Instructor: Dr. HoYeol Yu   **E-mail:** Hoyeol.Yu@tamuc.edu
Office: NHS 142   **Office Hours:** Online or by appointment

Optional Text:
Zhang, J. J., Pitts, B. G., Johnson, L. M. (2021). *International sport business management: issues and new ideas.* Routledge.

Additional readings will be assigned/provided by the instructor through D2L. Be sure to check your email and D2L for announcements and assignment details.

Course Description:
The purpose of this class is to introduce some of the contemporary issues facing sport managers around the world and will begin to examine mechanisms that could be utilized in order to address the potential impacts of such issues. This class covers underlying concepts regarding globalization and the influence of organizations such as the International Olympic Committee and FIFA on sport for development policies and regulations. In addition, topics to be discussed may include: racism, sexism and LGBTQ issues; corruption in international sport; sport for development, reconciliation, and peace; the implications and impact of the commercialization of sport; and the power and influence of the media.

Class Format and Expectations:
Throughout the delivery of the course a variety of methods to stimulate students' intellectual curiosity and critical thinking skills will be used, including readings, instructor led PowerPoints, discussion forums, assignments, and individual and small team projects and papers. Even though this course is online, students are still expected to be active participants in the learning process. Assignments will be largely devoted to discussing the assigned readings and completing activities associated with the current topic. Participation is **MANDATORY**!

I expect that you will take ownership of your learning, complete all of the course readings and reflect on the application of these readings to your current or future jobs. I expect that you will master the material, as well as how it is (or could be) applied to the sport industry. I also expect you to ask questions in a timely fashion and to submit your assignments on time. Late assignments will receive a **ZERO** unless permission is granted beforehand. I also expect you to be familiar with the course syllabus and schedule, which includes my contact information and

office hours, required readings, learning outcomes, course requirements and evaluation, and course policies.

Course Objectives:
This course provides a focused exploration of topics that will promote students' knowledge and understanding of the following objectives. Upon successful completion of this course, students should be able to…
- Discuss various social, economic, political and legal issues within the global marketplace and in the context of sport.
- Understand the challenges faced by global sport managers and begin to consider mechanisms to overcome such challenges.
- Recognize the differences in dealing with the issues discussed in class.
- Demonstrate knowledge of the interconnectedness of global dynamics and apply that knowledge as an engaged citizen within an interconnected and diverse world.

Course Requirements and Expectations:
- Regular participation is expected. Participation is part of the academic requirement of a course and reflects a commitment to your academic career. **If you are unable to complete course assignments for any reason, you are expected to get in touch with me and determine a timeline. General absence is not an excuse for missing work.**
- Class participation is demonstrated by being prepared to discuss the assigned readings (and other course materials) in a thoughtful and detailed manner, whether through discussion forums, assignments, projects, or papers. Peer interactions enhance the development of listening, analytical and critical thinking skills. Class discussion via online participation expands one's knowledge and often compels one to embrace another's perspective. Students are expected to ask questions and participate in class discussions online.
- Thoughtful completion of all assignments, examinations, and projects. **All work must be the original work of the student, developed specifically for this class.** Students should plan to complete their assignments on time. **Late assignments will receive a ZERO unless previous permission is granted.**

Additional Class Information:
- After assignments are returned, if you wish, you have three working days to arrange an appointment/Zoom meeting/phone call to discuss the evaluation.

Assessment:
Foremost in the determination of the final grade is the **preparation**, **quality**, and **comprehensiveness** of your work, as well as your participation in class discussion. Points and grades will be **earned**, not **given**. Grades will be calculated on a point basis. This is directly related to percentages, which are determined by computing points earned out of total points possible (refer to assignment weighting below). A: 90.0%+; B: 89.99-80.0%; C: 79.99-70.00%; D: 69.99-60.00%; F: 60.00>. From a point basis: A: 540+; B: 480+; C: 420+; D:360+; F: 360>.

Assignments and Weighting:

Discussion Posts	100
International Sport Issue Presentation	100

Current Issues Report	100
Media Report	100
Exam – 2 @ 100 per Exam	200
Total	**600**

Discussion Posts: This is a chance for you to interact with your fellow students. I ask that you provide a thoughtful response to the provided prompt. I also ask that you respond to **at least two of your classmates' posts with thoughtful comments**. What I would like to see from discussion posts are thoughtfulness and effort. If you put the work in, you will be rewarded.

International Sport Issue Presentation: Students will select a major issue in international sport and will work on 10–15-minute presentation about that issue that will be recorded and uploaded in to D2L (for example, on YouTube). The presentation should cover: (a) Academic underpinning of the issue, (b) Practical implications, (c) Case examples throughout, (d) Strategies to address the issue, (e) Questions for discussion with the rest of the class. A rubric for this assignment will be made available in class and on D2L.

Current Issues Report: As well as the presentation, students will write a current issue analysis report that discusses the chosen major issue in detail. It should incorporate the items from the presentation criteria as well as any other material available online, textbook, additional readings, and feedback/recommendations made after the presentation. The report should be at least 10 pages of content. A rubric for this assignment will be made available on D2L.

