### Course Description

This practice course teaches students the application of social work skills with individuals and families. Students will apply a systematic approach to interviewing, assessment, intervention and evaluation of work with individuals and families. Special attention given to issues of diversity and ethics in practice. Social Work knowledge and skills will be demonstrated through class exercises, videotaped interviews, role-plays, and written assignments. Prerequisites: SWK 2361, 2362, and 2389. **Required:** Concurrent enrollment in: SWK 322, 328, and 370. This course is restricted to social work majors.

### Relationship to Other Courses

### STUDENT LEARNING OUTCOMES

The Council on Social Work Education (CSWE) requires a competency-based approach to identify and assess what students demonstrate in practice. In social work, this approach involves assessing students' ability to demonstrate the competencies identified in the educational policy. Listed below are the competencies and associated knowledge, skills, values and/or cognitive and affective processes that comprise the expected outcomes for this course.

*The syllabus/schedule is subject to change.*

	Activity/Assessment	Dimension

## **COURSE REQUIREMENTS**

### **Minimal Technical Skills Needed**

In this course, you will utilize the Learning Management Systems (LMS) D2L for instructional and learning opportunities, submitting assignments, participating in online synchronous and asynchronous discussions, accessing resources, and completing quizzes/tests. Additionally, you will need the knowledge and skills to use Microsoft Word, PowerPoint, and Outlook Email. If you have any issues with using the various systems or software, you must contact support services and notify the Instructor of the technical issue.

### **Instructional Methods**

This course will be delivered via synchronous and asynchronous sessions via D2L. It will consist of live class sessions, pre-recorded lectures, group engagement activities, and various assignments, including experiential learning and practical application of the content areas. In addition, small lectures, discussion activities, and workshops may provide instruction during this course.

### **Student Responsibilities and Tips for Success in the Course**

As a student in this course, you are responsible for engaging in active learning and reaching out to the Instructor if problems or challenges interfere with optimal learning. Communication is vital when engaged in a fully online, virtual environment.

Expectations for success include:

1. Always demonstrate professional behavior, including respect for the Instructor and peers; being open to feedback and guidance throughout this class and the program.
2. Adhered to the School of Social Work and University student code of conduct and NASW Code of Ethics.
3. Begin reading the assigned text and supplemental readings as soon as possible, focusing on completing all readings prior to engagement with the Instructor or peers.
4. Prepare to engage in live class sessions, discussions, and other activities so you can be a contributor as well as a receiver of knowledge and skills.

*The syllabus/schedule is subject to change.*

5. Actively participate in engagement activities, including live virtual class sessions, online discussions, and interactive learning opportunities -as this is vital for learning and success in both this course and the program.
6. Work ahead when possible. Completing assignments ahead of the due date so you are prepared to submit on the due date.
7. Sign in to the D2L course shell multiple times weekly to access updated announcements or posted resources.
8. Check your university email daily. This is the university, department, and Instructor's official method of communication.
9. Be open and focused on the "process" and not the "product," as earning this degree requires time, effort, work, growth in knowledge, skills, and abilities, along with personal and professional attributes.

## GRADING

Final grades in this course will be based on the following scale:

- A = 90%-100% of total points
- B = 80%-89%
- C = 70%-79%
- D = 60%-69%
- F = 59% or Below

**Evaluation for the course grade is according to the following formula:**

<b>Assessments</b>	<b>Value</b>
Values & Ethical Considerations Paper/ Questionnaire	50 pts
PART I: Biopsychosocial Spiritual Assessment	50 pts
PART II: Evidence-Based Interventions Review	50 pts
PART III: Treatment Plan	50 pts
Interview	50 pts
Examinations 4 @ 50 points each	200 pts
<b>TOTAL</b>	<b>450 pts</b>

