlined in the document entitled "ATI Content Mastery Series (CMS) Assessment Grading Rubric" in the LMS module folder entitled "ATI Assessment Grading Rubric".

Syllabus Change Policy

The syllabus is a guide. Circumstances and events, such as student progress, may cause the instructor(s) to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.

University Specific Procedures**Student Conduct**

All students enrolled at the University shall follow the tenets of common decency and acceptable behavior conducive to a positive learning environment.