Media Report: Using the current issue covered in the presentation and other assignment, students will write a report that discusses how the media covers cases of examples of the chosen issue and should consider: (a) The types of media outlets covering the cases, (b) Global nature of coverage (or not), (c) Types of language used. The report should be at least 7 pages of content. A rubric for this assignment will be made available on D2L.

Exams: Students will take two exams throughout the semester that include multiple choice, true/false questions, and short answer to test your understanding of the required readings (will be scored out of 100 pts each).

TECHNOLOGY REQUIREMENTS
Browser support

D2L is committed to performing key application testing when new browser versions are released. New and updated functionality is also tested against the latest version of supported browsers. However, due to the frequency of some browser releases, D2L cannot guarantee that each browser version will perform as expected. If you encounter any issues with any of the browser versions listed in the tables below, contact D2L Support, who will determine the best course of action for resolution. Reported issues are prioritized by supported browsers and then maintenance browsers.

Supported browsers are the latest or most recent browser versions that are tested against new versions of D2L products. Customers can report problems and receive support for issues. For an optimal experience, D2L recommends using supported browsers with D2L products.

Maintenance browsers are older browser versions that are not tested extensively against new versions of D2L products. Customers can still report problems and receive support for critical issues; however, D2L does not guarantee all issues will be addressed. A maintenance browser becomes officially unsupported after one year.

Note the following:
- Ensure that your browser has JavaScript and Cookies enabled.
- For desktop systems, you must have Adobe Flash Player 10.1 or greater.
- The Brightspace Support features are now optimized for production environments when using the Google Chrome browser, Apple Safari browser, Microsoft Edge browser, Microsoft Internet Explorer browser, and Mozilla Firefox browsers.

You will need regular access to a computer with a broadband Internet connection. The minimum computer requirements are:
- 512 MB of RAM, 1 GB or more preferred
- Broadband connection required courses are heavily video intensive
- Video display capable of high-color 16-bit display 1024 x 768 or higher resolution

You must have a:
- Sound card, which is usually integrated into your desktop or laptop computer
- Speakers or headphones.
- For courses utilizing video-conferencing tools and/or an online proctoring solution, a webcam and microphone are required.
- Both versions of Java (32 bit and 64 bit) must be installed and up to date on your machine. At a minimum Java 7, update 51, is required to support the learning management system. The most current version of Java can be downloaded at: JAVA web site http://www.java.com/en/download/manual.jsp
- Current anti-virus software must be installed and kept up to date.
  Running the browser check will ensure your internet browser is supported.
  Pop-ups are allowed. JavaScript is enabled. Cookies are enabled.
- You will need some additional free software (plug-ins) for enhanced web browsing.

Ensure that you download the free versions of the following software:
- Adobe Reader https://get.adobe.com/reader/
- Adobe Flash Player (version 17 or later) https://get.adobe.com/flashplayer/
- Adobe Shockwave Player https://get.adobe.com/shockwave/
- Apple Quick Time http://www.apple.com/quicktime/download/

Microsoft Word is the standard word processing software, Microsoft Excel is the standard spreadsheet software, and Microsoft PowerPoint is the standard presentation software. Copying and pasting, along with attaching/uploading documents for assignment submission, will also be required. If you do not have Microsoft Office, you can check with the bookstore to see if they have any student copies.

ACCESS AND NAVIGATION

You will need your campus-wide ID (CWID) and password to log into the course. If you do not know your CWID or have forgotten your password, contact the Center for IT Excellence (CITE) at 903.468.6000 or helpdesk@tamuc.edu.

Note: Personal computer and internet connection problems do not excuse the requirement to complete all course work in a timely and satisfactory manner. Each student needs to have a backup method to deal with these inevitable problems. These methods might include the availability of a backup PC at home or work, the temporary use of a computer at a friend's home, the local library, office service companies, Starbucks, a TAMUC campus open computer lab, etc.

Interaction with Instructor Statement

It is my goal to respond to any questions you have within a 24-hour period Monday through Friday (weekends are an exception). If the matter is urgent, please include the word "urgent" in the email subject line.

COURSE AND UNIVERSITY PROCEDURES/POLICIES

Course Specific Procedures
1) Because this is an online course, you may never meet me or your other classmates face-to-face. That means that written communication must be clear in all circumstances.
2) While completing assignments, chatting, etc within the eCollege environment (within this class), be professional. Write clearly with correct spelling, punctuation, and grammar. Actively prepare by reading the assigned materials. Share your thoughts (ask and answer questions). Have course materials with you when you are online (you can use materials during quizzes, etc).
3) Due dates: The "due dates" listed for sections are the LAST chance to submit them. Please submit your work early. I DO NOT accept late assignments. A zero grade will be given for any work not turned in on time.
4) If you have a question or concern, e-mail me. Please include in the subject of the e-mail ("HHPS 520") and the subject of the message. I will respond within 24hrs during the week.
5) Use the following e-mail address for me: Logan.Schuetz@tamuc.edu
6) You **MUST** check your e-mail regularly in case I need to communicate with you.

Syllabus Change Policy
The syllabus is a guide. Circumstances and events, such as student progress, may make it necessary for the instructor to modify the syllabus during the semester. Any changes made to the syllabus will be announced in advance.