## Assessments

1. **Values & Ethical Orientation Paper/Questionnaire (50 points) (APPENDIX A)**

*The syllabus/schedule is subject to change.*

We will first watch segments from a real-life scenario in class. The purpose is to get the students to do self-reflection on their own value system and epistemology. Then students will: Write a 2-3 (double-spaced) APA formatting paper in which you explore your personal epistemology as a social worker. **Epistemology is the branch of philosophy concerned with the nature and origin of knowledge.** Epistemology asks the question “How do we know what we know and where did that knowledge originate  
“In this paper, you will answer the following questions in your own words. **I want to know what you think in your own words:**

- What is social work?
- What does a social worker do?
- Do you believe people really change? Why or why not? Where does this belief come from? In other words, how did you come to believe this? - How does your background (e.g., professional, familial, current relationships, ethnic-racial, religious, age, gender, socio-political perspectives) shape your answers to these questions?
- What are your basic assumptions about people (Are people good or bad)?
- How do people come to be good, bad or somewhere in between?
- What is the development and origin of “problems”? (How do people come to experience certain problems like domestic violence, poverty, sexism, depression, etc.)? - How does your background (e.g., professional, familial, current relationships, ethnic-racial, religious, age, gender, socio-political perspectives) shape your answers to these questions?
- Why do or don’t people seek help?
- What causes people to change? What helps or forces people to change?
- Why do some people change while other people don’t change?
- How do you handle conflict/disagreements in your own personal life? - How does your background (e.g., professional, familial, current relationships, ethnic-racial, religious, age, gender, socio-political perspectives) shape your answer to this question?
- What is your primary communication style (open and direct, beat around the bush)? How does your background (e.g., professional, familial, current relationships, ethnic-racial, religious, age, gender, socio-political perspectives) shape your answer to this question?
- What groups of clients or issues do you anticipate struggling with in your clinical practice? Why do you think this is? Why? **If you answer anything along the lines of “I like everyone, there isn’t any population/issue that I will struggle with helping”, you will receive a ZERO on this assignment.**
- How will you work toward making any identified changes? **Please come up with concrete things you can do if you were faced with a clients with these characteristics. Note: I would try harder, I will not let it affect me, and I would ignore it, are not good answers.**
- What do you think will be your strengths as a social worker? What areas do you need to improve or work on as a budding social worker?

*The syllabus/schedule is subject to change.*

**After reviewing the in-class video; *The Trials of Gabriel Fernandez*, please identify which of the Social Work values/guiding principles (you can identify more than one if you would like) will be the most difficult for you in working with these clients and why?**

## **2. PART I: BIOPSYCHOSOCIALSPIRITUAL ASSESSMENT : (APPENDIX B) (50 POINTS)**

Students will complete a biopsychosocial assessment of **a main character** in one of 7 movies below. A biopsychosocial assessment is a comprehensive assessment of an individual or family. **First**, you explore the different factors that could be contributing to the problem. **Second**, you want to look at their strengths and what about them or their life circumstances can help them address their problems/concerns. **Third**, you will identify factors that might hinder their ability to address their problems.

This will be discussed in detail in class. The biopsychosocial assessment outline will be loaded in D2L for students. This assignment focuses on assessment of the problem. All written assignments will be graded for content as well as grammar, spelling and punctuation. **This assignment has THREE parts: This is PART ONE of a THREE PART assignment.**

**Movies** (Choose one of the 7 movies for your Assignment II, including Part I and Part II, and Part III. These movies offer a variety of diversity and difference for you to choose from in order to complete all parts of assignment II. Please choose a character from one of the movies that you find interesting. Please understand that these movies were chosen because they fit with the assignment and fit with clients that you may see in practice. These movies may contain abuse, adult activity, harsh language, intense graphic violence, drug abuse, child abuse, and nudity.

1. **Boys Don't Cry** – The story of the life of Brandon Teena, a transgendered teen who preferred life in a male identity until it was discovered he was born biologically female.
2. **Real Women Have Curves** - This is the story of Ana, a first generation Mexican- American teenager on the verge of becoming a woman. She lives in the predominately Latino community of East Los Angeles. Freshly graduated from high school, Ana receives a full scholarship to Columbia University. Her very traditional, old-world parents feel that now is the time for Ana to help provide for the family, not the time for college. Torn between her mainstream ambitions and her cultural heritage she agrees to work with her mother at her sister's downtown LA sewing factory.
3. **Precious**- Pregnant by her own father for the second time, 16-year-old Claireece "Precious" Jones (Gabourey Sidibe) can neither read nor write and suffers constant abuse at the hands of her vicious mother (Mo'Nique). Precious instinctively sees a chance to turn her life around when she is offered the

*The syllabus/schedule is subject to change.*

opportunity to transfer to an alternative school. Under the patient, firm guidance of her new teacher, Ms. Rain (Paula Patton), Precious begins the journey from oppression to self-determination.

4. **Glass Castle:** Based on a memoir, four siblings must learn to take care of themselves as their responsibility-averse, free spirit parents both inspire and inhibit them. When sober, the children's brilliant and charismatic father captured their imagination, taught them physics, geology, and how to embrace life fearlessly. However, when he drank, he was dishonest and destructive. Meanwhile, their mother abhorred the idea of domesticity and did not want to take on the work of raising a family.
5. **Fences:** Troy Maxson (Denzel Washington) makes his living as a sanitation worker in 1950s Pittsburgh. Maxson once dreamed of becoming a professional baseball player, but was deemed too old when the major leagues began admitting black athletes. Bitter over his missed opportunity, Troy creates further tension in his family when he squashes his son's (Jovan Adepo) chance to meet a college football recruiter.
6. **The Soloist:** Los Angeles columnist Steve Lopez (Robert Downey Jr.) has reached an impasse in his life. His marriage is on the rocks, and he is disillusioned with his job. Then, while wandering through L.A.'s Skid Row, he spots a homeless man (Jamie Foxx) playing a two-stringed violin with a virtuoso's skill. Lopez initially thinks of the man, named Nathaniel Ayers, as just a story idea. But as he begins to unravel the mystery of Ayers' strange fate, Lopez realizes that a change is happening within himself.
7. **Infinitely Polar Bear:** In Boston, a bipolar individual (Mark Ruffalo) takes over sole responsibility for his two spirited daughters while his wife (Zoe Saldana) attends graduate school in New York.

### 3. PART II: EVIDENCE BASED INTERVENTION (50 POINTS) (APPENDIX B)

Student will have to support each of the interventions in the treatment plan with empirical evidence. This means that the student will need to access **at least one peer reviewed article for the intervention they choose for the client and family** and write a one-page summation for the intervention of the appropriateness of the intervention in addressing the issue/problem. Students will use APA citations and formatting.

### 4. PART III: TREATMENT PLAN (50 POINTS) (APPENDIX C)

Students are expected to write a treatment plan for their client and family in **PART I** and **PART II**. The student will take the presenting problem(s), combined with the biopsychosocial spiritual assessment and creates a treatment plan for the client. The components must include brief restatement of the problem(s), treatment goals, including specific objectives to reach these goals. **Must have at least ONE empirically based intervention** (Part II). You will be provided with guidance as to formatting for the Treatment plan.

*The syllabus/schedule is subject to change.*

**GRADING:** Students grades will be based on their clinical analysis of the client, the family, the interventions, the integration of readings chosen from the text to critically assess issues; and degree to which they can demonstrate the skills they have learned in class. A Rubric for grading will be provided.

### **5. INTERVIEW (50 POINTS) (APPENDIX D)**

Each student will conduct a role-play interview, that is videotaped. The attending, engaging, and listening skills learned and practiced in class must be clearly identifiable (Chapter 6 of your text). These skills will be clarified and summarized for you throughout the semester. You will be given a list to choose from and will turn this into your instructor with you videotaped interview. You may submit your interview in a format that is compatible with the TAMUC computer system. You will submit both the interview and the identified skills sheet in D2L by the due date.

### **6. EXAMS (4 @ 50 points each) (APPENDIX E)**

There will be Four Examinations that consist of multiple choice and true/false. These exams cannot be made up. Please make sure you complete these by the due date. In order to encourage learning versus memorization, **students will have extended time to complete the exams.** You may use your text, notes, and power points to assist you when taking the exams. The desire is that by going back over these elements students will retain important information for practice. The time will be set at 360 minutes for 50-question exam.

### **Due Date Policy**

All Assignments are due in D2L by the due date. I will not be able to accept late work.

As social work students, you will have many deadlines in practice that you will be expected to meet. Many times, not meeting deadlines can have an adverse effect on your clients' lives. It can also result in termination of employment. The School of Social Work feels it is good to help you get into the habit of meeting those expectations now vs. later. Our goal for each of you is to be successful in this course and the practice setting.

**There will be NO MAKE-UP exams offered. You will need to take the exam by the due date in D2L.**

Thank you for understanding and your willingness to take the first step toward your own success.

## **COURSE AND UNIVERSITY PROCEDURES/POLICIES**

### **Course Specific Procedures/Policies**

#### **Syllabus Change Policy**

The syllabus is a guide. Circumstances and events, such as student progress, may require the Instructor to modify it during the semester. Any changes made to the syllabus will be announced in advance.

### **University Specific Procedures**

#### **Ethical Behavior**

The School of Social Work expects all students to conduct themselves in an ethical, professional manner in the classroom and field settings consistent with the [NASW Code of Ethics](#).

#### **University Code of Conduct**

Texas A&M University-Commerce has established standards of conduct to create and foster an environment that facilitates student learning and development. Students and university student groups are expected to conduct themselves in a manner that demonstrates respect for the rights and property of others and is consistent with the educational goals and mission of the university. This Code of Student Conduct ("Code") focuses on personal responsibility and accountability for students' actions and the impact those actions may have on the greater community. To access student academic and behavioral expectations for students refer to the [Student Guidebook](#).

Students should also consult the Rules of Netiquette for more information regarding how to interact with students in an online forum:

## **University Rules on Research**

Students involved in conducting research and/or scholarly activities at Texas A&M University-Commerce must also adhere to standards set forth in [University Procedure 15.99.03.R1 Ethics in Research, Scholarship, and Creative Work](#).

## **AI Use Policy**

Texas A&M University-Commerce acknowledges that there are legitimate uses of Artificial Intelligence, ChatBots, or other software that can generate text or suggest replacements for text beyond individual words, as determined by the course instructor.

Any use of such software must be documented. Undocumented use constitutes academic dishonesty (plagiarism).

Individual instructors may disallow the use of such software entirely for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided, the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources. [Draft 2, May 25, 2023]

## **School of Social Work & Council on Social Work Education-Specific Policies**

### **Course Engagement**

*Final Evaluation and Grade Depend on both Classroom Attendance and Participation.*

Inadequate participation or lack of required time commitment in each class significantly affects students' grades. No matter the course venue, students must engage in a comparable amount of time. Expectations of both Face-to-Face classes and those with Online components include time spent reading and studying course material. To earn a level of competency within a specific course, students must demonstrate mastery of BOTH content and active engagement.

Mastery of content areas is evidenced by the successful completion of course assignments such as written papers, group project deliverables, tests/quizzes, and other tangible products designed by instructors to evaluate knowledge and skills.

Additionally, the Social Work Profession is built upon human interactions and building human relationships – which is defined as engagement. Engagement in each course is the meaningful involvement in interactions with the Instructor, peers, and outside stakeholders as appropriate (such as contacting a social worker to interview for a required assignment or interviewing for an internship). Within the classroom setting, whether virtual or Face-to-Face (F2F), students must actively participate in 80% of engagement activities as outlined by individual instructors. These activities may include, but are not limited to, participation in live, synchronous virtual classes, attending a F2F course when appropriate, interacting with peers in posted discussions, and collaborating in group interactive projects.

Students must meet standards for content mastery on tangible assignments and meet the threshold of active engagement of the time set during a semester by the Instructor.

Instructors are experts in each course content area and set the standards for students to meet to successfully complete each course.

### **Class Attendance and Participation**

#### **Face-to-Face Classes**

Students are expected to attend classes scheduled to meet Face-to-Face, reflecting the responsibility inherent in developing as a social work professional. Roll call will be taken regularly. Students are expected to be on time and prepared to participate when class begins, as well as, be present throughout the entire class meeting. Classroom exercises, discussions, role plays, guest speakers, and other in-class experiential exercises are essential for a student's professional learning and continued development of self-awareness.

*The syllabus/schedule is subject to change.*

For classes that meet once a week, students can be absent up to 2 times through the semester with no penalty. If **3 absences** occur, the overall grade will be **dropped 1 letter grade**. If **4 absences occur** (25% of the scheduled classes), the student will be **dropped 2 letter grades** or may result in failing the class.

### **Online, Web-Enhanced or Blended Classes**

Just as students are required to attend face-to-face classes, students are required to log in and participate in online components. To receive credit for attendance online via D2L, students must log in and complete assignments in a timely manner. Not logging in to D2L to review the instructional material and completing assignments online during the appropriate time is the equivalent of an absence for each week this occurs.

Final evaluation and grades depend on both presence and participation. Students' grades will be significantly impacted by inadequate participation or lack of required time commitment each week established by each Instructor. Students are expected to spend a comparable amount of time in the online learning environment as they would in class (3 hours a week in the classroom). In addition, as in traditional F2F classrooms, students are expected to invest time in reading and studying class materials.

## **Student Conduct**

Students preparing to become professional social workers must adhere to the *University Code of Conduct*, *Department Code of Conduct* and the *National Association of Social Workers (NASW) Code of Ethics*.

### **Department Code of Conduct**

The Academic and Professional Issues Committee (API) hearing is the formal path of due process for a student in regard to the concern being expressed. A student will be referred to the School of Social Work's API by faculty, field instructors, or faculty field liaisons when a concern arises regarding academic and student conduct and/or professional preparation. When "a student who fails to meet the professional expectation of the field for which he/she is preparing may be suspended from further study in that program by the department administering that program" as demonstrated through ethical and/or legal violations; aberrant disregard for School of Social Work Code of Conduct or other concerns as determined by the [Academic and Professional Issues Committee](#).

Graduate Students have the right to appeal to the Graduate Dean according to [University Procedure 13.99.99.R0.39](#).

Undergraduate Students have the right to appeal to the Dean of the College of Education and Human Services according to [University Procedure 13.99.99.R0.41](#).

## APPENDIX C Grading Rubric Part III: Treatment Plan (50 points)

Treatment Plan for:	
<p>Assessment of the Problem: (Concern for need) – The client must be the center of this process</p> <p>This is a statement that is a combination of what the client offers as the problem along with the practitioner’s findings when doing an assessment.</p> <p><b>Example:</b> <i>Client; John Doe, was referred to ABC agency to work on ways to improve coping skills. The client states that he over-consumes alcohol as a means of coping with his life. The client also stated that he has a strained relationship with his immediate family members. Client offers little support systems in place, identifying no outside friendships, groups or clubs that he is a part of. Client has referenced a history of sexual and verbal abuse as a child that has never been addressed. Client fears that he is repeating the pattern of how he was raised with his son. Client stated that he isn’t sure what a relationship with his wife and son should look like.</i></p>	
<p><b>Overall or Long Term Goal:</b> This is your overall “big” goal for treatment. This is the <b>Long term goal</b> that may have sub goals or short term goals or it may not.</p> <ul style="list-style-type: none"> <li>• If you have NO short term goals, then your “objective(s)” below will be your way of meeting the long term goal (What you find in your article, intervention will go in the Long term goals objectives)</li> <li>• If you do have short term goals, then you skip the objectives below and place objectives under Short term/Sub goal.</li> </ul>
